THE NUMBER OF RASAS

BY

V. RAGHAVAN, M.A., PH.D.

Department of Sanskrit, University of Madras

WITH A FOREWORD BY

PROF. M. HIRIYANNA, M.A.

Formerly Professor of Sanskrit, Maharajah's College, Mysore

THE ADYAR LIBRARY, ADYAR

1940

Printed by
C. SUBBARAYUDU,
AT THE VASANTA PRESS,
ADYAR, MADRAS.

FOREWORD

I GLADLY respond to the desire of Dr. Raghavan that I should contribute a Foreword to this book. He has been carrying on researches in the field of Sanskrit literary criticism for several years past, and the material which he has brought together here shows how extensive is his acquaintance with the literature on the subject. He draws his data, it will be seen, from unpublished manuscripts as readily as he does from published works. The opinion formed on any aspect of the subject by one, who has devoted so much time to its study and whose knowledge of it is so wide, is of special value and deserves the careful attention of all scholars.

The particular problem considered here is that of the number of *rasas*, and its consideration necessarily involves the discussion of many important points relating to their nature and scope. As in the case of other problems investigated by the ancient Indians, we find here also an astounding variety of solutions. While some thinkers have held that there is but one *rasa*, others have maintained that the *rasas* are many, there being a wide divergence of opinion respecting their exact number. The usual view, however, is that there are eight *rasas* or nine, with the addition of what is termed *sānta* :

शृङ्गारहास्यकरुणा रौद्रवीरभयानकाः ।

बीभत्साद्भुतशान्ताश्च रसाः पूर्वैरुदाहृताः ॥

Although Dr. Raghavan considers all these views more or less in detail, the main part of his discussion is concerned with the admissibility of *sānta* as the ninth *rasa*. His treatment of the question is quite comprehensive, and he examines it both from the historical and the aesthetic sides. A brief reference to each of them may not be out of place.

Owing to the uncertainty of our knowledge of the early phases of Indian classical literature, it is not possible to say when poets began to portray this *rasa*. The ascetic and mystic elements, however, which form its distinctive basis, are very old features of Indian life; and they were highly valued by those who followed the teaching of the Veda as well as by those who did not. So we may assume that the *sānta* attitude found expression in literature quite early; and this is corroborated by the works of Asvaghōṣa even if, on account of its chronological indefiniteness, we leave out of consideration the Mahābhārata, the usual example given of the *sānta rasa*. As regards writers on Poetics, the earliest to recognise it definitely, so far as our knowledge at present goes, was Udbhaṭa. Possibly its recognition by them was even earlier. Bharata's view in the matter is somewhat doubtful, by reason of the unsatisfactory character of the text of the *Nāṭyaśāstra* as it has come down to us. Some manuscripts of it mention only eight *rasas*, but others nine. The weight of evidence bearing on the point seems, on the whole, to be on the former side; and Dr. Raghavan adduces several convincing arguments to show that the references to this *rasa* in Bharata are all spurious. But it should be added that the *Nāṭyaśāstra* contains nearly all the essential points necessary for a theoretical formulation of it.

Before we pass on to the aesthetic aspect of the question, it is desirable to distinguish the emotive content or theme of

a literary work from the aesthetic sentiment which, according to the prevalent Indian view, its idealised representation evokes in the reader or the spectator. Thus in the case of the *S'ākuntalam*, Duṣyanta's love for S'akuntalā forms the chief theme while the emotion, which it awakens in us as we witness the drama enacted, is *śṛṅgāra*. When we ask whether *sānta* can be a *rasa*, we mean whether situations in life involving the quietistic sentiment lend themselves to be similarly dealt with in literature. If they do, then *sānta* is a *rasa*; otherwise, it is not. The practice of great poets like Kālidāsa, which is after all the true touchstone in such matters, shows that *sānta* situations can certainly be thus delineated in literary works. In the last act of his play, just alluded to, Kālidāsa describes the tranquillity and holiness of Mārīca's hermitage in a manner which affects us most profoundly. But, however splendidly depicted, the *sānta rasa* occupies only a subordinate place there; and a doubt may therefore arise whether it can be the leading sentiment in a work, *i.e.* whether it can be portrayed in such a manner that it will impress us at the end as the predominant element in the unity of *rasas* which, according to the Indian view, every work of art is expected to achieve. Some of the works of Asvaghōṣa, to whom I have already referred, show that it can be so represented. The Mahābhārata also, at any rate in its present form, illustrates the same truth, as set forth by Ānandavardhana in his masterly way in the last section of his *Dhvanyāloka*.

Yet there were theorists who denied that the *sānta* could be an art emotion. It is hardly necessary to examine their arguments when we have the practice of great poets and the opinion of great art critics to the contrary. But a reference should be made to one of them which appears, at first sight, to possess some force. This argument is that the attitude of

mind for which *sānta* stands is altogether a rare one, and that its representation in art cannot therefore appeal to more than a very few. The objection, it is obvious, is based on the supposition that the test of true art is in the wideness of its appeal. The advocates of *sānta* brush this argument aside usually by saying that such questions are not to be decided by a plebiscite; but, by thus admitting the narrowness of its appeal, they seem to give up their position. Their conclusion that *sānta* is a *rasa* is irresistible. Indeed, it would have been a strange irony of circumstance if Indians, of all, had excluded it from the sphere of art. The way in which this particular objection is met, however, is not satisfactory. May it be that the contention that the appeal of *sānta* is only to a very few is wrong? No unwonted occasion in life—whether it be one of joy or one of sorrow—passes without bringing home to man the supreme desirability of spiritual peace. It means that the need for such peace is fundamental to the human heart; and this conclusion is confirmed by the pure satisfaction which the contemplation, for example, of the images of Buddha in meditative repose brings to so many. If so, the *sānta* mood is by no means uncommon; and the *sānta rasa* need not be an exception to the rule that the appeal of art is general. What is uncommon is the capacity in man to capture that mood and cultivate it, so that it may come to prevail over all other moods; but this deficiency does not matter so far as art is concerned for it has the power, of itself, to enable him to attain, albeit only for a while, the peace of spirit which, as an old Indian critic has observed, even a *yogin* has to strain himself long to win.

Dr. Raghavan makes a valuable contribution to the study not merely of Sanskrit literary criticism but of Indian Aesthetics as a whole, for the conception of *rasa*, though it is

here dealt with chiefly in its relation to poetry, is general and furnishes the criterion by which the worth of all forms of fine art may be judged. I have no doubt that the book will be read and appreciated very widely.

M. H.

PREFACE

RASA, Aucitya and Dhvani form the three great contributions of Sanskrit Alamkāra Śāstra to the subject of Literary Criticism. Rasa is the very 'soul' (Ātman) of poetry and drama. Of this concept of Rasa, one aspect namely the number of the Rasas—whether they are only the eight mentioned by Bharata or are more—is studied in the following pages. The study now and then does necessarily touch more fundamental aspects of the concept of Rasa also.

This study was originally published in the form of articles in the Journal of Oriental Research, Madras. It was suggested to me that I might bring them out in book-form. That they have appeared now in book-form is due to the kindness of Dr. Srinivasa Murti, Director, Adyar Library, to whom my thanks are due for the inclusion of this publication in the Adyar Library Series. I must thank also Dr. C. Kunhan Raja, D. Phil., Reader in Sanskrit, University of Madras and Curator, Adyar Library.

Thanks are also due to the authorities of the Journal of Oriental Research, Madras, and to the authorities of the University of Madras for permitting this publication.

V. RAGHAVAN

SYNOPSIS

I

THE ADVENT OF S'ĀNTA

BHARATA mentioned only eight Rasas and Kālidāsa knew only eight Rasas. Daṇḍin describes and illustrates only eight Rasas. (p. 1) Bharata says that S'ṛṅgāra etc. are the eight Rasas mentioned by Brahman. What is the significance of the mention of Brahman here? (p. 2) The names Brahmā, Sadāsiva, Bharata and Taṇḍu in the history of Nāṭya literature. (pp. 2-5) The question whether Taṇḍu and Nandikesvara are identical. (pp. 5-8) Rājasekhara's reference to Nandikesvara as the first exponent of Rasas and its explanation. (pp. 8-9) Vāsuki the first to speak of the S'ānta rasa according to S'āradātanayā. (pp. 11-12) Kohala and S'ānta. (p. 12) The questions which arise regarding the S'ānta rasa. (pp. 13-14)

II

THE CONTROVERSY OVER S'ĀNTA

Bharata did not mention the S'ānta rasa; the S'ānta texts in Bharata are interpolations. (pp. 15-16) But ideas related to S'ānta are present in Bharata's accepted text; passages recognising the quietistic element, in Bharata. (pp. 16-20) The real nature of Bharata's drama is secular as Abhinavā

also explains in his commentary. The incoming of S'ānta stage by stage. The view of the Candrikā on the Dhvanyāloka that S'ānta can only be the secondary motive. (pp. 20-21)

Probably the Buddhists and the Jains were responsible for making S'ānta the ninth Rasa. The Saundarananda kāvya, the S'ārīputra prakaraṇa and the fragment of an allegorical drama of Asvaghōṣa. The Jain Anuyogadvāra sūtra of the fifth cent. A. D. mentions the S'ānta rasa. The probable theorist who might have introduced the S'ānta rasa : Rāhula ? S'rīharṣa the Vārttikakāra ? It is likely that it was the play Nāgānanda which was responsible for starting the discussion on S'ānta. (pp. 21-24)

The objections to S'ānta becoming a Rasa and the replies to those objections. (pp. 24-30) Literature depicting S'ānta, Kāvya and Nāṭakas. (pp. 30-42)

The writers who accept S'ānta and those who reject it (pp. 42-47) ; the view that it is admissible in Kāvya but not in drama (pp. 47-8) ; the view that S'ānta is a Rasa but can be included in one of the eight old Rasas (the Antarbhāva vāda). (pp. 48-9)

The Ālambana vibhāva, the Uddīpana vibhāva, Daivata, Varṇa, Vṛtti and Guṇa of S'ānta. Haripāla's Brāhmī vṛtti for his Brāhma rasa, the counterpart of the S'ānta rasa. (pp. 49-52)

III

SOME PECULIAR AND ORIGINAL VIEWS ON S'ĀNTA

The peculiar and original view on S'ānta in the (i) Rasa Kalikā of Rudra bhaṭṭa, (2) Saṃgīta sudhākara of Haripāla-deva, (3) Prapañca hṛdaya and (4) Anuyogadvāra Sūtra (Jain). (pp. 53-58)

THE STHĀYIN OF S'ĀNTA

Discussion of the several Sthāyi bhāvas proposed for the S'ānta rasa ; S'ama, Samyagjñāna, Tṛṣṇākṣayasukha, Sarva-cittavṛttiprasama, nirviśeṣa cittavṛtti, Dhṛti, Nirveda, Utsāha, Jugupsā, Rati, Any one of the remaining Sthāyins, All the eight Sthāyins together, and Ātman or Ātmajñāna or Tattvajñāna.

S'ānta the basis of all Rasas. (pp. 59-90)

The Text of the Abhinavabhāratī on the S'ānta rasa (corrected) (pp. 91-106).

OTHER RASAS

Preyas, Vātsalya and Bhakti ; their Sthāyins ; controversy over these Rasas. (pp. 107-112)

Sneha, S'raddhā, Laulya, Mṛgayā, Akṣa and other Rasas. (pp. 112-114) Lollaṭa's view that Rasas are innumerable, as cited in the Abhinavabhāratī. Rasatva for all Vyabhicārins and even Sāttvikas,—the view of Rudraṭa and Namisādhū. Pratīhārendurāja's acceptance of this view. The restriction of Rasatva to eight or nine is 'conventional' almost. The mention of the possibility of additional Rasas,—Laulya, Sneha, Vyasana, Duḥkha and Sukha, in the Nāṭyadarpaṇa. Vyābhicāritva and Sthāyitva names of stages, rather than of a fixed set of Bhāvas. (pp. 115-120)

Bhoja's view of Rasa in S. K. Ā. and S'ṛ. Pra. His Udātta and Uddhata Rasas; his acceptance of S'ānta and Preyas. These four Rasas are accepted for the four types of hero, Udātta, Uddhata, Lalita and S'ānta. His acceptance of Rudraṭa's position; not only Vyabhicārins and Sāttvikas, but many other states like Svālantrya and Pāravasya are considered as Rasas by Bhoja. The largest number of Rasas to be seen in Bhoja. The accommodation of this view in his main theory of one Ahaṅkāra Rasa. Bhoja's critique of the old view that only a few, Rati etc., are Sthāyins. (pp. 120-125) A state of chaos in the world of Rasa, recorded by Abhinava in his Locana. (pp. 125-126)

Criticism of the above view; clear statement of the theory of Sthāyibhāva and Rasa, according to Bharata and Abhinava. (pp. 126-128) Jagannātha Paṇḍita proposing to stick to Bharata to avoid a complete overhauling of the system. (pp. 128-9)

Bhakti and Madhura Rasa; the Vaiṣṇava Ālaṅkārikas of Bengal (pp. 129-132); Madhusūdana Sarasvatī on Bhakti Rasa. (pp. 132-137)

The Māyā Rasa,—Bhānudatta and Cirañjīvibhaṭṭācārya (pp. 138-140); the Kārpaṇya Rasa. (p. 140)

The Vrīdanaka Rasa in the Anuyogadvāra Sūtra and its commentary by Maladhāri Hemacandra. (pp. 140-143)

VII

THE VARIETIES OF THE SAME RASA

1. King Haripāla's three different Rasas, Sṛṅgāra Sambhoga and Vipralambha; the question of Rasābhāsa and the question whether all Rasas are pleasurable; Vidyādhara

versus S'ringabhūpāla on Rasābhāsa ; the Rasakalikā holding some Rasas to be painful. (pp. 144-150)

2. The varieties of Hāsyā, Karuṇā, Bhayānaka, Bibhatsa, and Adbhuta. (pp. 150-1)

3. The varieties of Vīra,—Dāna-, Dharma-, and Yuddha-Vīras ; Dayā Vīra ; Jagannātha on the possibility of numerous other Vīras. The Anuyogadvāra on Vīra and its varieties, (pp. 151-153)

4. Mātīgupta on the three forms of all Rasas, Vācika, Nēpathyaja and Svābhāvika. (p. 153)

5. Dharma S'ringāra, Artha S'ringāra and Kāma S'ringāra in Bharata ; Mokṣa S'ringāra also in Bhoja. (pp. 153-4)

VIII

ARE ALL RASAS PLEASURABLE ?

Are all Rasas pleasurable or are there some which are painful ? The Nāṭyadarpaṇa and the Rasakalikā hold that some are painful. (pp. 155-6) Madhusūdana Sarasvatī's consideration of the question of bliss in Rasa from the viewpoints of the Sāṃkhya and the Vedānta. All Rasas are pleasurable. (pp. 156-7)

IX

NEW VYABHICĀRINS AND SĀTTVIKAS

Examination of the three categories of Bhāvas distinguished as Sthāyin, Vyabhicārin and Sāttvika. Reduction of the Vyabhicārins and additions to the same. (pp. 158-9) The distinction into Vyabhicārins and Sāttvikas. The addition to

the set 'Bhāva, Hāva etc.' by Rāhula, Padmasrī, Bhoja and Visvanātha. Bhānudatta's inclusion of the ten Madana-avasthās in Vyabhicārin. (p. 159) Bhānudatta's new Vyabhicārin, Chala. (p. 160) The meaning of the name Sāttvika. Bhānudatta's additional Sāttvika, Jṃbhā. Bhānudatta's distinction Bhāva X Ceṣṭā. (pp. 160-2)

X

RASA-SYNTHESIS

Attempts at postulating one Rasa as the Prakṛti and the rest as Vikṛtis. (p. 163) The Karuṇa-synthesis and Bhavabhūti. (pp. 163-5) The S'ānta-synthesis of Abhinavagupta. (pp. 165-7) The Ahāṅkāra-S'ṛṅgāra-synthesis of Bhoja. (pp. 167-9) The Preman-synthesis of Bhoja. (pp. 169-170) The Rati-S'ṛṅgāra-synthesis in the Agni purāṇa. (pp. 170-1) The Adbhuta-synthesis of Nārāyaṇa. (pp. 171-5) Criticism of attempts at such synthesis. (p. 175)

Rasa as such is only one. (pp. 176-9)

ADDENDUM

P. 50, lines 6-7 and 26-7, Alāṃkāra sarvasva of Harso-
pādhyāya (?), MS. in the Madras Govt. MSS. Library,
R. No. 3325 :—R. No. 5225 is another MS. of the same work in the
same library in which Aubhalārya Kṛṣṇa of Devarakoṇḍa is given
as the author.

THE NUMBER OF RASAS

I

FOR long, the Rasas were only eight in number. The text of the Nāṭya sāstra of Bharata originally spoke only of eight Rasas. For a long time, the poets also were speaking only of eight Rasas. Kālidāsa says in his Vikramorvasīya :

मुनिना भरतेन यः प्रयोगो भवतीष्वष्टरसाश्रयो नियुक्तः ।

ललिताभिनयं तमद्य भर्ता मरुतां द्रष्टुमनाः सलोकपालः ॥ II, 18.

Vararuci's Ubhayābhisārikā has occasion to mention Rasas and their number. The context is a dramatic contest. The Viṭa praises one of the courtezans who is going to enact 'Purandaravijaya' in the temple of Indra at Kusumapura. Rasas are here mentioned as eight in number.

यस्यास्तावत् प्रथमं रूपश्रीनवयौवनद्युतिकान्त्यादीनां गुणानां सम्पत्,
चतुर्विधाभिनयसिद्धिः, द्वात्रिंशद्विधो हस्तप्रचारः, अष्टादशविधं निरीक्षणम्,
षट् स्थानानि, गतिद्वयम् (-त्रयम्), अष्टौ रसाः, त्रयो गीतवादित्रादि-
लया, इत्येवमादीनि नृत्ताङ्गानि त्वदाश्रयेण अलंकृतानि ।

p. 13, Caturbhāṇī, Madras.

On the side of the theorists, the writers on Poetics, Rasas were only eight upto the time of Daṇḍin who briefly describes and illustrates only the eight Rasas. Naturally, we suppose

that Bhāmaha also knew only eight Rasas. These eight Rasas are thus given by Bharata :

शृङ्गार-हास्य-करुण-रौद्र-वीर-भयानकाः ।
 वीभत्साद्भुत संज्ञौ चेत्यष्टौ नाट्ये रसाः स्मृताः ।
 एते ह्यष्टौ रसाः प्रोक्ता द्रुहिणेन महात्मना ॥

N. S'. K. M. Edn., VI, 15-16.

And their Sthāyins are thus given :

रतिर्हासश्च शोकश्च क्रोधोत्साहौ भयं तथा ।
 जुगुप्सा विस्मयश्चेति स्थायिभावाः प्रकीर्तिताः ॥ *Ibid.*, VI, 17.

We are unable to fix the exact significance of the record here made by Bharata that these are the eight Rasas expounded by the great Brahman. The mention of Brahman may after all refer only to the legendary background which the Nāṭya sāstra has created for itself. The very first verse says to the effect that *almost* the first exponent of the Nāṭya sāstra is Brahman :

नाट्यशास्त्रं प्रवक्ष्यामि ब्रह्मणा यदुदाहृतम् । I, 1.

And this Brahman himself learnt from S'iva. This legend is settled in later times and is mentioned by all writers. How far is this based on evidences within the Nāṭya sāstra itself ?

To begin with, sage Bharata says that Brahman himself contemplated and created out of the four Vedas, the fifth Veda called the Nāṭya Veda. I, 16-19. S'iva is mentioned in the first chapter, for the first time, with reference to the Kaisikī Vṛtti. Brahman says that the beautiful, graceful and delicate Kaisikī cannot be properly presented by male actors, that it can be properly done only by actresses and that he has seen it depicted by only one among males, *viz.*, God S'iva. I, 45.

We hear of S'iva again only in Ch. IV. The first drama 'Asuravijaya' or 'Amṛtamathana'¹ was enacted before an audience of Devas and Asuras in Devaloka during the Indradhvaja festival. I, 54-57.

तदन्तेऽनुकृतिर्बद्धा यथा दैत्याः सुरैर्जिताः ।

After this Samavakāra, the first drama to be staged, was finished, Brahman one day took Bharata and his troupe to Kailāsa to give a performance before God S'iva. This Samavakāra, and a Dima called Tripuradāha, one of S'iva's own exploits, were staged there. IV, 5-10. After the drama was finished, S'iva praised Brahman and the actors and told them that the beautiful and varied Karaṇas and Aṅgahāras of the Tāṇḍava dance which He himself did every evening might be introduced into the Pūrvaraṅga of their drama, so that their plain (S'uddha) Pūrvaraṅga might become a Citrapūrvaraṅga. IV, 11-15. He called upon one of his Gaṇas, Taṇḍu, to teach Bharata the Aṅgahāras and Karaṇas of Tāṇḍava. IV, 17-18. Thus S'iva is the God of dance proper, while Brahman himself created Drama and won S'iva's appreciation for his creation of this art. Bharata is the first artiste whom Brahman chose for the exposition of the art that he created. Brahman's creation of the art of Drama referred to all parts of it, the text of the drama, the acting of it, the music that supported the performance and finally the Rasa which the above three evoked in the hearts of the audience. This is the meaning of the verse :

जग्राह पाठ्यमृग्वेदात् सामभ्यो गीतमेव च ।

यजुर्वेदादभिनयान् रसानाथर्वणादपि ॥

¹ It is this Amṛtamathana that Kālidāsa makes into the Lakṣmīsvayamvara in his Vikramorvaśīya.

The story given above points to the historical fact that Dance existed first and that Drama was then created. Tanḍu signifies the link between the two. The gods of the two, Dance and Drama, are S'iva and Brahman. So it is that Bharata, who represents the operatic dance-drama, says at the beginning—

प्रणम्य शिरसा देवौ पितामहमहेश्वरौ ।

and Abhinava adds here, in his commentary—

“एको (ब्रह्मा) विजिगीषुर्नाट्यप्रवर्तयितेति देवः । भगवांस्तु आनन्दनिर्भरतया क्रीडाशीलः सन्ध्यादौ नृत्यतीति नाट्ये तदुपस्कारिणि च नृत्ते तदुपज्ञं प्रवृत्तिरिति तावेवात्र अधिदैवतं गुरु चेति नमस्कार्यौ ।”

p. 2, Gaek. Edn., Vol. I.

Thus S'iva's contribution is Dance which served to beautify Drama—तदुपस्कारिणि च नृत्ते. Brahman's contribution itself was self-sufficient for Drama. He spoke of Text, Action, Music and Rasa. It is to this part of the Drama of Brahman that Bharata refers in Ch. VI, when he says that these are the eight Rasas *spoken of by Brahman*.

एते ह्यष्टौ रसाः प्रोक्ता द्रुहिणेन महात्मना ।

It is on this text that S'ārādātanaya relies when he says that, according to Brahman, Rasas are only eight, and the ninth, the S'ānta, is impossible.

. तस्माच्छान्तस्य नोद्भवः ।

तस्मान्नाट्यरसा अष्टाविति पञ्चभुवो मतम् ॥

Bhā. Pra. II, pp. 46-7.

These bits of legend have to be connected with some facts available to us, *viz.*, that there are really big works on Nāṭya

which are current as works of S'iva or Sadāsiva and Brahman. Says Mr. M. R. Kavi in his Introduction to his edition of the N. S' with the Abhi. Bhā. in the Gaek. Series :—" We have fragments of both Brahmabharata and Sadāsivabharata." Abhinava himself refers to the three authorities, Sadāsiva, Brahman and Bharata.

“एतेन सदाशिवब्रह्मभरतमतत्रयविवेचनेन ब्रह्मतसारताप्रति-
पादनाय etc.” p. 8.

The upshot of the discussion here gives the noteworthy fact that, of the three works Sadāsiva Bharata, Brahma Bharata and Bharata's Nāṭya sāstra, the Brahma Bharata is the best and most important according to some. The *Daśarūpakakārikās*, IV, 38 and 39, proving Rasa to be Sāmājikāsraya, are quoted and attributed to Sadāsiva by S'ārādātanaya. Bhā. Pra. VI, p. 152. This ascription does not seem to be reliable. The argumentative style of the Kārikās argue for a later writer. Whether this particular ascription be true or not, it can be accepted that old works in the name of Sadāsiva and Brahman exist. Though from the internal evidence of the Nāṭya sāstra of Bharata we know of S'iva as having contributed Dance only, there may be a Sadāsiva Bharata dealing with all departments of Nāṭya. It is also likely that this Sadāsiva Bharata is of special importance for its chapters on Dance, on Tāṇḍava, its Karaṇas and Aṅgahāras.

Similarly Tāṇḍu, who, in the Nāṭya sāstra, simply passes the Tāṇḍava from S'iva to Bharata, may have some old Nāṭya work to his credit. There is some difficulty in understanding the name Tāṇḍu. In Ch. I, we hear of a Tāṇḍu who is one of the hundred sons of Bharata. (I, 26.) From Ch. IV, we know him as belonging to S'iva's camp. In Ch. I, 26, the text has a variant (p. 18. Gaek. edn. In.) Tāṇḍya, and in

Ch. IV, 17 and 18, we have the variant Tāṇḍin (p. 19, Gaek. edn. fn.). Abhinava says that the reading 'Taṇḍu' is appropriate, in view of that word's suitability to the derivation of the word Tāṇḍava.

“सर्वत्र पाठे तण्डुशब्द एव युक्तः, ताण्डवशब्दव्युत्पत्तिवशात् ।”

p. 90, Gaek. Edn., Vol. I.

It looks as if 'Taṇḍu' was created out of the word Tāṇḍava. Surely, this Tāṇḍava was being done by S'iva before Taṇḍu who, on S'iva's bidding, taught it to Bharata. Therefore, the name Tāṇḍava could not have been the name given to the dance subsequent to Taṇḍu imparting it to Bharata. In this connection, the text of Abhinava's commentary seems to say that this Taṇḍu is none else than Nandin, the chief attendant of S'iva. We find in Mr. M. R. Kavi's Edn., Vol. I, p. 90 : 'तण्डुमुनिशब्दौ (नन्दिभर) तयोरपरनामनी ।' But in the MS. of the Abhinavabhāratī in the Madras Govt. Oriental MSS. Library, we find the passage running thus :

‘तण्डुमुनिशब्दौ तस्योरेव (?) नामनि (नी) ’ | Vol. I, 68.

and it is rather difficult to reconstruct or understand this text. There does not seem to be unanimity among writers regarding the identity of Taṇḍu and Nandin. The S'abdakalpadrūma says that, according to Halāyudha, Taṇḍu is a door-keeper of S'iva,—S'ivadvārapālaviśeṣa. The Vācaspatya says the same thing and adds that it is a name of Nandikesvara 'शिवद्वारपालविशेषे, नन्दिकेश्वरे' । 'नन्दी भृङ्गिरितिस्तण्डुः' ।¹ In the

¹ The explanation of Tāṇḍava by Taṇḍu is not the only explanation. Bhānuji and Kṣīrasvāmin, in their commentaries on the Amarakośa (Nāṭya varga, S'l. 10) give Tāṇḍava as being so called

S'abdakalpadurma, we find that according to the Trikāṇḍaseṣa, the other names of Nandikesvara are Nandī, S'ālāṅkāyana and Tāṇḍavatālika, and that according to Hemacandra, the other names are Nandī and Taṇḍu. Kesava's Kalpadrukosa (Gaek. edn., p. 392, Sl. 117-8) gives Nandin, S'ālāṅkāyana, Tāṇḍavatālika, Taṇḍu, Kelikila and Kūṣmāṇḍaka as the other names of Nandikesvara. If Taṇḍu were a name of Nandikesvara, he would be both the time-keeper for S'iva's Tāṇḍava (ताण्डवतालिक) and the promulgator of the Tāṇḍava (तण्डुना प्रोक्तं ताण्डवम्). But, according to Sarvānanda and Bharatamallika, the person who is responsible for the S'āstra through which Tāṇḍava got its name, is a *sage* (Muni) named Tāṇḍa or Tāṇḍya. And Taṇḍu whom S'iva asked to teach the Tāṇḍava to Bharata may not be Nandikesvara but may be some other Gaṇa of S'iva. Ratnākara's Haravijaya, which is a store-house of information for the Nāṭya-researcher, mentions Nandīśa and Taṇḍu as two different persons and the commentator, Rājānaka Alaka, adds that Taṇḍu is one of the Pramathagaṇas of S'iva.

after its exponent, Taṇḍu. Bharata (com. on Amara) says that the *sage* Tāṇḍa (not Nandikesvara, a S'ivagaṇa) promulgated the S'āstra which came to be called after him 'Tāṇḍi' (Neuter); and from this Tāṇḍi is Tāṇḍava derived. 'ताण्डेन कृतं ताण्डि, नृत्यशास्त्रम्, तदस्यास्तीति भरतः (अमरटीकायाम्) ।' See the S'abdakalpadruma and Vācaspatya on Tāṇḍava. Sarvānanda's Tikāsarvasva, p. 41, T. S. S. edn., pt. 1. ताण्ड्येन मुनिना प्रोक्तं ताण्डि नृत्यशास्त्रम् । तदस्यास्तीति ताण्डवम् । To these derivations, Subhūticandra adds 'तण्डते (तण्ड्यते) भूमेनेति ताण्डवम् ।' Tāṇḍava is so called because, being a forceful dance (Uddhata), earth is stamped heavily in it. Vidyāvinoda Nārāyaṇa gives all these explanations. Rāyamukūṭa gives Sarvānanda's and Svāmin's explanation and adds: "नडिवातोः ताण्डवमिति तु कौमुदी ।"

नन्दीशनिर्दयकराहतपुष्करेषु मन्द्रं ध्वनत्सु मुरजेषु विभज्य तण्डुः ।
आसारितेषु परिकल्पितसप्तभेदपर्याप्तशोभमथ ताण्डवमभ्यगायत् ॥

N. S. Edn., II, 20.

Com. तण्डुनामा प्रमथः । ताण्डवं नाम गीतकम् आत्मप्रोक्तम्
अभ्यगायत्¹ ॥ p. 21.

From this it would appear that Nandin is the drummer and Taṇḍu the singer of the libretto for S'iva's dance. Abhinava gives an extract from Kohala also on p. 182 (Gaek. edn. Vol. I) having some bearing on Taṇḍu and Tāṇḍava.

The name Nandin is found twice in the Nāṭya sāstra, IV, 260 and 261, in connection with the Piṇḍibandhas. More than one work on Nāṭya has come down to us as the work of Nandikesvara. Rājasekhara ascribes the first treatment of Rasa to Nandikesvara and the first treatment of Drama to Bharata.

“—रूपकनिरूपणीयं भरतः, रसाधिकारिकं नन्दिकेश्वरः— । ”

p. 1, K. M. Gaek. Edn.

The chief ground on which Rājasekhara foists the first treatment of Rasa on Nandikesvara is the record made by Vātsyāyana in his Kāma sūtra, I, 1-8, that Nandikesvara is the first author on Kāma. Love may be taken to be indicative of the other Rasas and further, it is the most important of the

¹ Tāṇḍava thus originally meant the song, to the accompaniment of which S'iva danced; the dance then came to be called Tāṇḍava after its song. Such instances of dances getting their names from the songs, the Tāla of the song, etc., are common. Cf. Carcarī is a Tāla, a musical composition, a dance and also a spring festival in which the Carcarī is danced. (The Ratnāvalī, I.) Cf. Jatisvara, Varṇa, Pada, etc., in the modern South Indian Nautch, which names of musical compositions serve as names of the dance items also.

emotions which form the material for literature. S'āradātanaya relates a Rasa-legend in Ch. 3, of his Bhāvaprakāśa in which Nandīn figures and which legend he ascribes to Vyāsa. 'व्यासप्रोक्तेन मार्गेण कथयामि यथार्थतः' | We do not yet know of a work of Vyāsa on Nāṭya. The legend given in the Bhāvaprakāśa is this: Brahman created the worlds at S'iva's bidding and then contemplated upon the past and saw with his mind's eye the doings of S'iva. Nandikesvara appeared before Brahman at that time and taught him Nāṭya and asked him to teach the art to the Bharatas, *i.e.*, actors. Brahman created the art of representation, drama, with a past story of S'iva called Tripuradāha, a Dima. The Bharatas staged this Tripuradāha and while Brahman was witnessing it, there came forth from his four faces four Vṛttis with the four Rasas, S'ṛṅgāra, Vīra, Raudra and Bībhatsa. Concluding this story of Rasotpatti, S'āradātanaya says:

व्यक्ता मुखेभ्यश्चोत्पन्ना इत्यूचुः शंकरादयः ।

The S'aṅkara mentioned here is another puzzle.¹ S'āradātanaya brings Nārada also into the story and says that Nārada expounded this Rasotpatti to Bharata, the sage (p. 58, Ch. III). The two Guruparamparās found here are 'S'iva-Nandīn-Brahman-the Bharatas' and 'Nārada-Bharata, the sage'. In Ch. 10, S'āradātanaya gives another story of how Nāṭya came to earth from heaven, where also the former Guru-paramparā is given. The actors, the Bharatas, are sent to this world and they write treatises on the art.

¹ S'aṅkara may mean S'iva himself and this would mean then that the Sadās'iva Bharata is the source of this story. A S'aṅkara is cited in Pārs'vadeva's Saṅgitasamayāsāra, T. S. S. Edn, p. 42.

सकलं निष्कलं चेति वाच्यमेतत् द्विधा भवेत् ।

कथितं शंकरेणैवम् एकतन्त्रीसमाश्रयम् ॥

नाट्यवेदाच्च भरताः सारमुद्धृत्य सर्वतः ।
 संग्रहं सुप्रयोगार्हं मनुना प्रार्थिता व्यधुः ॥
 एकं द्वादशसाहस्रैः श्लोकैरेकं तदर्धतः ।
 षड्भिः श्लोकसहस्रैर्यो नाट्यवेदस्य संग्रहः ॥

Bhā. Pra., Gaek. Edn., p. 287.

The Bharatas wrote two works, one in 12000 S'lokas and another in 6000 S'lokas. The basis of these two is the Nāṭyaveda which is perhaps double the extent of the first of these two. The second work in 6000 verses is the present Nāṭya sāstra of Bharata and the Daśarūpakāvaloka quotes it by the name, Ṣaṭsahasrī. “षट्सहस्रीकृताप्युक्तम् — ‘एभ्यश्च सामान्य-गुणयोगेन रसा निष्पद्यन्ते’ इति ।” IV. (*Vide* Bharata's N. S. VII, p. 80, Kāśī Edn.) Bahurūpamiśra has quoted the former work in 12000 verses, the Dvādaśasāhasrī, in his gloss on the Daśarūpaka.¹ Mr. M. R. Kavi quotes the Yāmalāṣṭakatantra in the preface to his edition of the Nāṭyasāstra (Vol. I, p. 6, fn. 1), according to which the Nāṭyaveda, which S'ārādātanaya mentions as the basis of the two Saṅgrahas, is a work in 36000 S'lokas. Which of these two, the Nāṭyaveda and the Dvādaśasāhasrī, is the work of S'iva and which, of Brahman, cannot be said easily. The latter may be the Brahmabharata referred to by Abhinava. What these works say on Rasa, we are not in a position to know.

The only work we have is the Ṣaṭsahasrī of Bharata, the Nāṭyasāstra, which says that according to Brahman, Rasas are eight. S'ārādātanaya fashions this text into the form of a later controversial text, and makes Padmabhū (Brahman) refute the S'ānta and accept only eight Rasas. We can

¹ *Vide* J. O. R., Madras, Vol. VIII, pp. 329-330, my article on Bahurūpamiśra's commentary on the Daśarūpaka.

conjecture safely that both the *Sadāsivabharata* and the *Brahmabharata* knew only eight Rasas.

Was there any old work which expounded nine Rasas? When did the *S'ānta* first make its appearance? Just after giving the above-noticed view of *Padmabhū* that Rasas are only eight, *S'āradātanaya* gives another account which he attributes to *Vāsuki*. There seems to be, from the following verse, an old work in which *Vāsuki* imparts the *Nāṭyasāstra* to *Nārada*.

उत्पत्तिस्तु रसानां या पुरा वासुकिनोदिता ।

नारदस्योच्यते सैषा प्रकारान्तरकल्पिता ॥ *Bhā. Pra.*, p. 46.

The *S'ānta* Rasa is accepted in this account.

रजस्तमोविहीनात्तु सत्त्वावस्थात् सचित्ततः ।

मनागस्पृष्टवाह्यार्थात् शान्तो रस इतीरितः ॥ II, p. 48.

Who is this *Vāsuki*? We already know of two serpents among *Saṅgītācāryas*, *Kambala* and *Asvatara* and we must add to them this *Nāṭyācārya Vāsuki*. *S'āradātanaya* quotes *Vāsuki* earlier also (pp. 36-37) regarding the rise of *Rasa* from *Bhāvas*.

नानाद्रव्यौषधैः पाकैः व्यञ्जनं भाव्यते यथा ।

एवं भावा भावयन्ति रसानभिनयैः सह ।

इति वासुकिनाप्युक्तो भावेभ्यो रससंभवः ॥

This verse is, as pointed out by the editor of the *Bhāva-prakāśa*, found in the *Nāṭya sāstra* of *Bharata*, quoted along with four other verses, with the words— 'भवन्ति चात्र श्लोकाः ।'¹

¹ Thus, there are *Anuṣṭubh* and *Āryā* verses quoted by *Bharata*. These are called *Ānuvāṛṣya* verses, handed down as basic and authoritative texts on *Nāṭya* written by other writers.

If we are to rely on S'āradātanaya, we have to suppose that the Rasa chapters in Bharata are based on the texts to Vāsuki and others and that this Vāsuki accepted a ninth Rasa, namely, the S'ānta. Why then does Bharata's text not mention the S'ānta? If Bharata did not approve of S'ānta being a Rasa, he must refute it, citing Vāsuki's position. When no such controversy is seen in Bharata's Nāṭyasāstra, we have to conclude that S'āradātanaya has only increased the confusion here, as on other topics also.

If we are to attach any weight to the statement of another late writer Dharmasūri, author of the Sāhityaratnākara, we have to suppose that Kohala is, like Vāsuki, another old writer who accepted the S'ānta Rasa. He says regarding the Sthāyin of S'ānta—

“ कोहलस्तु उत्साहो वा निर्वेदा वा शमो वा अस्य स्थायीत्युवाच ”

Vide D. T. Tātācārya, J. O. R., Vol. V, p. 29.

If Kohala had accepted S'ānta, Abhinava and other champions of S'ānta would have quoted him. Dharmasūri's reference to Kohala is unreliable. But it is also likely that a late work falsely ascribed to Kohala speaks of the S'ānta and Dharmasūri bases his statement on such a pseudo-Kohala work.

The Nāṭyasastra of Bharata itself recognised only eight Rasas. Subsequently, when the S'ānta was accepted by writers, the text of the N. S. was changed and read thus as indicated by Abhinava :

The definite authorship of these Anuṣṭubhs and Āryās is not known. Abhinava says while commenting on one set of such Ānuvains'ya Āryās, on p. 328 : “ ता एता ह्यार्याः एकप्रपञ्चकतया पूर्वाचार्यैः लक्षणत्वेन पठिताः । मुनिना तु सुखसंग्रहाय यथास्थानं निवेशिताः । ”

शृङ्गारहास्यकरुणाः रौद्रवीरभयानकाः ।

बीभत्साद्भुतशान्ताश्च नव नाट्ये रसाः स्मृताः ॥ N. S', VI, 16
रतिर्हासश्च शोकश्च क्रोधोत्साहौ भयं तथा ।

जुगुप्साविस्मयशमाः स्थायिभावाः प्रकीर्तिताः ॥ N. S', VI, 18.

“ शान्तापलापिनस्त्वत्र अष्टाविति पठन्ति । ”

“ तत्र शान्तस्य स्थायी ‘ विस्मयशमाः ’ इति कैश्चित् पठितः । ” *Ibid.*

Udbhaṭa recognises the S'ānta as can be seen from his Kāvya-lāṅkārasārasaṅgraha. He is thus the first commentator on the N. S'. and the first Ālaṅkārika now known to have definitely begun to speak of Rasas as nine in number. So, he might have made the necessary alteration in the text of the Nāṭyasāstra as above shown and as pointed out by Abhinava.

Regarding this subject of S'ānta Rasa, the following questions arise :

(i) Did Bharata recognise it ? What are the arguments of those who hold that Bharata recognises it ? What is the real position of Bharata in respect of S'ānta ?

(ii) Who is the first writer who introduced the S'ānta Rasa ? What was that condition in the world of letters that led to the postulation of S'ānta ?

(iii) Independent of Bharata accepting it or not, what is S'ānta ? Can it be a Rasa ? What are the arguments of the opponents of S'ānta ?

(iv) What is the criticism of those who not only accept but praise the S'ānta as the greatest Rasa ? Who are these writers ? What are the literary compositions that have proved the possibility of the S'ānta Rasa ?

(v) Who are those who, unable to find fault with S'ānta, make a compromise, deny it in Nāṭya and accept it in Kāvya only ? What are their arguments and how are they met ?

(vi) Who are the writers who do not accept the S'ānta anywhere ?

(vii) What is the Sthāyin of S'ānta ?

These questions will be dealt with now.

II

BHARATA certainly mentioned only eight Rasas.¹ He did not give S'ānta as the ninth Rasa. The texts on S'ānta in certain recensions of Bharata's Nāṭya sāstra must have been interpolated by advocates of S'ānta. Abhinava once argues the cause of S'ānta on the basis of these S'ānta texts available in certain recensions but he advocates its cause more vigorously earlier, quite independent of these S'ānta texts in Bharata. Abhinava even gives various arguments to show why Bharata did not speak of it at all. Further, the advocates of S'ānta who point out Nirveda or Dhṛti or any other Vyabhicārin already mentioned by Bharata as the Sthāyin of S'ānta do so only because they feel that S'ānta, its Sthāyin etc., are not given in Bharata; hence do they resort to the Dehalīdīpānyāya, Māṅgalya-amāṅgalya etc., to read the S'ānta rasa into the text of Bharata. How they do this is discussed in the section on the Sthāyin of S'ānta below. Again, if Ānanda who speaks of S'ānta had known the S'ānta texts of Bharata and had believed in them as genuine parts of Bharata, he would have quoted them in his advocacy of S'ānta in Uddyota 3. Ānanda advocates S'ānta on his own grounds and holds as its Sthāyin neither Nirveda with all its trilling supports, nor S'ama which is given as its Sthāyin in the

¹ In the K. M. edn. of the N. S., ch. 23, S'l. 3 has the expression 'Nava rasās'rayam' but the correct reading here is Bhāva-rasās'rayam' as found in the Kāsī edn. (ch. 24, S'l. 3).

interpolated S'ānta text in Bharata; Ānanda holds as its Sthāyin 'that happiness which is the annihilation of all desires'—तृष्णाक्षयसुख.

“तृष्णानां विषयाणां यः क्षयः सर्वतोनिवृत्तिरूपो निरोधः, तदेव सुखम्” Abhinava, Locana.

All the writers who refute S'ānta are of opinion that Bharata's text does not know the S'ānta rasa. Further, Bharata gives Laya, Svara, Gūṇa, Alāṃkāra, Vṛtti, Vṛtta etc., for the eight Rasas only in the several sections of his work; S'ānta is not mentioned here anywhere. This is part of the objection raised against S'ānta by its critics. They say, Bharata has related music and Rasas and has mentioned the Jātyaṅgas suggestive of the several Rasas but does not mention the S'ānta here. (*Vide* N. S. XXIX, S'ls. 1-4.) We find in the Abhinavabhāratī :

“अनेनैव चाशयेन न शान्ते कश्चन मुनिना जात्यङ्गको विनियो-
क्ष्यते । तेन जात्यङ्गकविनियोगाभावात् असत्त्वमिति प्रत्युक्तम् ।”

Gaek. Edn., I, p. 339.

Abhinava first argues for S'ānta not on the basis of Bharata's mention of it, but on the basis of his silence on the subject which Abhinava makes out as more eloquent. This will be explained later. Suffice to point out here that express mention of S'ānta is not found in Bharata.

If this is accepted, we can trace the way by which S'ānta slowly came to be accepted as a Rasa. We can even explore the possibilities of finding some aspects of S'ānta in Bharata's accepted text. Bharata, it must be borne in mind, handles the whole world and analyses human psychology to a great extent and it will be a wonder if he were to be entirely

innocent of that part of human activity which is the sphere of the *S'ānta-rasa*. The absence of *S'ānta* in theory does not, however, mean the absence of poetry or drama with the quietistic motif. To suppose so would be as foolish as to think that before *Rasadhvani* was formulated as the soul of poetry, no great poetry existed. As *Ānandavardhana* points out, the *Rasa* of the great epic, the *Mahābhārata*, is *S'ānta*. The *Ṛṣi*, the fourth *Puruṣārtha* or *Mokṣa*, the third and the fourth *Āsramas* of the *Vānaprastha* and the *Saṁnyāsin*—these were already parts and sublime parts of *Kāvya*s such as the *Raghuvamśa* and *Nāṭakas* such as the *S'ākuntala*. *Bharata*, himself a sage, gave the *Nāṭyasāstra* to an assemblage of sages. *Bharata*, therefore, could hardly have lost sight of the *Ṛṣis*, the forests, *Tapas*, etc. As a matter of fact, *Bharata* does mention aspects of this *S'ānta-rasa* and its attendant conditions.

An emotion is recognised as *Rasa* if it is a sufficiently permanent major instinct of man, if it is capable of being developed and delineated to its climax with its attendant and accessory feelings and if there are men of that temperament to feel imaginative emotional sympathy at the presentation of that *Rasa*. Thus are *S'ṛṅgāra* and the other seven *Rasas*. So, if *Bharata* says that drama is of a varied nature in accordance with the varied nature of the world on the one hand and of the spectators on the other, if he says that one drama predominantly develops one *Rasa* whose appeal is only to those whose hearts are attuned to it and if he says that a certain drama may have its theme or purpose in *S'ama*, it certainly means that *Bharata* has landed, though unconsciously, on the *S'ānta-rasa*. *Bharata* says and these are surely genuine parts of the text :

कचिद्धर्मः कचित् क्रीडा कचिदर्थः कचित् शमः । 1, 106.

दुःखार्तानां श्रमार्तानां शोकार्तानां तपस्विनाम् ।

विश्रान्तिजननं काले नाट्यमेतद्विष्यति ॥ I, 115.

ब्रह्मर्षीणां च विज्ञेयं नाट्यं वृत्तान्तदर्शनम् । I, 121.

The first given passage is referred to by Abhinava also in connection with the discussion on the admissibility of S'ānta as a Rasa and by drawing attention to this bit—*क्वचिच्छमः*, Abhinava asks whether Bharata did not recognise the quietistic element also as part of dramatic presentation :

“प्रतीयत एवेति मुनिनाप्यङ्गीक्रियत एव ‘क्वचिच्छमः’ इत्यादि
यदता ।” Abhinava, Locana, p. 177.

Another instance of Bharata's awareness of the element of S'ānta is pointed out by Abhinava. It is similar to the second passage extracted above. It refers to such spectators as are bereft of life's passions—*Vītarāgas*—to whom only dramas of a nature in harmony with theirs and dramas depicting the *Mokṣa puruṣārtha* can have any appeal. While pointing out in Ch. XXVII that the very life of drama is its fusion with the audience and that certain hearts can respond only to certain themes, Bharata says :

तुष्यन्ति तरुणाः कामे विदग्धाः समयाश्रिते ।

अर्थेष्वर्थपराश्चैव मोक्षेष्वथ विरागिणः ॥

XXVII, 59, Kāśī Edn.

Says Abhinava in regard to this passage :

“हृदयसंवादोऽपि तथाविधतत्त्वज्ञानबीजसंस्कारभावितानां भवत्येव,
यद्वक्ष्यति ‘मोक्षे चापि विरागिणः’ इति” । Gaek. Edn., I, p. 340.

Further, Bharata speaks of a *Kāma* for each *Puruṣārtha* in Ch. XXIV and mentions here the variety called *Mokṣa Kāma*. What does this mean ?

धर्मकामोऽर्थकामश्च मोक्षकामस्तथैव च ।

स्त्रीपुंसयोस्तु संयोगो यः, कामः स तु संस्मृतः ॥ XXIV, 91.

The S'ānta is only the Rasa of Mokṣa Kāma. Compare the Mahābhārata, Ās'va. parvan, Ch. XIII, 16, where Kāma says of himself :

यो मां प्रयतते हन्तुं मोक्षमास्थाय पण्डितः ।

तस्य मोक्षरतिस्थस्य नृत्यामि च हसामि च ॥

Again, what does Bharata mean by giving great scope for Dharma as an important theme handled in drama, by saying that drama is Dharma, by mentioning Dharma as the purpose of some dramas, कचिद् धर्मः, by speaking of Dharma S'ṛṅgāra and by pointing out that the old, the learned and the experienced respond to such dramas as are based on Dharmā-khyānapurāṇa which comes under the Vibhāvānubhāva of the S'ānta ?

धर्माख्यानपुराणेषु वृद्धास्तुष्यन्ति नित्यशः । XXVII, 61.

While describing Nirveda¹, Bharata speaks of one kind of it that is born of Tattvajñāna ; giving the causes of Glāni, he speaks of Taponiyama ; defining Dhṛti², Bharata gives Vijñāna, S'ruti, S'aucācāra and Gurubhakti as some of its Vibhāvas and these pertain to S'ānta ; Mati is given as born of Nānāsāstra-vicintana. If the quietistic element is not recognised even in some aspect by him, Bharata cannot say of Nāṭya that it is Trailokyānukaraṇa, that there is no Jñāna which in not

¹ Some hold this Nirveda as the Sthāyin of S'ānta.

² Bhoja holds this Dhṛti as the Sthāyin of S'ānta in his S. K. Ā. V. 23 and also pp. 514-5.

part of drama and no Vidyā which does not come within it :

न तत् ज्ञानम् etc. I, 117.

The instances above shown point only to the recognition of S'ama as an element and they do not mean Bharata's acceptance of the S'ānta as a Rasa. To be precise, S'ama is not mentioned as one of the forty-nine Bhāvas. Bharata did not have before him any specimen of drama written only for Mokṣa and Virāgins. It may be that there cannot also be dramas having *only* Bhayānaka, Adbhuta, etc., as their Rasa. These can appear only as Aṅga or Sañcārī rasas. But the reason for the acceptance of Bhayānaka, Adbhuta, Bībhatsa, etc., as Rasas is that humanity is more liable to these than to S'ama, hearts attuned to which must necessarily be very small in number. S'ama is almost impossible. For, the opponents of S'ānta say, Ignorance, Avidyā, producing Rāga and Dveṣa which result in a network of psychology covered by the eight Sthāyins, is inborn in man ever since he began his migration in Samsāra and practically speaking, this Avidyā cannot be rooted out. That is, S'ama which is their absence cannot be obtained. The Avaloka on the Dasarūpaka says :

“ अन्ये तु वस्तुतस्तस्याभावं वर्णयन्ति । अनादिकालप्रवाहायात-
रागद्वेषयोरुच्छेत्तुमशक्यत्वात् । ” p. 117.

This, however, is not wholly true for there is not any lack of persons who take to S'ama and strive to root out Rāga and Dveṣa. But this criticism against S'ānta is pertinent to some extent in regard to drama generally which is for pleasure and which deals with worldly things. Drama arose as an entertainment : क्रीडनीयकमिच्छामो दृश्यं श्रव्यं च यद् भवेत् । Bharata often says that Nāṭya is Vinodajanana. Bhāmaha also says that

though the Mahākāvya depicts all the four Puruṣārthas, it shall predominantly inculcate only Artha.

मन्त्रदूतप्रयाणाजिनायकाभ्युदयैश्च यत् ।

चतुर्वर्गाभिधानेऽपि भूयसार्थोपदेशकृत् ॥ K. A., I, 20-21.

Abhinava draws our attention in this connection to Bharata's definition of Nāṭaka which emphasises the fact that it shall depict chiefly worldly prosperity, gaiety, etc. From this point of view, Abhinava even says that S'ānta is after all only Apradhāna, not the leading motif.

“अत एव शान्तस्य स्थायित्वेऽप्यप्राधान्यम् । जीमूतवाहने त्रिवर्गसम्पत्तेरेव परोपकृतिप्रधानायाः फलत्वात् । अनेनैवाशयेन नाटक-लक्षणे वक्ष्यते ‘ऋद्विविलासादिभिर्गुणैः (N. S., XX, 11.)’ इति । अनेन हि ऋद्विविलासप्रधानमर्थकामोत्तरं सर्वं चरितं सकललोकहृदय-संवादसुन्दरप्रयोजनं नाटके निवेशयितव्यमित्युक्तम् । एतच्च तत्रैव वर्णयिष्यामः ।” Gaek. Edn., I, p. 339.

Therefore it is that the Candrikākāra, the earlier commentator on the Dhva. Ā., says that the S'ānta spoken of by Ānanda is certainly admissible as a Rasa, but that it can appear only as an Aṅga rasa in the Prāsaṅgika Itivṛtta and never as the chief Rasa figuring in the Ādhikārika Itivṛtta. Evidently, the Candrikākāra also held the view that Vīra and S'ṛṅgāra are the Rasas in the Nāgānanda in accordance with the ending in the attainment of Vidyādharacakravartitva and the sustained love-theme, and that the S'ānta came in as a subsidiary idea to give a new variety of Vīra called Dayāvīra. Abhinava, however, rejects this view of the Candrikā in his Locana.

“आधिकारिकत्वेन तु शान्तो रसो (रसो न) निबद्धव्य इति चन्द्रिकाकारः । तच्चेहास्माभिर्न पर्यालोचितम् ।” Locana, p. 178.

But the above given extract from the Abhi. Bhā. seems to grant what Abhinava has criticised in his own Locana. He seems to grant that it is literature of Trivarga-interest that is of wide appeal in the world. Early dramas likewise dealt with Trivarga and the eight Rasas only.

But soon drama was to be made the noble vehicle of spiritual and religious instruction to the masses. Leaving the Brahminic Mahābhārata, we find Asvaghōṣa's Buddhacarita and Saundarananda starting the religious Kāvya, and his S'ārīputraprakaraṇa and the allegorical dramatic fragment discovered by Dr. Luders, the religious drama. The Buddhistic and Jain poets and dramatists might have been responsible for the introduction of philosophical poems¹ and plays, for

¹ (a) The Saundarananda has two verses in the end in which As'vaghōṣa says that he wrote a Mahākāvya for Upas'ānti and Mokṣa, mixing a Tikta-medicine with Madhu.

इत्येषा व्युपशान्तये न रतये मोक्षार्थगर्भा कृतिः
श्रोतॄणां ग्रहणार्थमन्यमनसां काव्योपचारात्कृता ।
यन्मोक्षात्कृतमन्यदत्र हि मया तत्काव्यधर्मात्कृतं
पातुं तिक्तमिवौषधं मधुयुतं हृद्यं कथं स्यादिति ॥

काव्यव्याजेन तत्त्वं कथितमिह मया मोक्षपरमिति ।

(b) The Jain work, the Vastuvijñānaratnakos'a, is a handbook of knowledge of miscellaneous things enumerated in sets of one, two, etc. (Peterson's Report III, Oxford, 352a. IO, Keith 7583.4, Asiatic Soc. Beng. 4703 A). Of uncertain date, this work mentions Turuṣkas in the 36 Rājavarṇas given by it. Albeit its Jain authorship, it gives only *Eight* Rasas,—अष्टौ रसाः (Peterson III, p. 268a).

(c) There is a Jain work named Adhyātmakalpadrūma by Munisundarasūri (end of the 14th and early part of the 15th cent.

making S'ānta the Aṅgi rasa of the Ādhikārika itivṛtta. We know that there were Buddhistic writers on Nāṭya like Rāhula, who, as citations of his views in the Abhinavabhārātī show, had his own differences from Bharata. Further, the Jain Anuyogadvāra sūtra, placed in the fifth century, mentions nine Rasas, adding the Prasāntarasa to the eight old Rasas (see below). Dr. S. K. De says in his Skr. Poetics (Vol. I, p. 36 f.n.): "The Jaina Anuyogadāra Sutta (ed. N. S. P. 1915, fol. 134-5, also quoted in Weber ii, 2, pp. 701-2) which, Winternitz thinks, was probably put together by the middle of the fifth century, mentions nine Rasas, *which, however, have hardly any reference (?) to poetic or dramatic Rasas*; but the enumeration is interesting from the inclusion of Prasānta (not mentioned by Bharata) apparently from religious motives." It is not known why Dr. De considers these nine Rasas mentioned in the Anuyogadvāra sūtra as having hardly any reference to poetic or dramatic Rasas. They are definitely mentioned in the work as 'एव कञ्च रसा', the nine Rasas of Kāvya (see below).

The Nāgānanda, the first and only specimen to which the early advocates of S'ānta cling, is a Buddhistic story. S'rīharṣa had leanings towards Buddhism and if this king S'rīharṣa is the same as the Vārtikakāra of the Nāṭyasāstra quoted in the Abhinavabhārātī (which, however, is yet quite unproven), it is likely that his Nāṭya Vārttika, which must have made

A. D.), which is otherwise called *S'āntarasabhāvanā*. (Ed. Nirṇaya-sāgar, 1906, with extracts from Dharmavijayagani's gloss). The work says in the Pratijñāsloka that S'ānta is proposed to be treated in the work and in the next verse which is titled, '*S'āntarasamāhātmya*', the author describes the S'ānta as *Rasendra*. The commentary describes the S'ānta as "*S'rīmān S'āntanāmā Rasādhirājah*" and "*S'arvarasasāra*". Compare also the names of some other Jain works S'āntasudhārasakāvya of Vinayavijayagani and the Pras'amarati of Umāsvāti (see esp. S'l. 106 in the latter).

उक्त-अनुक्त-दुस्तुतचिन्तन, introduced the S'ānta as a Rasa. It seems very likely that it is the appearance of the Nāgānanda in the world of drama that created a stir and set the discussion on S'ānta on its feet in works on Nāṭya and Alāṃkāra.

What are the objections raised by the critics of S'ānta against recognising it as a Rasa? The first objection is that Bharata did not speak of it. This is really no serious objection. The greater objection is that pertaining to the real nature of S'ānta itself. S'ānta, its critics say, is the total absence of all feelings and activities. Such a state of non-action cannot be presented on the stage.

“कामाद्यभावोऽपि नानुभावः . . . प्रयोगासमवायित्वाच्च । न हि चेष्टाव्युपरमः प्रयोगयोग्यः ।” Abhi. Bhā., p. 334.

This argument proceeds on a wrong assumption. The state of absolute cessation of action is only the climax, the Paryanta-bhūmi, and this certainly cannot be shown. But the Paryanta-bhūmis of all other Rasas also sail in the same boat. S'ṛṅgāra is not denied as a Rasa because Samprayoga is unfit to be shown on the stage. So also murder and Raudra. So, the acceptance of S'ānta does not mean the attempt to present the impossible cessation of action but means only the portrayal of an ardent spirit in search of Truth and tranquillity. The manifold efforts of the Yatamāna, his trials, his victories over passions—these can be portrayed with great interest. Even one who has attained Truth can be shown and there will be no lack of action in him. A Siddha like Janaka will be doing Lokasaṅgraha. The Gītā says :

कुर्याद्विद्वांस्तथासक्तः चिकीर्षुर्लोकसङ्ग्रहम् । III, 25.

The Gītā speaks of many a thing which a Sthitaprajña does.

Similar to the above noticed objection is the explanation which another writer offers for the omission of the S'ānta. The Saundaryalaharī, ascribed to S'ankara, has three occasions to speak of the Rasas. In two verses 41 and 50, the hymn expressly mentions 'the nine Rasas', "nava rasa", in verse 41 with reference to Nāṭya and in verse 50 with reference to Kāvya. But in verse 51, the hymn refers only to eight Rasas which are described there as being expressed by the look of the Goddess. In the commentary on this verse, the 51st, Lolla Lakṣmīdhara offers an explanation for the omission of the S'ānta here. He says that according to Bharata's school, Rasas are only eight, for Rasa means a certain modification or state of the Citta and S'ānta being really the absence of any state or modification, some do not consider it a Rasa.

“ विक्रियाजनका एव रसा इति अष्टौ रसा भरतमते । ‘शान्तस्य निर्विकारत्वात् न शान्तं मेनिरे रसम्’ इति शान्तस्य रसत्वाभावात् अष्टावेव रसाः सङ्गृहीताः । ” Pp. 154-5, Mysore Edn.

It is clear from Lakṣmīdhara's remarks here and on the two verses mentioning the nine Rasas that personally he would accept the S'ānta. But any definite and detailed idea of Lakṣmīdhara's views on the S'ānta could be had only when we recover his Sāhitya work, the Lakṣmīdhara, mentioned by him among his works in the colophon at the end of his commentary on the Saundaryalaharī.

That Bharata has not given the Vibhāvas, Anubhāvas and Vyabhicārins of S'ānta, as also its appropriate Vṛtti, musical Jāti, etc. is another trifling objection. These can be easily made out. Abhinava gives them. The interpolated S'ānta text in Bharata gives the Vibhāvas, etc. of S'ānta. The Sthāyin of S'ānta is elaborately discussed in a special section

below. Its Vibhāvas are given in the text as Tattvajñāna, Vairāgya, Āśayasuddhi, etc. Its Anubhāvas are Yama, Niyama, the practice of virtues, penance etc. Almost all Bhāvas can be its Vyabhicārins. Abhinava adds the Vibhāvas, साधुसमागम, सत्संपर्क, the good done in the past births, God's grace, study of philosophy, etc. Abhinava further remarks that in S'ānta one can see and enjoy the Anubhāvas, *viz.*, the slow disappearance of Kāma, Krodha and other evils and that though the whole world of Bhāvas becomes Vyabhicārīn for the S'ānta, such Bhāvas like Nirveda and Jugupsā for worldly objects, Dhṛti, Mati, Utsāha of the type in Dayāvīra, Rati for God in the form of Bhakti and S'raddhā will stand out prominently as more intimate accessories, Ābhyantara Aṅgas.¹ The text of the Abhinavabhāratī bearing on these is edited in a further section of this paper.

The next objection against S'ānta is the impossibility of S'ānta becoming a general feature of humanity in the same measure and to the same extent as Rati, etc., for the whole world is wrapped in Avidyā and is eternally slave to Rāga and Dveṣa. We know of the eight Sthāyins only, as instinctive in man. Dhṛti, Mati, etc. are given as Vyabhicārins in S'ānta but we do not know of Dhṛti or Mati helping S'ānta. All the Dhṛti and Mati known to us is mingled with Rāga and Dveṣa and other mundane associations.

धृतिप्रभृतिरपि प्राप्तविषयोपरागः कथं शान्ते स्यात् ।

Abhi. Bhā., p. 334.

¹ In ch. 6 (pp. 135-6) S'ārādātanaya again treats of S'ānta, in a clumsy manner. First he praises it as the Rasa which gives Mokṣa and gives its Vibhāvas, etc. Then he says that it has not got Vibhāvas, etc. to a full extent, is Vikalāṅga; but concludes that despite its imperfections, it is Prakṛṣṭa because of its relation with the fourth Puruṣārtha of Mokṣa.

Nor is the portrayal of non-action any good for Vyutpatti. The mere presentation of non-action does not educate anybody in the means to attain knowledge of Truth.

न च अकिञ्चित्करत्वमात्रेण तत्त्वज्ञानोपाये व्युत्पाद्यन्ते विनेयाः ।

Ibid., p. 334.

The quietistic element is not a dominant factor in man's life. If a poet develops it, it will become strange and unbelievable that there are really such impossible men who have spurned the pleasures of the world, women, position, wealth, etc. The general mass of the audience is mostly of ordinary men who will hardly respond to such a drama or have any Cittasāhivāda in it. The Avaloka on the Dasarūpaka says :

‘अन्ये तु वस्तुतस्तस्य अभावं वर्णयन्ति । अनादिकालप्रवाहायात-
रागद्वेषयोरुच्छेत्तुमशक्यत्वात्’ । D. R. A., p. 117.

‘न च तथाभूतस्य शान्तरसस्य सहृदयाः स्वादयितारः सन्ति ।’

Ibid., p. 124.

All these objections are raised and answered by Ānanda-
vardhana :

‘यदि नाम सर्वजनानुभवगोचरता तस्य नास्ति, नैतावतासौ अलोक-
सामान्यमहानुभावचित्तवृत्तिवत् प्रतिक्षेप्तुं शक्यः ।’ Dhva. Ā., p. 177.

That the major part of humanity is wallowing in mundane pleasures does not disprove the existence of saints and sages. There are persons of spiritualistic bent and to them the S'ānta play is bound to appeal. To them, the S'ṛṅgāra and Vīra plays will have little appeal. Surely, on that ground, S'ṛṅgāra and Vīra are not dismissed from the fold of Rasas.

“ननु तत्र हृदयसंवादाभावाद्रस्यमानतैव नोपपन्ना । क एवमाह नास्तीति ? यतः प्रतीयत एवेत्युक्तम् । ननु प्रतीयते, सर्वस्य श्लाघास्पदं न भवति । तर्हि वीतरागाणां शृङ्गारो न श्लाघ्य इति सोऽपि रसाच्चयवतामिति तदाह—यदि नामेति ।” Locana, p. 177.

The argument of the impossibility of non-action being shown has already been refuted.

An extension of the argument that the *S'ānta* is not relishable is the argument that drama which is essentially for entertainment and *Trivargavyutpatti* must depict *Rddhi*, *Vilāsa*, etc. So have all dramas done. There are no plays which have developed *S'ānta*. The *Nāgānanda*, which some hold as a *S'ānta* play, is plainly not so. For the end here is not *Mokṣa*, but the attaining of lordship over the *Vidyādharas*; and all through, the love-theme runs and this is the first thing antagonistic to *S'ānta*. Therefore *Vīra* and *S'ṛṅgāra*, the former as *Dayāvīra*, stand out prominently in the *Nāgānanda*.

“यत्तु कैश्चिन्नागानन्दादौ शमस्य स्थायित्वमुपवर्णितम्, तत्तु मलयवत्यनुरागेण आप्रबन्धप्रवृत्तेन विद्याधरचक्रवर्तित्वप्राप्त्या विरुद्धम् । न ह्येकानुकार्यविभावालम्बनौ विषयानुरागापरागावुपलब्धौ । अतो दया-वीरोत्साहस्यात्र स्थायित्वम् । तत्रैव शृङ्गारस्य अङ्गत्वेन चक्रवर्तित्वादेश्च फलत्वेन अबिरोधात् ईप्सितमेव च सर्वत्र कर्तव्यमिति परोपकारप्रवृत्तस्य विजिगीषोः नान्तरीयकत्वेन फलं संपद्यत इति आवेदितमेव प्राक् ।”

D. R. Avaloka, p. 117.

All the arguments given above cannot disprove the possibility of *S'ānta* as a *Rasa* capable of relish by spectators. It is bound to be uncommon; all the same, it is as true as the inner experience and the higher life of the mystic which is

not in common with the life of ordinary worldly men. If S'ama is not only a part of the world but a glorious part of it also, it should also be so of the drama. Abhinava says that literature, poetry and drama, cannot restrict themselves to the Trivarga only but must get ennobled by embracing the fourth and the greatest Puruṣārtha also, Mokṣa. The attitude to Mokṣa is S'ama and S'ānta is the Rasa of the drama which depicts the endeavour to attain that.

“अत्रोच्यते—यथा इह तावत् धर्मादित्रितयम्, एवं मोक्षोऽपि पुरुषार्थः, शास्त्रेषु स्मृतीतिहासादिषु च प्राधान्येन उपायतो व्युत्पाद्यत इति सुप्रसिद्धम् । यथा च कामादिषु समुचित्ताश्चित्तवृत्तयो रत्यादि-शब्दवाच्याः कविनटव्यापारेण आस्वादयोग्यताप्रापणद्वारेण तथाविधहृदय-संवादवतः सामाजिकान् प्रति रसत्वं शृङ्गारादितया नीयन्ते, तथा मोक्षाभिधानपरमपुरुषार्थोचिता चित्तवृत्तिः किमिति रसत्वं नानीयत इति वक्तव्यम् ।” Abhi. Bhā., I, Gaek. Edn., p. 334.

To say that it is impossible to exterminate Rāga and Dveṣa is to insult humanity, its heritage of philosophy and the long chain of its spiritual leaders. Surely there are men of that mind which can respond to a S'ānta drama. That hedonists are not able to sit through it cannot disprove S'ānta. It will be a pity if literature, and drama in particular, cannot rise beyond the level of mere entertainment and gaiety. It has been accepted that all cannot respond to all Rasas. Surely Bhayānaka will not raise sympathy in a heroic spirit. Bharata himself gives the respective characters—Prakṛtis—who respond to the different Rasas. Bhaya and Jugupsā are Nīca-prakṛti Bhāvas; Uttama Sāmājikas do not have Cittasāmvāda on seeing them. If Viṣa delight in S'ṛṅgāra, Vītarāgas delight in S'ānta.

“हृदयसंवादोऽपि तथाविधतत्त्वज्ञानबीजसंस्कारभावितानां भवत्येव,
यद्वक्ष्यति ‘मोक्षे चापि विरागिणः’ इति । सर्वस्य नैकत्र (or न सर्वत्र)
हृदयसंवादः, भयानके वीरप्रकृतेरभावात् ।” Abhi. Bhā., I, p. 340,
[Gaek. Edn.]

And Bharata also says :

‘न चैते गुणाः सर्वे एकस्मिन् प्रेक्षके स्मृताः ।

 उत्तमाधममध्यानां संकीर्णानां तु संसदि ।
 न शक्यमधमैर्ज्ञातुमुत्तमानां विचेष्टितम् ॥

 तुप्यन्ति तरुणाः कामे विदग्धाः समयाश्रिते ।
 अर्थेष्वर्थपराश्चैव मोक्षेष्वथ विरागिणः ॥
 नानाशीलाः प्रकृतयः शीले नाट्यं प्रतिष्ठितम् ।

 शूरा बीभत्सरौद्रेषु नियुद्धेष्वहवेषु च ।
 एवं भावानुकरणैर्यो यस्मिन् प्रविशेन्नरः ।
 प्रेक्षकः स तु मन्तव्यो गुणैरैतैरलङ्कृतः ॥ ’

N. S. XXVII, 56-62.

There is a continuous chain of literature that depicts the supreme Rasa of S'ānta. In Kāvya, Ānanda argues in Ud. IV, that the Mahābhārata leads as the great epic of S'ānta. All the vicissitudes of the Kauravas and the Pāṇḍavas are only the Vācyavācaka, the Pūrvapakṣa, of which the purpose is the suggestion of the fact that S'ama is the greatest for which man should strive.¹ The utter uselessness of even the great victory

¹ Vide The Message of the Mahābhārata, V. Rāghavan, The Māhābhārata, G. A. Natesan & Sons, Madras.

at Kurukṣetra, not to mention other worldly victories, is very well brought out by the epic. By the annihilation of even the race of Kṛṣṇa and by postulating Kṛṣṇa as the central personality, as the pivot of the plot, by calling the epic Nārāyaṇa-kathā, sage Vyāsa has made his message plain. The genius of Vyāsa would not have attempted at anything lower than this.¹

¹ The following ideas and passages in the epic may be considered in this connection :

(a) In the first Adhyāya of the Anukramaṇikāparvan, the epic salutes Dharma and Kṛṣṇa, its promulgator and sustainer, and says that it shall speak of the eternal Dharma. If a work is a Dharmasāstra in Vācyavācaka, it is a Mokṣa Sāstra in Dhvani.

नमो धर्माय महते नमः कृष्णाय वेधसे ।

ब्राह्मणेभ्यो नमस्कृत्य धर्मान् वक्ष्यामि शाश्वतान् ॥ S'l. 3.

(b) In S'l. 32 of the same ch. Sauti says that the Bhārata is the story of the Lord Himself : यस्य प्रसादाद्ब्रूयामि नारायणकथामिमाम् ।

(c) While giving the essential ideas of the great epic, it is said that the epic depicts the greatness of the Lord : वासुदेवस्य माहात्म्यम् . . . उक्तवान् भगवानृषिः ।

(d) युधिष्ठिरो धर्ममयो महादुमः

मूलं कृष्णो ब्रह्म च ब्राह्मणाश्च ॥

(e) In S'ls. 104-8 in which the epic is described as a tree, it is said in S'l. 106 that the great fruit of this tree is the Sāntiparvan : 'शान्तिपर्वमहाफलः'.

(f) At the end of the Anukramaṇikāparvan, Dhṛtarāṣṭra who is grieved at the loss of his sons is consoled by Sañjaya who has a hymn on Kāla, the all-devouring Kāla, on hearing which the old king got Dhṛti.

धृतराष्ट्रोऽपि तच्छ्रुत्वा धृतिमेव समाश्रयत् ।

दिष्ट्वेदमागतमिति मत्वा स प्राज्ञसत्तमः ॥ 278.

Immediately after this, the Bhārata is described as Upaniṣad :

अत्रोपनिषदं पुण्यां कृष्णद्वैपायनोऽब्रवीत् ॥ 279.

(g) In S'l. 291, the Bhārata is likened to the Āraṇyakas among the Vedas.

(h) In S'ls. 35-36, in the Parvasaṅgrahaparvan it is said that the wise seek the Bhārata, even as Vairāgya is sought by those

If one finds relish and importance in the subsidiary themes of marriage, dice, suffering, fight, it does not prevent another reader of nobler instincts and mystic disposition seeing through

who desire liberation; and that it is like Ātman among things one must realise :

विचित्रार्थपदाख्यानमनेकसमयान्वितम् ।
प्रतिपन्नं नरैः प्राज्ञैर्वैराग्यमिव मोक्षिभिः ॥
आत्मेव वेदितव्येषु . . श्रेष्ठः सर्वांगेष्वयम् ॥ 35, 36.

(i) At the end of the Parvasaṅgrahaparvan and at the end of the Mahāprasthānika, Dharma is sung of as the supreme good, not either Artha or Kāma. (I, ii, 392, and XVIII, v, 76-7.)

(j) Ch. 62, Ādi.

अस्मिन्नर्थश्च कामश्च निखिलेनोपदेक्ष्यते ।
इतिहासे महापुण्ये बुद्धिश्च परिनैष्ठिकी ॥ 19.
धर्मशास्त्रमिदं पुण्यमर्थशास्त्रमिदं परम् ।
मोक्षशास्त्रमिदं प्रोक्तं व्यासेनामितबुद्धिता ॥ 25.
धर्मे चार्थे च कामे च मोक्षे च भरतर्षभ ।
यदिहास्ति तदन्यत्र यन्नेहास्ति न कुत्रचित् ॥ 26.

(k) Both in the beginning and end, all-devouring Kāla is sung of. (I, i, 272-275 and XVI, ix, 36-40.) This is for Vairāgya.

(l) The triumph of Time, the vanity of earthly glories and the inevitable Nirveda are given in a masterly manner when the great archer, Arjuna, tried and tried, but could not use his bow when before his very eyes the Yādava women were lifted by the Dasyus and Ābhiras :

ददर्शापिदि कृष्टायां गाण्डीवस्य पराभवम् ।
सर्वेषां चैव दिव्यानामस्त्राणामप्रसङ्गताम् ॥
नाशं वृष्णिक्लत्राणां ब्रभावाणामनित्यताम् ।
दृष्ट्वा निर्वेदमापन्नो व्यासवाक्यप्रचोदितः ॥
धर्मराजं समासाद्य सन्न्यासं समरोचयत् ॥ 361-3.

In the second of his introductory verses in his commentary on the Gītā, Abhinavagupta says that the chief fruit of the epic of

these, and deducing the greatness of the Lord, of Dharma, S'āma and Mokṣa. To write in such a perfect manner as to give Visrānti for the readers in the Sañcāri-rasas and Sañcāri-themes also is not only not incompatible but is in perfect harmony with the chief Rasa and chief idea. *Vide* Dhva. Ā. Ud. IV, p. 238. Also Abhinava in his Abhi. Bhā. :

‘दृष्टः अङ्गेष्वपि विश्रान्तिलाभः, स्वभावौचित्यात्, यथा रामस्य
वीराङ्गे पितुराज्ञां पालयतः ।’ Gaek. I, p. 339.¹

Next in importance to the Mahābhārata are the two S'ānta rasa poems of Asvaghōṣa, the Buddhacarita and the

Vyāsa is Mokṣa, and that Dharma, etc., are for its development.

द्वैपायनेन मुनिना यदिदं व्यधाधि
शास्त्रं सहस्रशतशमितमत्र मोक्षः ।
प्राधान्यतः फलतया प्रथितस्तदन्य-
धर्मादि तस्य परिपोषयितुं प्रणीतम् ॥

Abhinava's pupil, Kṣemendra, holds S'ānta as the teaching of the M. Bhārata. He says at the end of his Bhāratamañjari :

रत्नोदारचतुस्समुद्रशानां भुक्त्वा भुवं कौखो
भग्नोरः पतितस्स निष्परिजनो जीवन्मृकैर्भक्षितः ।
गोपैर्विश्वजयी जितस्स विजयः कक्षैः क्षिता वृणयः
तस्मात्सर्वमिदं विचार्य सुचिरं शान्त्यै मनो दीयतात् ॥

¹ The author of the Bhāgavata, in his criticism of the Bhārata, says that in the Great Epic, Vyāsa had described 'Pravṛtti' (as Pūrvapakṣa) so much and so well, that man who is by nature attached to it, has mistaken to Pūrvapakṣa itself for the Siddhānta.

जुगुप्सितं धर्मकृतेऽनुशासतः
स्वभावरक्तस्य महान् व्यतिक्रमः ।
यद्वाक्यतो धर्म इतीतरः स्थितो
न मन्यते तस्य निवारणं जनः ॥

Sāundarananda. The following is a list of other S'ānta rasa kāvyas :

1. The Rājatarāṅgiṇī of Kalhaṇa mentions S'ānta as its Rasa. I, 23. No great history can escape the ultimate suggestion of the noble Rasa of S'ānta but Dr. Keith considers, in his Skt. Literature, that the S'ānta in Kalhaṇa is a moral bias detracting from his merit as a historian.

2. Kaivalyavallī pariṇaya vilāsa, a philosophical Kāvya written perhaps by a Travancore prince or poet attached to him. Bhakti, Kaṭākṣalakṣmī (the saving grace of the Lord), Brahmanvidyā and Kaivalyavallī are some of the characters figuring in this poem.

10. Keith. 8133.

3. Jñānamudrāpariṇaya Kāvya.

Oppert 5537. (Auf. I, 210a.)

4. Haṁsasandesa, anon, (different from Vedānta-desika's H. S. and Rūpa's H. dūta). Vedānta. With a commentary in verses. JRAS. 1884, pp. 450-1. Edn. TSS. No. 103.

5. Indudūta by Vinayavijayagaṇi. Kāvyamālā, Gucc. 14. A pupil sends the moon to convey to his preceptor his own spiritual progress.

6. Cetodūta. No. 25. Ātmānanda granthamālā Series, Bhavanagar. Theme identical with that of the previous works.

7. Bhaktidūtī by Kālīprasāda (23 verses) : a message to the beloved called Mukti, through the maid Bhakti. Rajendralal Mitra, Notices, III, p. 27.

8. Manodūta by Viṣṇudāsa : Bhakti. IO. Vol. VII. Nos. 3897-9. Mitra, Notices, II, 613. Alwar, 944.

9. Manodūta by Rāmarāma : Bhakti (Vaṅgīya Sāhitya Pariṣad MS.).

10. Manodūtikā on Jīva-Ātman relations. Stein, pp. 70, 287. Intro. p. xxxv. Cabaton, *Bibliothèque Nationale Catalogue*, I, 449c. [Same as Auf. I, p. 429a—Manodūtikā, Vedānta, Paris D. 253, III.]

11. Manodūta, Jain. Jain Granthāvali, p. 332.

12. Meghadūtasamasyālekhā by Meghavijaya. This is a message to the author's Guru, like No. 5.

13. S'īladūta by Cāritrasundaragaṇi; not a regular Dūtakāvya.

14. Manodūta by Indireśa: according to Puṣṭimārga. Br. Mu. Pt. Bks. Cat. 1906-28, 338.

15. Siddhadūta of Avadhūtarāma. (Samvat, 1423) (Bom. Br. R.A.S. 1235). Here, "a Tāpasa is the lover, a Siddha is the Dūta and Vidyā is the beloved."

16. Tanjore New Cat. 3792. Jñānavilāsakāvya by Jagannātha. "This is an allegorical Kāvya explaining the greatness of Vedānta."

17. Tanjore New Cat. 3736. Vijñānatarāṅgiṇī by Mahārudrasimha. A Kāvya on the life of S'aṅkaradāsa, a great devotee.

18. Mysore I, p. 246. Gītavītarāga (2 MSS.) by Abhinava Cārukīrtipaṇḍitācārya. This work is called Bāhubalisvāmi Aṣṭapadī in a MS. in the Jain Mutt at S'ravana Belagola. This appears to be a Jain S'ānta Rasa imitation of the Gītagovinda of Jayadeva.

Among dramas, Asvaghōṣa's seem to be the earliest to have S'ānta as their dominant Rasa. His S'ārīputraprakaraṇa deals with the conversion of the hero to the Buddhist faith and another of his dramatic fragments discovered by Dr. Leuders shows an allegorical spiritual drama. Long after the time of Ānanda, and about the time of Abhinava, Kṛṣṇamīśra (c. 1098) wrote his Advaita allegory, the

Prabodhacandrodaya,¹ which inaugurated a regular category of philosophical and allegorical plays. The following plays of this class were produced in different parts of the country, to propagate the several schools of philosophical and religious thought :

1. Moharājaparājaya, Jain. *Yasahpāla*. (c. A.D. 1229-32). Gaek. IX.

2. Amṛtodaya. Nyāya. Gokulanātha. A.D. 16th cent. Kāvya-mālā.

3. Saṅkalpasūryodaya. Viśiṣṭādvaita. Venkaṭanātha 14th cent.

4. Caitanyacandrodaya. Caitanya. Kavikarṇapūra. Kāvya-mālā. (c. A.D. 1550).

5. Vidyāpariṇayana. Advaita. Ānandarāya. (c. A.D. 1684-1728. Kāvya-mālā²).

6. Dharmavijaya. Ś'uklabhūdeva. Ed. Bombay. MSS. in many catalogues. For com. on this, see Peterson, IV, p. 27.

7. Bhāvanāpuruṣottama. Advaita. Ratnakheṭa Ś'rīnī-vāsadiṅṣita, father of Rājacūḍāmaṇi diṅṣita.

Tanjore New Cat. Nos. 4427-4429.

8. Muktipariṇaya. Sundaradeva.

Tanjore New Cat. 4460. NW. Provinces Cat. Pt. VII, p. 46.

¹ There seems to be an abridged version of the Prabodhacandrodaya of Kṛṣṇamīśra,—Laghu Prabodhacandrodaya Nāṭaka, Viśrambhag collection No. 239, p. 428, S. R. Bhandarkar's Deccan College Catalogue. There seems to be a Prabodhacandrodaya Kāvya also in four Ullāsas. A MS. of this work is noticed in the Private Diary of Mr. R. A. Sastri, now deposited in the Catalogus Catalogorum Office, Madras University, on p. 34 of Part I, as existing in the Pyāra Candra Jain Big Mandir, Sailana State (Malwa, C.I.).

² This author wrote an Āyurveda allegory called Jīvānandana, (Kāvya-mālā) in which Religion also figures.

9. Pracāṇḍarāhūdaya. Ghanasyāma.¹

Tanjore New Cat. 4388.

10. Jīvanmuktikalyāṇa. Nallādīkṣita. Advaita. Mysore I, pp. 276, 637. Adyar II, p. 27b. IO Keith, pp. 1224-5.

11. Cittavṛttikalyāṇa. Nallādīkṣita.² Mentioned by him in his Jīvanmuktikalyāṇa. IO Keith. p. 1225a. Rice p. 256. Aufrecht I, 207b and Rice 256 Mallāsomayājīn is the same author.

12. Siddhāntabherināṭaka. Viśiṣṭādvaita (?). Sudarśanācārya. Mysore I, p. 286.

13. Anumitipariṇaya : marriage between Anumiti, daughter of Parāmarsa with Nyāyarasika ; by Nṛsimhakavi of Triplicane, Madras. This play is of little philosophical interest ; it is a logic-play, तर्कनटक.

MDSC.³ 12463.

14. Vivekavijaya, the triumph of Viveka over passions by Rāmānuja Kavi, son of Pūrṇaguru and grandson of Rāmānuja guru, of S'rīperumbudur near Madras.

MDSC. 12683-4. Adyar II, p. 30b.

15. Bhaktivaibhavanāṭaka, on Kṛṣṇabhakti ; by Rājaguru Vāhinīpati Mm. Jivadeva, son of Trilocanācārya, of Puri, patronised by King Pratāparudradeva.

MTSC. 3752.

¹ A strange dramatic composition of his is the Navagrahacarita. Tanjore New Cat. 4689.

Tanjore New cat. Vol. XIX, p. 55. Kalitāṇḍavanāṭaka may be a philosophical or religious drama.

² Dr. Keith's remark on p. 1225a of his IO catalogue and on p. 1695b, Index, that Mallādīkṣita is the correct name and 'Nallā-' is incorrect, is wrong. The name of this wellknown South Indian author is Nallādīkṣita.

³ MDSC=Descriptive Cats. of the Madras Govt. Ori. MSS. Library.

MTSC=Triennial Cats. of the Madras Govt. Ori. MSS. Library.

16. Mithyājñānakhaṇḍana, a short allegorical play in one act ; by Ravidāsa. IO. 4200. Bombay Branch R. A. S. 1289-90 and many other catalogues also.

17. Mudritakumudacandra, a dramatisation of a philosophical debate ; by Yaśas'candra.

Bombay Branch R. A. S. 1292.

18. Pūrṇapuruṣārthacandrodaya, on the union of Ānandapakvavallī and King Dasāśva (lord of the ten senses, *i.e.*, Ātman) ; by Jātavedas of Viśvāmītra gotra. The author later became an ascetic. MDSC. 12540-1. MDSC. 14602 is a metrical resumé of the story of this play.

There are 2 copies of a commentary on this drama in the Travancore list of MSS. collected in 1103 Kollam.

19. Jñānamudrāṇāṭaka.

Adyar II, p. 28a.

20. Prabodhodayanāṭaka by Ś'ukles'varanātha. The several systems of philosophy dispute here in a debate in the court of King Bhagavantarāya.

Mm. Haraprasad Sastry, Notices, II Series, Vol. III, No. 190, pp. 122-4.

21. Ś'ivanārāyaṇabhañja mahodayanāṭikā ; an allegorical play from Orissa ; by Narasimha miśra who lived under the patronage of Ś'iva Nārāyaṇa Bhañja, Rāja of Keonjhar. The work ends with Jīvanmukti.

Mm. Haraprasad Sastri, Report on search for Skr. MSS. 1805-1900. Calcutta, published by the Asiatic Soc., Bengal. 1901, p. 18.

22. Jñānasūryodayanāṭaka by Vādicandra ; Jain ; Hiralal, Centr. Prov. Cat. p. 646. No. 7252. Granthanāmāvali, Ailak Pannalal Digambar Jain Sarasvatī Bhavan, Jhalrapatan, p. 30.

Peterson II, 198. III, 401. See Pāthak, J. of the Bom. Br. R.A.S. XVIII, p. 223 ¹.

23. Mitra, Notices, 1607 : Tārābhaktitarāṅgiṇī contains two allegorical dramatic sequences in which Kali, Dharma, Viveka, etc. figure as characters. The work as a whole however is not a drama.

24. Satsaṅgavijayanāṭaka by Vaijanātha.

Cat. of Skt. MSS. in the Private Libs. of Guj., Kath., Kacch, Sind and Khāṇḍes by Buhler. (II), p. 124. No. 54.

25. Svānubhūtināṭaka. MS. dated Sam. 1705 ; by Anantapaṇḍita, son of Tryambaka Paṇḍita.

S. R. Bhandarkar II Tour Report of MSS. in Raj. and Centr. India, 1904-6, p. 9.

26. Vivekacandrodayanāṭikā by Śiva.

S. R. Bhandarkar, Deccan Coll. Cat. p. 43. No. 31.

27. Dharmodayanāṭaka composed in 1692 Śaka, A.D. 1770, by Dharmadeva Gosvāmi who composed a Dharmodaya Kāvya also.

Jour. of the Assam Res. Society, III, 4, p. 119.

28. Māyāvijaya by Anantanārāyaṇasūri.

29. Jñānacandrodaya by Padmasundara.

The last two are mentioned on page v. fn. of the English introduction to the Gaekwad edition of the Moharāja-parājaya (No. IX).

30. Śaṅmatanāṭaka by Jayantabhaṭṭa. Peterson's Report, V, p. 262. No. 407.

31. Tattvamudrābhaddrodaya, by Triveṇī, a prolific south India Vaiṣṇava Brahmin poetess, daughter of Udayendrapuram Veṅkaṭācārya, author of a Yādavarāghavapāṇḍavīya.

¹ Akalaṅka's Aṣṭas'atī, commentary on Samantabhadra's Āptamīmāṃsā, is introduced as a female character in this drama.

She lived between 1817-83 and was the wife of Prativādi-bhayaṅkaram Veṅkaṭācārya of S'rīperumbudur.

(Dr. M. Kṛṣṇamacharya, M.A., M.L., PH.D. Skr. Poetesses, pp. 62-63, Souvenir of the Silver Jubilee of the Trivandrum Skr. Series).

32. Antaryyākaraṇanātyapariśiṣṭa : a dramatic composition by Kṛṣṇānanda Sarasvatī, published in 4 parts from Calcutta 1894 (?)—1899. This achieves a Vyākaraṇa-Dharma S'leṣa, *i.e.* inculcates at once rules of grammar and moral and philosophical teachings.

British Museum, Printed Books Catalogue, 1892-1906, Column 320.

33. The Bhartṛharirājyatyāganāṭaka by Kṛṣṇabaladeva varmā. Published, Lucknow, 1898. *Ibid.* 315.

34. Citsūryāloka by Nṛsimha daivajña ; allegorical drama in 5 acts. Vizianagaram, 1894. *Ibid.* 437.

35. Īhāmṛgī or Sarvavinoda in 4 acts ; dealing with S'ṛṅgāra, Bībhatsa, Hāsyā and Vairāgya. By Kṛṣṇa avadhūta, a Ghaṭikāśatamahākavi. Bellary, 1895. *Ibid.* 315.

36. Pāṣaṇḍadharmakhaṇḍana by Dāmodarāśrama, in 3 acts showing up the heresy and immorality of the Puṣṭi-mārgins. Composed in Samvat 1683.

Br. Mu. Prt. Bks. Cat. 1906-28, Col. 234.

37. Svātmaprakāśanāṭaka by Sundarasāstrin of Polaham village (Tanjore Dt.) Advaita. Pub. Chidambaram, 1319. *Ibid.* 1037-8.

38. Kṛṣṇbhakticandrikānāṭaka by Anantadeva, son of Āpadeva. Numerous MSS. Edn. Bombay Grantharatnamālā, 1887-92.¹

¹ [MDSC. 12548 and 12754 : Prapanna sapiṇḍikaraṇanirāsa is a drama strange in its theme which is a controversy regarding the proper obsequial rites to be performed for a dead Prapanna.

Besides there are many late dramas on the lives of the religious leaders, saints and devotees of S'iva and Viṣṇu. Rāmānujācārya's career is dramatised in the Yatirājavijaya or Vedāntavilāsa by Varadācārya of Kāñcī. (MDSC. 12696-12700 ; Tanjore Cat. 4486 ; Mysore I, p. 1281 ; Adyar II, p. 30a). S'ivabhaktānandanāṭaka, MTSC. 5092 and 5520, is on the life of one of the S'aivite saints. Such dramas are more truly spiritual ; for their portrayal of the religious and spiritual career of such personalities is more effective than the presentation of abstract spiritual ideas as characters on the stage. A love-story evokes love and for this purpose, one does not write a play in which S'ṛṅgāra figures as a character with Madhu, Viraha, etc. as other characters. Thus dramas on the life of saints and devotees are S'āntarasa plays. The Bhartṛharinirveda Nāṭaka of Harihara (Kāvya-mālā) is a S'ānta play of a conception far superior to other specimens though the author is somewhat unequal to the theme. The Prastāvanā says that it is a S'ānta play and that the S'āntarasa is the only lasting Rasa.

श्रीहरिहरप्रणीतेन भर्तृहरिनिर्वेदनाम्ना शान्तरसप्रधानेन नाटकेन
तानुपासितुमीहे ।

शृङ्गारादिरनेकजन्ममरणश्रेणीसमासादितैः

एणीदृक्प्रमुखैः स्वदीपकसखैरालम्बनैरार्जितैः ।

अस्येव क्षणिको रसः प्रतिपलं पर्यन्तवैरस्यभूः

ब्रह्माद्वैतसुखात्मकः परमविश्रान्तो हि शान्तो रसः ॥ २ ॥

Author : Mansālkaṭṭi Vedāntācārya. Br. Mu. Prt. Bks. Cat. 1892-1906, Col. 525 : Rājarājavarmān's Gairvāṇivijaya is another strange play in one act on the foundation of Sanskrit Schools in Travancore.]

Even in dramas on Rāma, Kṛṣṇa and S'iva, which are very large in number, there is Bhakti and through it S'ānta as the ultimate Rasa, though the drama by itself has a different and definite Rasa in its theme. For, it is devotion to these forms of God that prompted the poets to write and it is devotion that is the result in the hearts of the Sāmājikas. The actual Rasa of the play in such cases will thus be a Rasavat, subordinated to Bhakti and S'ānta which form the Paramadhvani.

The S'ānta is accepted by a majority of writers. The earliest writer now known to mention it is Udbhṭa. He simply mentions it in his K.A.S.S. but must have dealt with it at greater length, perhaps refuting the opposition to it also in his now lost commentary on the Nāṭya sāstra. Lollaṭa certainly recognised it, for as will be seen in a further section of this book, Lollaṭa recognises numerous Rasas. If he had admitted many minor Bhāvas as Rasas, he must certainly have admitted S'ānta, which his predecessor had accepted.

“तेन आनन्त्येऽपि रसानां पार्षदप्रसिद्ध्या एतावतामेव प्रयोज्य-
त्वमिति यत् भट्टलोल्लटेन निरूपितम्, तदवलेपना परामृश्य (?) इत्यलम् ।”

Abhi. Bhā. Gaek. Edn. I, p. 299 (also on p. 341).

But Lollaṭa seems to have made a compromise with the no-changers in the number of Rasas by creating 'Pārṣadaprasiddhi' as certifying only a few as Rasas. This vogue in circles of connoisseurs, Lollaṭa says, speaks *only of these* as Rasas, as capable of portrayal on the stage (Prayojya). The 'these only' (Etāvatām eva) in Lollaṭa perhaps refer only to the old eight. That S'ānta also is included and the 'these' refers to nine has to be confirmed by a more definite evidence. We have no clue to know S'āṅkuka's attitude towards S'ānta. From the number of views on the Sthāyin of S'ānta which

Abhinava reviews and which must have been the views of the previous commentators of Bharata, we can guess that S'āṅkuka also accepted S'ānta. Rudraṭa recognises S'ānta and gives Samyagjñāna or Tattvajñāna as its Prakṛti or Sthāyin. Ch. VII, 3. He describes it in S'ls. 15-16, in Ch. XV :

सम्यग्ज्ञानप्रकृतिः शान्तो विगतेच्छनायको भवति ।

सम्यग्ज्ञानं विषये तमसो रागस्य चापगमात् ॥

जन्मजरामरणादित्रासो वैराग्यवासना विषये ।

सुखदुःखयोरनिच्छाद्वेषाविति तत्र जायन्ते ॥

“सम्यग्ज्ञानं स्थायिभावः । विभावस्तु शब्दादिविषयस्वरूपम् ।

अनुभावो जन्मादित्रासादयः । ” Namisādhū, p. 166. K.M. No. 2.

Namisādhū adds that it is improper to deny the existence of S'ānta as a Rasa.

“कैश्चिच्छान्तस्य रसत्वं नेष्टम् । तदयुक्तम् । भावादिकारणानामत्रापि विद्यमानत्वात् । ” *ibid.*

Ānanda recognises the S'ānta, illustrates it with the Nāgānanda and gives तृष्णाक्षयसुख as its Sthāyin. Rājasekhara's Kāvya-mīmāṃsa might have recognised the S'ānta in its lost chapter called Rasādhikārika, since Rājasekhara follows Rudraṭa to a large extent. Bhaṭṭa Tota accepts it and from a remark of Abhinava at the end of the S'ānta section in the Locana, we see that Tota's Kāvya-kautuka contains an elaborate examination of the objections to S'ānta and gives a brilliant exposition of it as the greatest Rasa.

‘मोक्षफलत्वेन चायं परमपुरुषार्थनिष्ठत्वात् सर्वरसेभ्यः प्रधानतमः । स चायमस्मदुपाध्यायभट्टतोतेन काव्यकौतुके, अस्माभिश्च तद्विवरणे बहु-तरकृतनिर्णयः पूर्वपक्षसिद्धान्त इत्यलं बहुना । ’ p. 178.

Abhinava accepts it as the greatest Rasa in his three works, his lost commentary on his teacher's Kāvya-kautuka, his Locana and his Abhinavabhāratī. Abhinava's predecessor and ancestor, the author of the Candrikā on the Dhvanyāloka, accepts the S'ānta but gives the ruling that it can appear as an element in the subsidiary plot of the drama but never as the leading Rasa. (Locana, p. 178). This has been pointed out already. The view of the Candrikā represents one stage in the history of S'ānta. It grants that S'ānta is a Rasa but holds it still unworthy of the honour of being the leading Rasa. The next stage is the recognition of it as an Ādhikārika Rasa, but permissible as an Ādhikārika Rasa only in a Kāvya; in Nāṭya, it should only be a Prāsaṅgika Rasa. The next stage is its complete acceptance, as Ādhikārika in Nāṭya also, and as the greatest of all Rasas, synthesising all the other Rasas in itself. Bhaṭṭa Nāyaka accepts it and, like Abhinava, holds it as the greatest Rasa. Taking the very first verse of the Nāṭya śāstra—नाट्यशास्त्रं प्रवक्ष्यामि ब्रह्मणा यदुदाहृतम्—Bhaṭṭa Nāyaka imaginatively interprets this as suggesting the S'ānta Rasa.¹ 'Brahmaṇā yad udāhṛtam' does not mean the S'āstra which was delivered by Brahmā, but Drama which is compared to the Brahman or the Absolute of Vedānta. The Nāṭa is like the Brahman; upon him is created the world of drama, as this world upon the substratum of the Brahman. Drama is Māyā and the nature of its reality is Anirvacanīya. Though fundamentally non-existent in the sense in which the Nāṭa and the Brahman exist as realities, both this world and Drama do exist. Both help to the attainment of the Puruṣārthas. The essence of this view is given by him in his Maṅgalas'loka to his now lost Hṛdayadarpaṇa. See pp. 4-5. Abhi. Bhā. Gaek.

¹ Vide J. O. R., Vol. VI, p. 211, my article, Writers quoted in the Abhinavabhāratī.

Edn. I. Bhaṭṭa Nāyaka seems to have accepted as genuine the S'ānta text found in Bharata.

“ —शान्तरसाक्षेपोऽयं भविष्यति ‘स्वं स्वं निमित्तमासाद्य शान्ता-
दुत्पद्यते रसः’ इति । तदनेन पारमार्थिकं प्रयोजनमुक्तम् ” इति व्याख्यानं
हृदयदर्पणे पर्यग्रहीत् । यदाह—

‘नमस्त्रैलोक्यनिर्माणकवये शम्भवे यतः ।

प्रतिक्षणं जगन्नाट्यप्रयोगरसिको जनः ॥’ इति ।

Kṣemendra accepts it as can be seen from his *Aucityavicāra-carcā*, pp. 130-1. Following Abhinava and Ānanda, he considers S'ānta as the Rasa of the Bhārata. See S'l. 3 at the end of his *Bhāratamañjarī*. While Ānanda considers *Karuṇa* as the Rasa of the Rāmāyaṇa, Kṣemendra considers that the *Karuṇa* itself is the argument for S'ānta being the ultimate Rasa. See S'l. 1 at the end of his *Rāmāyaṇamañjarī*. S'ānta is the Rasa of Kṣemendra's *Bauddhāvadānakalpalatā* and some of his minor works, *Darpadalana*, etc. Bhoja accepts it both in his *S. K. Ā.* and *S'r. Pra.* Most of the later writers accept it.

The writers who do not accept S'ānta are mainly writers on Dramaturgy proper. They think they are loyal to Bharata by denying it. The attitude begins (as far as we know now) in the *Daśarūpaka*, the model and source for many a later work on *Rūpaka*. *Dhanañjaya* and *Dhanika*, both refute it and argue for its impossibility in drama.

शममपि केचित् प्राहुः पुष्टिर्नाट्येषु नैतस्य ।¹ D. R. IV, 35.

¹ D. T. Tātācārya, M.O.L., misunderstands this *S'ānta*, the *Bhāva* which is given here as the *Sthāyin* of S'ānta, as something having nothing to do with S'ānta and as something new and distinct

From this it would appear that Dhanañjaya denies S'ānta only in drama but accepts it in Kāvya. But, as a matter of fact, Dhanañjaya, as interpreted by Dhanika, does not recognise it even in Kāvya. See p. 124. Mammaṭa first says that the Nāṭya Rasas are only the eight given by Bharata, but adds afterwards that there is also a ninth Rasa called S'ānta with Nirveda as its Sthāyin, K. Pra. IV. S'ls. 6 and 12. S'āradātanaya denies it in Nāṭya, following one set of writers who opine that Brahmā gave only eight Rasas but subsequently mentions the S'ānta as accepted by Vāsuki. S'īṅabhūpāla recognises only eight Rasas in drama and refutes Bhoja for holding S'ānta also as a Rasa, R.A.S. II, p. 171, T.S.S.

Some of the writers on Nāṭya seem to be anxious to object to S'ānta only in drama, since, in drama which requires the action of a Rasa through its Anubhāvas, there is no possibility of acting S'ānta Rasa, which, according to them, is devoid of all activity. The S'ravyakāvya however can describe the S'ānta Rasa, for what cannot be acted can at least be described. The D. R. Avaloka proposes :

‘ननु शान्तरसस्य अनभिनेयत्वात् यद्यपि नाट्येऽनुप्रवेशो नास्ति,
तथापि सूक्ष्मातीतादिवस्तूनां सर्वेषामपि शब्दप्रतिपाद्यताया विद्यमानत्वात्
काव्यविषयत्वं न वार्यते ।’ p. 124.

And even this Dhanika does not grant. For he says that such a state as S'ānta is the very negation of the possibility of affirming anything of it. For, whatever way in which we can describe it is incorrect in so far as we are always describing in worldly terms something which is not like anything of this

from S'ānta. He says incorrectly : “ Dhanañjaya seems to accept S'ānta as distinct from S'ānta rasa, which, he thinks, has no place in drama.” (J.O.R., Vol. V, p. 28.)

world. The Upaniṣads themselves describe the Brahman by saying that It is not this, not this. Such a state can never be made the subject of Kāvya even.

“ शान्तो हि तावत्—

‘¹न यत्र दुःखं न सुखं न चिन्ता न द्वेषरागौ न च काचिदिच्छा ।
रसस्तु शान्तः कथितो मुनीन्द्रैः सर्वेषु भावेषु शमप्रधानः ॥’

इत्येवंलक्षणः, तदा तस्य मोक्षावस्थायामेव आत्मस्वरूपापत्तिलक्षणायां प्रादुर्भावात् तस्य च स्वरूपेण अनिर्वचनीयता । तथा हि श्रुतिरपि स एष नेति नेति अन्यापोहरूपेणाह ।” D. R. A., p. 124.

This objection of the indescribability of S'ānta and the impossibility of enacting it has already been answered. See above. The Sukha which is said to be absent in that state refers to worldly joy. Visvanātha thus replies to Dhanika :

“युक्तवियुक्तदशायामवस्थितो यः शमः स एव यतः ।

रसतामेति तदस्मिन् सञ्चायदिः स्थितिश्च न विरुद्धा ॥”

S.D., III, 250.

“यश्चास्मिन् सुखाभावोऽप्युक्तः, तस्य वैषयिकसुखपरत्वात्

न विरोधः” | *ibid.* III (under Kārikā 249).

Vedāntadesika also has answered this and other objections to the S'ānta in the prologue to his Saṅkalpasūryodaya. See D. T. Tatacharya, J. O. R., Vol. V, pp. 32-3, where the passage from Vedāntadesika is quoted in full.

To grant it in Kāvya and to deny it in Nāṭya is as clumsy a compromise as the one which grants it inherent

¹ This is evidently a verse from an old writer who accepted the S'ānta and described it in these terms.

Rasatva and denies it conventional vogue as a Rasa. Kāvya is, in essence, only drama and this Abhinava has emphasised in his Abhinava-bhāratī.¹ If it is possible to develop it as the theme of a Kāvya, equally is it possible to handle it as the motif of a drama.

There are other writers who are not so antagonistic towards S'ānta as to deny it totally. They are not Abhāvavādins but are Antarbhāvavādins. The aspect called the quietistic is no doubt available in Kāvya and Nāṭya but one need not recognise it as a special and separate Rasa with the name S'ānta which Bharata does not speak of. We can have it and relish it as a variety of one of the Rasas already given by Bharata. Thus, for instance, some writers include S'ānta in Vīra and say that S'ānta is nothing but Dayāvīra. This view cannot however explain all cases of S'ānta but it owes its origin to the fact that it was Nāgānanda that was at first kept in view by the sponsors and adversaries of S'ānta. Others try to include it in Jugupsā. Inclusion in many other Bhāvas is possible as will be shown in the section on the Sthāyin of S'ānta. But in all these cases the Antarbhāvavādins mistake a Sañcārīn, though an Ābhyañtara one, for the Sthāyin. Vīra, as emphasising Ego, as Ahañkārapradhāna, can go ill with S'ānta which is the very negation of Ahañkāra. If there are certain varieties of selfless Vīra like Dayāvīra, Dharmavīra and Dānavīra, they must be brought under the Mahāviṣaya, viz., the S'ānta and not *vice versa*. So also Jugupsā, etc.²

निरहङ्काररूपत्वाद्यावीरादिरेष नो ।

Again

सर्वाकारमहङ्काररहितत्वं व्रजन्ति चेत् ।

अत्रान्तर्भावमर्हन्ति द्यावीरादयस्तदा ॥

These are at best very prominent and frequently appearing accessories. We can say :

कस्यचिच्छान्तभेदस्य स तु स्यादुपलक्षणम् ।

Dayāvīra, etc. may be some cases of S'ānta, not all cases of S'ānta. S'ānta comprehends all the forty-nine Bhāvas as its Vyabhicārins. It cannot be included in anything. शुद्धजुगुप्सा, दयावीर, विचित्ररत्यादिस्थाय्यष्टक—these are, each of them, a kind or a case of S'ānta; they cannot define S'ānta. If in spite of the fundamental difference between S'ama and Utsāha, some want to include S'ānta in Vīra, because both have Utsāha of a Sāttvika form in them, all the Rasas can be included in Vīra, for there is hardly any activity without Utsāha. If because of the Sāttvika nature of the Utsāha in S'ānta and Vīra, the two are made into one, well can Vīra and Raudra be made into one, because both carry out the destruction of the enemy. This Antarbhāvavāda is dealt with at greater length in the section on the Sthāyin of S'ānta.

S'ānta is the Rasa of S'ama, or Tattvajñāna or realisation of Ātman. The whole world may be its Uddīpanavibhāva. Its Ālambanavibhāva is, in cases of Bhakti or devotion, a personal God, and in other cases, the Ātman or the Brahman. Those who have accepted S'ānta give it all the Rasa-details which Bharata gives to other Rasas, viz., its Varṇa (colour), Devatā (presiding deity), Vṛtti, Guṇa, etc. The original text of Bharata on the Rasa-devatās reads 'अद्भुतो ब्रह्मदेवतः' VI, 50. Abhinava says that according to the S'ānta-advocates, the text reads thus: "वीरो महेन्द्रदेवः स्यात् बुद्धः शान्तोऽब्जजोऽद्भुतः" इति शान्तवादिनः केचित् पठन्ति । बुद्धो जिनः परोपकारैकपरः, प्रबुद्धो वा ।" Abhi. Bhā., Gack. Edn., I, p. 300. Abhinava says that either the Buddha or the enlightened soul in general is

the Devatā of S'ānta. The mention of Buddha in the amended text is tell-tale and shows the hand of some writer like Rāhula. It confirms our surmise in an earlier section of this book that the Buddhists might have ushered the S'ānta in. It is natural that Visvanātha clearly stated Nārāyaṇa as the Devatā of S'ānta—S'ri Nārāyaṇadaivaḥ. The Alaṅkāra-sarvasva of Harṣopādhyāya (?), written for one Gopāladeva, makes the supreme spirit, Para Brahman, as the Devatā of S'ānta.¹ Regarding the colour of S'ānta, one naturally expects it to be pure white, to be in consonance with the purity and knowledge that characterise it. Visvanātha says of it—Kundendusundaracchāyaḥ. So also did Abhinava say: according to him, advocates of S'ānta changed the text 'पीतश्चेवाद्भुतः स्मृतः' into 'स्वच्छपीतौ शमाद्भुतौ'. "स्वच्छपीतौ शमाद्भुतौ" इति शान्तवादिनां पाठः". Gaek. Edn., I, p. 299. The Vṛtti of S'ānta is given by Abhinava as the Sāttvatī, because the Sāttvatī vṛtti is described by him as full of Sattvaguṇa.² 'शान्ते तु सात्त्वत्येव वृत्तिरिति—'. Abhi. Bhā., Gaek. Edn., I, p. 341. But, correctly speaking, the real Vṛtti of S'ānta cannot be any of the four or can be any one of the four in the several situations according to the Vyabhicārins. Thus in the case of a drama involving Bhakti or devotion to a personal God, the Vṛtti is Kaisikī.

The Saṅgītasudhākara of king Haripāladeva (Madras MS.)³ which, as will be seen presently, accepts S'ānta as a

¹ Madras Govt. Ori. MSS. Library, Triennial Catalogues, 1910-1922, R. No. 3325.

² Regarding this false etymology, of Sāttvatī from Sattva, see my article on the Vṛttis, J. O. R., Vol. VII, pp. 38-44.

³ Triennial Catalogue, Madras Govt. Ori. MSS. Library, R. Nos. 779 (Chs. 1-2) and 3082 (Chs. 3-6). See J. O. R., Vol. VII, pp. 102-4, my article on the Vṛttis. Also, pp. 21-3, Vol. IV, Journal of the Madras Music Academy, my article on Later

less basic Rasa and introduces a permanent quietistic Rasa called Brāhma, which latter corresponds to the S'ānta of others, postulates the Vṛtti of this basic Brāhmarasa as the Brāhmī vṛtti. In the fight of Viṣṇu with the two demons, Madhu and Kaiṭabha, in which incident arose the four Vṛttis, Brahmā was a spectator and Haripāla makes this Tāṭastha Brahmā the source of his Brāhmī vṛtti. This Vṛtti he ascribes not only to the Brāhma rasa, but to S'ānta and Adbhuta also. Brahmā is the Devatā of Adbhuta in the old text of Bharata also. Brahmā is thus the Devatā of S'ānta and Brāhma Rasas according to Haripāla :

अधिष्ठाय रसानेतान् पञ्चाजायन्त वृत्तयः ।

कैशिक्यारभटी ब्राह्मी सात्त्वती भारती तथा ॥

.

ब्राह्मी नाम भवेद्वृत्तिः ब्राह्मशान्ताद्भुताश्रया ।

ब्राह्मी ब्रह्मोद्भवा तत्र शेषा नारायणोद्भवाः ॥ Mad. MS., p. 19.

Regarding the Guṇa of S'ānta : Ānanda says that Mādhurya is the Guṇa of S'ṛṅgāra (Sambhoga), Vipralambha, and Karuṇa. This Guṇa is sweetness and the melting of the heart. Really speaking this Mādhurya applicable to worldly sweetness or Cittadruti of a worldly nature cannot apply to S'ānta. Perhaps Prasāda may fit S'ānta, for, above all, S'ānta is the tranquillity and transparence of the Cittavṛtti or Antaḥkaraṇa which has become tarnished with the dust of this world. Prasāda which shows the total absence of Rāga and Dveṣa is the nearest

Saṅgita Literature. MSS. of Haripāla's Saṅgitasudhākara are available in the Adyar (Cat. II, p. 46b), Tanjore (Nos. 10804-6) and Mysore (Cat. I, 378, entry 7, where there is some mistake) Libraries.

approach to the *Taṭasthatā* of *S'ānta*. But Hemacandra considers that in *S'ānta*, *Mādhurya* exists in a high degree.

‘द्रुतिहेतुर्माधुर्यं शृङ्गारे । शान्तकरुणविप्रलम्भेषु सातिशयम् ।’

K. A. IV, p. 201.

‘सातिशयमिति—अत्यन्तद्रुतिहेतुत्वात् ।’ Com. *ibid*.

Jagannātha also views similarly. He gives the greatest amount of *Mādhurya* as present in *S'ānta*.

“तत्र शृङ्गारे संयोगारूढे यन्माधुर्यं ततोऽतिशयितं करुणे, ताभ्यां विप्रलम्भे, तेभ्योऽपि शान्ते ।” R. G., p. 53.

In this respect, both Hemacandra and Jagannātha only follow Mammaṭa who says:

आह्लादकत्वं माधुर्यं शृङ्गारे द्रुतिकारणम् ।

करुणे विप्रलम्भे तच्छान्ते चातिशयान्वितम् ॥ Kā. Pra., VIII, 3.

These writers seem to have in their mind the state of *Brahmāsvāda* or the realisation of *Ānanda*, that being the end of *S'ānta* rasa. Surely bliss unalloyed is sweetest.

III

IN this section I propose to speak of some peculiar and original views expressed by some writers on the *S'ānta Rasa*.

THE RASAKALIKĀ OF RUDRABHAṬṬA

In the section on the *Sthāyin* of *S'ānta* it will be seen that *Nirveda*, *Tṛṣṇāksayasukha*, *Vairāgya*, *Tattvajñāna*, etc. make their claim to be the *Sthāyin* of *S'ānta*. Each of these helps the other and shades off into the other. All of them form aspects of the one *Rasa* of *S'ānta*. So it seems to Rudrabhaṭṭa, the author of the *Rasakalikā*, an unpublished work on *Rasa* preserved in two parts in two MSS. in the Govt. Oriental Library, Madras (Nos. R. 2241 and 3274)¹. He says first that

¹ The two MSS. make the work almost complete; but there still seems to be some portion missing. On p. 32 of R. 2241, there is a *Cāṭu* on a king named Arjuna. This *Rasakalikā* is identical with the *Rasakalikā* which is quoted by Vāsudeva in his commentary on the *Karpūramañjarī* (K. M. Edn.). All the six verses cited by Vāsudeva are found in the *Rasakalikā* in these Madras MSS. There are two copies, an original and a transcript, of the *Rasakalikā* in the Mysore Oriental Library.

There is no indication of the author in the MSS. of this work. But we are able to know that one Rudrabhaṭṭa was its author from the external evidence of a Kanarese treatise on *Rasa*, the *Rasaratnākara* of Sālva (16th cent.). Sālva says that he draws upon Amṛtānanda, Hemacandra, Rudrabhaṭṭa and Vaidyānātha. While dealing with the *Uddipana-Vibhāvas*, Sālva says that Rudrabhaṭṭa mentions them as four in his *Rasakalikā* (p. 11, *Rasaratnākara*, Madras University Kanarese Series, No. 9, Ed. by A. Venkat Rao and Pandit H. Sesha Ayyangar). On pp. 188-2 of this edn., is found an appendix containing all the passages of the *Rasakalikā* quoted by Sālva.

S'ama is the Sthāyin of S'ānta (R. 2241, p. 7) and then describes on p. 9 that S'ama is the untinted, rippleless state of the mind which is acquired through Vairāgya, etc.

“ शमो वैराग्यादिना निर्विकारचित्तत्वम् । यथा—

‘ अशीमहि वयं भिक्षाम् आशावासो वसीमहि ।

शयीमहि महीपृष्ठे कुर्वीमहि किमीश्वरैः ॥ ’ ” p. 9, R. 2241.

What other things does he mean besides Vairāgya when he says ‘ *Vairāgya-ādinā* ? ’ He explains on p. 47. He says that even as Vīra is of the forms of Dāna-, Dayā-, Yuddha- and Dharma-Vīra, S'ānta also has four Prakāras or phases or forms : Vairāgya, Doṣanigraha, Santoṣa and Tattvasākṣātkāra.

“ अथ शान्तः—

विषयेभ्यो विरक्तस्य तत्त्वज्ञस्य विवेकिनः ।

रागादिनिर्विकारत्वं शान्तिरित्यभिधीयते ॥

सा चतुर्विधा—वैराग्यम्, दोषनिग्रहः, सन्तोषः, तत्त्वसाक्षात्कारिता चेति । ”

“ विषयेभ्यो निवृत्तिर्वैराग्यम् । रागाद्यभावो दोष-
निग्रहः । तृष्णोन्मूलनं सन्तोषः । तत्त्वसाक्षात्कारः ॥ ”
pp. 47-48.

Here Vairāgya and the other three are spoken of not as means to S'ama but as forms of S'ama or S'ānta itself.

THE SAṄGĪTASUDHĀKARA OF HARIPĀLADEVA

Unlike most of the later writers, king Haripāla boldly wrote on independent lines, creating new concepts. He accepts thirteen Rasas : the old eight of Bharata, S'ānta,

Vātsalya (which comes down from Rudraṭa's time), and three absolutely new Rasas, Sambhoga, Vipralambha and Brāhma. He expressly says that the last three are new and distinct Rasas according to his view.

शृङ्गारो हास्यनामा च बीभत्सः करुणस्तथा ।
 वीरो भयानकाह्वानो रौद्राख्योऽद्भुतसंज्ञकः ॥
 शान्तो ब्राह्माभिधः पश्चाद् वात्सल्याख्यस्ततः परम् ।
 सम्भोगो विप्रलम्भः स्याद् रसास्त्वेते त्रयोदश ॥

P. 16, Madras MS. R. 3082 (Ch. IV).

What his new Rasas, Sambhoga and Vipralambha, are and how they differ from the first, *viz.*, S'ṛṅgāra—these questions will be taken up in another section. Now we shall restrict ourselves to Haripāla's views on the new Rasa named Brāhma which he holds in addition to (and not in the place of) the S'ānta. What are these two Rasas, Brāhma and S'ānta and how do they differ? What are their respective and distinct Sthāyins? What is the necessity for recognising two such Rasas?

Haripāla gives the Sthāyins of his Rasas thus :

आह्लादः प्रथमं नर्म¹ जुगुप्सा शोक एव च ॥
 उत्साहदैन्य² क्रोधोऽथ विस्मयस्तदनन्तरम् ।
 निर्वेदश्च तथानन्दः प्रीति रत्यरती तथा ॥
 प्रत्येकं स्थायिनो भावाः क्रमात् प्रत्येकमीरिताः । p. 17, *ibid.*

He accepts the view that Nirveda is the Sthāyin of S'ānta and in this acceptance, he seems to have a purpose which

¹ *Narma* means *Hāsa*.

² *Bhaya* is the old Sthāyin of Bhayānaka.

we shall see presently. Haripāla says further on these Rasas :

सम्भोगो विप्रलम्भश्च ब्राह्मश्चेति त्रयो रसाः ।

अतिरिक्ता उदीर्यन्ते हरिपालमहीभुजा ॥ p. 17.

ब्राह्मो नाम रसः सर्वप्रपञ्चोत्तीर्णरूपकः ।

नित्यः स्थिरोऽत एवायं पार्थक्येन प्रकीर्तितः ॥ p. 18.

From the latter verse we have to take that Haripāla distinguishes the S'ānta and the Brāhma Rasas as differing in the degree of permanence. He calls the Brāhma, of which Ānanda is given as the Sthāyin, eternal (Nitya) and permanent (Sthira), and from this we have to understand that the S'ānta of which Nirveda is the Sthāyin is impermanent (Anitya and Asthira). While discussing the claims of Nirveda born of Tattvajñāna to be the Sthāyin of S'ānta, Abhinava quotes the verse वृथा दुग्धोऽनङ्गवान् etc. and points out that the resulting Bhāva is Kheda or Nirveda in ordinary things in the sphere of our mundane activities, which has no reference to the fourth Puruṣārtha, Mokṣa. This Nirveda can be developed into a Rasa which is a kind of quietude, S'ānta. Perhaps, it is to distinguish such a Rasa as this Nirveda-S'ānta involving a passive attitude towards mundane matters, that Haripāla postulated a Brāhma rasa to refer to a regular activity towards the attainment of Mokṣa. No such explanation is however offered by Haripāla. The above suggested explanation loses point when it is realised that a Nirveda in ordinary things must only be a Bhāva and if it is nourished into a Rasa, it cannot stop short without developing into a Rasa referring to Mokṣa. It is a pity that Haripāla has not explained himself more elaborately.

THE PRAPAÑCAHRDAYA

The Prapañcahrdaya, an anonymous compendium, published as No. XLV of the Trivandrum Skt. Series, treats of the subject of Rasa under Nāṭya, in the section on the Gāndharva Veda, in the chapter on the Upavedas. The work approaches S'ānta in a new manner. It says that there are only eight Sthāyins but opines that the Nāṭyasāstra gives nine Rasas! It thus gives eight Sthāyins and nine Rasas. It refutes those who hold S'ānta as the negation of the other eight and holds it as the cessation of all the senses, Sarva-indriya-uparama. But what exactly is the S'ānta, it does not say.

“तदेतत् (नाट्यम्) अष्टभावानां नवरसानाम् आश्रयभूतम् । ते च प्रदर्शिताः—

‘रतिर्हासश्च शोकश्च क्रोधोत्साहौ भयं तथा ।
जुगुप्सा विस्मयश्चैवेत्यष्टौ भावाः प्रकीर्तिताः ॥
शृङ्गारहास्यकरुणा वीररौद्रभयानकाः ।
बीभत्साद्भुतशान्ताश्च नव नाट्यरसाः स्मृताः ॥’

इति । तत्राष्टौ भावाः पूर्वरूपाः । तदुत्तररूपा नवरसाः । . . .
तदष्टभावानामभावो नवम इति केचिदाहुः । तदसमञ्जसम् । नाट्यशास्त्रे
नवरसानामभ्युपगमात् । अतः सर्वेन्द्रियोपरमलक्षणः शान्तो नवमरसः ।”

pp. 55—56.

How can one speak of a Rasa without a Sthāyin?

THE ANUYOGADVĀRA SŪTRA

The Anuyogadvārasūtra with the Skt. gloss of Maladhāri Hemacandra (Āgamodaya Samiti Series) deals with the nine

Rasas of Kāvya, p. 134 ff. The gloss first explains the Prasānta Rasa thus :

‘प्रशाम्यति क्रोधादिजनितौत्सुक्यरहितो भवत्यनेनेति प्रशान्तः । परम-
गुरुवचःश्रवणादिहेतुसमुल्लसित उपशमप्रकर्षात्मा प्रशान्तो रस इत्यलं विस्तरेण’।

The text describes and illustrates the Prasānta thus :

निद्वोसमणसमाहाणसंभवो जो पसंतभावेणम् ।
अविकारलक्षणो सो रसो पसंतो त्ति णायव्वो ॥

पसन्तो रसो जहा—

सवभावनिर्विगारं उवसंतपसंतसोमदिट्ठीअम् ।
ही जह मुणिणो सोहइ मुहकमलं पीवरसिरीअम् ॥

छाया

निर्दोषमनःसमाधानसम्भवो यः प्रशान्तभावेन ।
अविकारलक्षणः स रसः प्रशान्त इति ज्ञातव्यः ॥

प्रशान्तो रसो यथा—

सद्भावनिर्विकारम् उपशान्तप्रशान्तसौम्यदृष्टीकम् ।
पश्य यथा मुनेः शोभते मुखकमलं पीवरश्रीकम् ॥

Besides this Prasānta Rasa, the commentator explains that the Vīrarasa in the text has two sublime varieties called Tyāgavīra and Tapovīra, both of which are superior to the third variety called Yuddhavīra. It further explains that Tyāgavīra, Tapovīra and the Prasānta are Rasas which are not brought into existence by any “Sūtradoṣas” like Anṛta, Parahimsā, etc. Yuddhavīra involves Paropaghāta, destruction of others; Adbhuta is roused by ‘hyperbole’, Atisayokti, which is a species of falsehood. More of this later.

IV

THE STHĀYIN OF S'ĀNTA

WHEN it is said that Bharata did not speak of the S'ānta Rasa, it follows that he did not mention any Sthāyin which developed into that Rasa. One of the chief arguments of those who do not accept S'ānta is that Bharata did not give its Sthāyin. Says the Locana :

“ ‘ननु नास्त्येव शान्तो रसः । तस्य तु स्थाय्येव नोपदिष्टो मुनिना ’ इत्याशङ्क्याह ॥ ” p. 176.

The reply to this objection to S'ānta must show that not only is a S'ānta Rasa possible from a Sthāyin like S'āma, but also that the Sthāyin is available in Bharata's text itself. So certain writers who held S'āma as the Sthāyin of S'ānta interfered with Bharata's text. The result of this interference is seen in three places. The first two are emendations of Bharata's Anuṣṭubhs enumerating the Rasas and the Sthāyins,

“ शृङ्गार + वीभत्साद्भुतसंज्ञौ चेत्यष्टौ नाख्ये रसाः स्मृताः ”
became “ शृङ्गार + वीभत्साद्भुतशान्ताश्च नव नाख्ये रसाः स्मृताः ” ।
And “ जुगुप्सा विस्मयश्चेति स्थायिभावाः प्रकीर्तिताः ” was read as
“ जुगुप्साविस्मयशमाः स्थायिभावाः प्रकीर्तिताः ॥ ”

Abhinava has these remarks on these two texts :

“ शान्तापलापिनस्तु अष्टाविति तत्र पठन्ति । ”

“ तत्र शान्तस्य स्थायी ‘ विस्मयशमाः ’ इति कैश्चित् पठितः । ”

Gaek. Edn., Vol. I, p. 269.

The third case of interference is a complete interpolation of a section on S'ānta in Ch. VI. (Gaek. Edn., I, p. 333.) The Kāvya-mālā and the Kāsī editions of the N. S'. do not have the section on S'ānta in Ch. VI. In this interpolated section, S'ama is given as the Sthāyin of S'ānta :

“ अथ शान्तो नाम शमस्थायिभावात्मको मोक्षप्रवर्तकः ॥ ”

That this section was absent in certain MSS. and that certain recensions counted only eight Rasas is known from Abhinava's own remarks. Abhinava says :

“ तथा च चिरन्तनपुस्तकेषु स्थायिभावान् रसत्वमुपनेष्याम इत्यनन्तरम् ‘ शान्तो नाम शमस्थायिभावात्मकः ’ इत्यादिशान्तलक्षणं पठ्यते ॥ ”

Gaek. Edn., I, p. 340.

This remark will make it clear that the section on S'ānta Rasa is not exactly the end of Chapter VI as now found in the Gaek. edn., but the beginning of the section treating of all the Rasas, *i.e.* before the subsection on S'ṛṅgāra. There is no doubt on this point that the section on S'ānta opened the section on Rasas and appeared even before S'ṛṅgāra, in some old MSS. which Abhinava consulted. For Abhinava makes an additional score out of this priority of S'ānta in the treatment of Rasas. He says that it is because the Sthāyin of S'ānta is Sthāyin *par excellence*, being the Ātman itself on which arise the comparatively less basic Sthāyins Rati, etc., and because all Rasāsvāda is of the form of

S'ānta, being Alaukika and free from worldly links, S'ānta is the greatest Rasa and hence it is that it is dealt with at the very beginning.

“ —इत्यस्य (शान्तस्य) सर्वप्रकृतित्वाभिधानाय पूर्वमभिधानम् । ”

Gaek. Edn., I, p. 340.

Who may be the author responsible for introducing the S'ānta texts in the N. S'.? It is not possible to say anything definite. All we know now is that Udbhaṭa, the earliest of the now known regular commentators on Bharata, accepts the S'ānta as is seen from his K. A. S. S. which however mentions not its Sthāyin. Pratīhārendurāja gives the Sthāyins and he speaks of S'ama as the Sthāyin of S'ānta.

For those who believe in the genuineness of these texts on S'ānta as Bharata's own, there is no difficulty in answering the objection that S'ānta cannot be accepted for the reason that Bharata did not mention at all its Sthāyin. For according to them, Bharata gave nine Rasas, mentioned S'ama as the Sthāyin of S'ānta and described S'ānta as the greatest Rasa.

One of the main objections against S'ama being accepted as the Sthāyin of S'ānta is that the texts which say so cannot be relied upon as genuine because of their absence in some recensions. Also because of the fact that the S'ama here spoken of would make the number of Bhāvas fifty and Bharata gives only forty-nine. Therefore some advocates of S'ānta put forward Nirveda as the Sthāyin, Nirveda being one of the forty-nine given by Bharata. These advocates of Nirveda did not however criticise S'ama. Another objection, an imaginary one, is that S'ama and S'ānta are synonymous and the former cannot be the Sthāyin of the latter. S'ama and S'ānta differ even as Bhaya and Bhayānaka, Vismaya

and Adbhuta and Hāsa and Hāsyā. The former is Laukika, the latter Alaukika. Says Abhinava :

शमशान्तयोः पर्यायत्वं तु हासहास्याभ्यां व्याख्यातम् । सिद्धसाध्य-
तया यदलौकिकत्वेन (लौकिकालौकिकत्वेन) साधारणासाधारणतया च
वैलक्षण्यं शमशान्तयोरपि सुलभमेव । Gaek. Edn., I, 336.

Both the above-mentioned objections to S'ama are thus set forth by Abhinava, earlier, as Pūrvapakṣa :

“ एतदपरे न सहन्ते, शमशान्तयोः पर्यायत्वात् (१), एकात्र-
पञ्चाशद्भावा इति संख्यात्यागात् (२) । ” p. 333, *ibid.*

Rudraṭa comes next to Udbhaṭa in the discussion on the Sthāyin of S'ānta. He mentions S'ānta as
2. Samyagjñāna. a Rasa and gives its Sthāyin as Sam-
yagjñāna. Namisādhū clearly says that
Rudraṭa gives Samyagjñāna as the Sthāyin.

सम्यग्ज्ञानप्रकृतिः शान्तो विगतेच्छनायको भवति ।

सम्यग्ज्ञानं विषये तमसो रागस्य चापगमात् ॥ Ch. xvi, 15.

सम्यग्ज्ञानं स्थायिभावः—Namisādhū.

Evidently Rudraṭa did not rely on the S'ānta texts in Bharata's N. S'. but was bold enough to hold Rasas not mentioned by Bharata. So he left out S'ama and put forward Samyagjñāna as the Sthāyin of S'ānta. If Samyagjñāna means the realisation of the self, it becomes the causal antecedent of S'ama. Samyagjñāna is Tattvajñāna and all writers following Bharata have given it as one of the Vibhāvas of S'ama. But Namisādhū does not make any difference between Samyagjñāna and S'ama. Under Rudraṭa's verse enumerating the Rasas, Namisādhū enumerates the Sthāyins, the Vyabhicārins, etc. And here, he gives S'ama as the Sthāyin of S'ānta.

We are not able to know what Bhāva was held as Sthāyin by Lollaṭa and S'āṅkuka. Some of the views on the Sthāyin of S'ānta mentioned in the Abhinavabhāratī may be the views of these two commentators. To those views we shall turn presently. Before that we shall examine the views of authors whose works are available to us. Ānandhavardhana accepts the S'ānta Rasa, criticises the views of the opponents of S'ānta and determines the character of this Rasa. He does not hold S'ama or Nirveda as its Sthāyin but gives Tr̥ṣṇākṣayasukha as its Sthāyin. He says :

‘शान्तश्च तृष्णाक्षयसुखस्य यः परिपोषः तल्लक्षणो रसः प्रतीयत एव । तथा चोक्तम्—

“यच्च कामसुखं लोके यच्च दिव्यं महत् सुखम् ।

तृष्णाक्षयसुखस्यैते नार्हतः षोडशीं कलाम् ॥ ’”

III, Ud. p. 176, N. S. Edn.

The Locana :

“तृष्णानां विषयाणां यः क्षयः सर्वतोनिवृत्तिरूपः निरोधः तदेव सुखं तस्य यः स्थायीभूतस्य परिपोषः रस्यमानताकृतः तदेव लक्षणं यस्य स शान्तो रसः ॥ ”

This non-acceptance of S'ama shows that Ānandavardhana did not accept or follow the S'ānta text in Bharata. His Sthāyin for S'ānta is that happiness which is the cessation of all desires—Tr̥ṣṇā-kṣaya-sukha—and is inspired by Vyāsa, whose Mahābhārata Ānanda is going to expound as a S'ānta-epic in the next Uddyota of his work. If however we take this Tr̥ṣṇā as an Upalakṣaṇa for all Bhāvas, this Sthāyin will become identical with the S'ama or the Prasama

of all Cittavṛttis. That this Sthāyin also will, in some way, become a form of S'ama is accepted by Ānanda when he distinguishes the S'ānta from the Vīra in which certain opponents include the S'ānta. Ānanda says :

“ अस्य च शान्तस्य अहङ्कारप्रशमैकरूपतया स्थितेः । ” p. 177.

And the Locana here interprets Ahaṅkārapras'ama as Nirīhatva. Hemacandra, a follower of Ānanda and Abhinava, equates Ānanda's Tṛṣṇākṣaya with S'ama :

“ —तृष्णाक्षयरूपः शमः स्थायिभावः चर्वणां प्राप्तः शान्तो रसः । ”

K. A., p. 80.

The Locana informs us that there were some who, not satisfied with Tṛṣṇākṣayasukha, gave the complete death of all the Cittavṛttis, the modifications of the mind, as the Sthāyin. Abhinava replies that if this is meant as a negative state, it can hardly be a Bhāva ; for a negative state cannot be a state or Bhāva ; if however it is meant as a positive state marked by the absence of all the Cittavṛttis, it comes to the same thing as that state of bliss which is marked by the annihilation of all desires.

अन्ये तु सर्वचित्तवृत्तिप्रशम एवास्य स्थायीति मन्यन्ते । तच्चासत् ; भावस्य प्रसज्यप्रतिषेधरूपत्वे चेतोवृत्तित्वाभावेन भावत्वायोगात् । पर्युदासे तु अस्मत्पक्ष एवायम् ॥ Locana, p. 177 (Reconstructed).

There are others, the Locana continues, who quote a verse from Bharata on S'ānta as the one basic Rasa of which the other Bhāvas are transformations and hold that state of the mind when it is itself and is free from any transforming condition, as the Sthāyin of S'ānta. Abhinava

4. Sarvacittavṛtti-
pras'ama,

5. Nirvis'eṣa-Citta-
vṛtti.

says that this also differs only slightly from *Trṣṇākṣaya*. While *Anupajātaviśeṣa-cittavṛtti* is a state of *Prāgabdhāva* of *Trṣṇā* etc., *Trṣṇākṣaya* refers to a state of the *Pradhvaṁsābhāva* of *Trṣṇā* etc. The extermination of *Trṣṇā* is the natural process; we see in experience the polluted *Citta* gradually clearing.

इति भरतवाक्यं दृष्टवन्तः सर्वरससामान्यस्वभावं शान्तमात्रक्षणा अनुपजात-
विशेषान्तरं चित्तवृत्तिरूपं शान्तस्य स्थायिभावं मन्यन्ते । p. 177.

Bhoja gives *Dhṛti* as the *Sthāyin* of *S'ānta* in his
Sarasvatīkaṇṭhābharṇa. pp. 514-515.
6. *Dhṛti*.

“ — धृतिस्थायिभावः वस्तुतत्त्वालोचनादिभिः व्यभिचारिभावैः वागा-
रम्भादिभिरनुषज्यमानः निष्पन्नः शान्त इत्यभिगीयते । ¹

अन्ये पुनरस्य शमं प्रकृतिमामनन्ति, स तु धृतेरेव विशेषो भवति । ”

What is this *Dhṛti* ? *Dhṛti* means Firmness, Contentment and Joy. All the three are pertinent. But Bhoja means only contentment, *Santuṣṭi*, for, his illustration is :

सर्वाः सम्पत्तयस्तस्य सन्तुष्टं यस्य मानसम् ।

उपानद्रूपपादस्य ननु चर्मास्तृप्तैव भूः ॥

This contentment again is not far off from *Trṣṇākṣaya* or *S'ama*. Bhoja mentions *S'ama* here as being held by others and he opines that it comes under *Dhṛti*. Perhaps the reason why Bhoja did not choose *S'ama* is that it is not found in Bharata's list of 49 *Bhāvas*. *Dhṛti* is found there. Elsewhere Bhoja gives the same *S'ama* as a variety of the *Vyabhicārin* called *Mati*. (p. 523) मतिविशेषः शमो यथा । *Mati*

¹ See also the *Sāhitya mimāṃsa*, TSS. 144, p. 59, where this view of Bhoja is noted. The S. M. itself does not accept the *S'ānta*.

has a variety called *Tattvajñāna* which is again not different from *S'ama*.¹ In the *S'ṅgāraprakāśa* Bhoja discards *Dhṛti* and holds *S'ama* as the *Sthāyin*.

“अत्र च शमप्रकृतिः शान्तः etc.”

S'r. pra. Maḍ. MS., Vol. II, pp. 377-8.

Dhṛti is mentioned by Bharata as a *Vyabhicārin* and in Ch. 7, *Vijñāna*, *S'ruti*, *S'auca*, *Ācāra* and *Gurubhakti* are mentioned among its *Vibhāvas*. These would properly come within the scope of the *S'ānta Rasa*. Earlier, in the first chapter itself, Bharata speaks of *Dhṛti*. While describing how variously Drama pleases persons of differing temperaments and moods, Bharata says that Drama gives *Dhṛti* to those whose minds are in anguish or are disturbed very much.

अर्थोपजीविनामर्थो धृतिरुद्विग्नचेतसाम् । *Gaek. Edn., I, 112.*

This *Dhṛti* may refer generally to the balm-like effect Drama has. *Abhinava* takes it as 'Dhairya', firmness of heart. This *Dhṛti* may refer in particular also to such dramas in which the production of *Dhṛti* in the audience is the special purpose of the drama. Such cases would be *S'ānta*-plays.

Many other *Bhāvas* are held as the *Sthāyin* of *S'ānta* by other writers. We come to know of these from the *Abhinavabhāratī*. We are not given in this work the names of the writers who held those views. The first of these *Bhāvas* to claim our attention is *Nirveda*. The almost only reason why certain writers hold *Nirveda* as the *Sthāyin* of *S'ānta* is their necessity to show the opponents of *S'ānta Rāsa* that the *Sthāyin* of *S'ānta* is surely found in Bharata. They are not for holding

... This *Mati*-variety is not that which Bhoja holds as the *Sthāyin* for his new *Udātta Rasa* on p. 515, S. K. A.

to S'ama, a Bhāva not to be found among Bharata's forty-nine Bhāvas. While Bhoja tried for some time to get over the difficulty by picking out Dhṛti from the 49, there were earlier writers who took the very first Vyabhicārin Nirveda and proposed to treat it as a Bhāva which was both Vyabhicārin and Sthāyin. The Abhinavabhāratī says :

“ तत्त्वज्ञानजो निर्वेदोऽस्य स्थायी । एतदर्थमेव उभयधर्मोपजीवित्व-
ख्यापनाय अमङ्गलभूतोऽप्यसौ पूर्व निर्दिष्टः । ” Gaek. Edn., pp. 269-70.

“ या चासौ तथाभूता (मोक्षाभिधानपरमपुरुषार्थोचिता) चित्तवृत्तिः
सैवात्र (शान्ते) स्थायिभावः । एतत्तु चिन्त्यम्, किन्नामासौ ? तत्त्वज्ञानो-
त्थितो निर्वेद इति केचित् । तथा हि—दारिद्र्यादिप्रभवो यो निर्वेदः
ततोऽन्य एव, हेतोस्तत्त्वज्ञानस्य वैलक्षण्यात् । स्थायिसञ्चारिमध्ये च एतदर्थ-
मेवायं पठितः, अन्यथा माङ्गलिको मुनिः तथा न पठेत् । ” *ibid.* p. 334.

The problem that has to be faced first is the postulation of S'ānta as a Rasa. The first objection against it is that Bharata has not given its Sthāyin. To answer this criticism, certain advocates of S'ānta say that Bharata has given the Sthāyin of S'ānta in his text; it is Nirveda. But how did these advocates of S'ānta discover that it was Nirveda? Bharata does not say so; Bharata gives it as a Vyabhicāri-bhāva, the first among them. The reply is that Bharata's mention of Nirveda at the head of the Vyabhicārins and immediately after the Sthāyins, has a meaning. Nirveda is a dislike for objects and as such, is inauspicious, Amaṅgala. Sage Bharata is one who utters auspiciously and so his mention of Nirveda as the first asks us to explore a hidden meaning (अमङ्गलं सत् ज्ञापयति). It is to show to us that, though it is inauspicious, it is given as the first, since, while being a

Vyabhicārin, it is also a Sthāyin; the Sthāyin of the Rasa called S'ānta. If it is not for the suggestion of this Prayojana, Bharata would not have given the inauspicious Nirveda first. Then arises the question: Is Nirveda itself the Sthāyin? Nirveda is born of broken love, poverty or many more causes. What variety of it is exactly the Sthāyin of Sānta? Bharata describes Nirveda thus in Ch. 7 :

तत्र निर्वेदो नाम दारिद्र्यव्याध्यवमानाधिक्षेपाकुष्ठक्रोधताडन-
इष्टजनवियोगतत्त्वज्ञानादिभिः विभावैः उत्पद्यते । Gaek. Edn., I, p. 357.

Bharata here gives many causes as producing Nirveda. One of these varieties of Nirveda is that born of Tattvajñāna. It is Nirveda for all mundane things. This Nirveda alone is relevant in a consideration of the S'ānta Rasa. It is this Nirveda born of Tattvajñāna that is held as the Sthāyin of S'ānta by those who are anxious to have the authority of Bharata. But how can a Vyabhicārin become a Sthāyin? It is said that only such Nirveda as is born of broken love, poverty, etc. is Vyabhicārin. The same Nirveda when it is born of Tattvajñāna and shuns all mundane things becomes the permanent Sthāyin. Says S'ārṅgadeva

स्थायी स्याद्विषयेष्वेव तत्त्वज्ञानोद्भवो यदि ।

इष्टानिष्टवियोगासिद्धतस्तु व्यभिचार्यसौ ॥ Saṅgītaratnākara.

Such Nirveda becomes greater not only than other kinds of Nirveda but also than all the other Sthāyins and Vyabhicārins, all of which it subordinates. Says Abhinava while expounding the case of Nirveda :

तत्त्वज्ञानजश्च निर्वेदः स्थाय्यन्तरोपमर्दकः । भाववैचित्र्यसहिष्णुभ्यो
रत्यादिभ्यः यः परमः स्थायिशीलः स एव हि स्थाय्यन्तराणामुपमर्दकः ।

Gaek. Edn., I, p. 334.

It is this 'Anyopamardaka' Sthāyin-type of Nirveda that is taken.

Mammaṭa accepts Nirveda as the Sthāyin.

“निर्वेदस्य अमङ्गलप्रायस्य प्रथममनुपादेयत्वेऽपि उपादानं व्यभिचारि-
त्वेऽपि स्थायित्वाभिधानार्थम् । तेन—

निर्वेदस्थायिभावाख्यः शान्तोऽपि नवमो रसः ।”

Mammaṭa does not say that this Nirveda is Amaṅgala, but says it is 'Amaṅgalaprāya'. As a matter of fact, Nirveda born of Tattvajñāna is the greatest Maṅgala. Says Bhaṭṭa Gopāla in his gloss here :

“तत्त्वचिन्तायां तु निर्वेदस्य न किञ्चिदमङ्गलप्रायत्वम् . प्रत्युत
मङ्गलप्रायत्वमित्याह ।” T. S. S. Edn. K. Pra., p. 138.

This shows how trivial this argument for S'ānta based on Maṅgalavāda is. Another difficulty in this argument of 'Maṅgala-Amaṅgala' is the question why there should be any Maṅgala when the enumeration of the Vyabhicārins begins. No doubt, there is the habit of Madhya-maṅgala among writers, but why should that Madhya-maṅgala be at the beginning of the Vyabhicārins? Another argument advanced by the advocates of Nirveda is that it is in the position of a lamp on the door-step, a Dehalīdīpa, shedding light on either side of the door. Being enumerated at the end of the eight Sthāyins and at the beginning of the Vyabhicārins, it has to be taken, according to the implied idea of Bhārata, that Nirveda among the Vyabhicārins must once be taken with preceding items, the Sthāyins, and then with the succeeding items, the Vyabhicārins. This is also an argument without weight. For there are other Vyabhicārins which also are Sthāyins, as for instance, Amarṣa which as Krodha is the Sthāyin of Raudra, and Viṣāda which

as S'oka is the Sthāyin of Karuṇa. These are not brought to the front and enumerated at the beginning along with Nirveda.

Another possible objection to having Nirveda as Sthāyin also besides a Vyabhicārin is that a Bhāva which Bharata has definitely mentioned as a Vyabhicārin cannot be taken as a Sthāyin also. But to this the reply comes out that Bharata himself gives a hint, taking which it can be proved that the status of Sthāyitva, Vyabhicāritva and Sāttvikatva of the forty-nine Bhāvas are not names belonging only to those given under those names but that any of the forty-nine may, according to the circumstance, become any of the three. This is the pre-Abhinvagupta view of the nature of the forty-nine Bhāvas and the names Sthāyin, Vyabhicārin and Sāttvika. As a consequence of this view, there grew a tendency which expressed itself from the times of Rudraṭa and Lollaṭa up to the time of Bhoja, that Rasas are not eight or nine only, but forty-nine. The hint mentioned above and referred to by these theorists is contained in Bharata's text on the Vyabhicārins of Rati where he mentions Jugupsā, a Sthāyin, as one of the prohibited.

व्यभिचारिणश्चास्य आलस्यौघञ्जुगुप्सावर्जाः ।

Gaek. Edn., I, p. 307.

This means that Bharata himself suggests that Sthāyins may become Vyabhicārins and Vyabhicārins, Sthāyins. This view is stated as follows by Abhinava, as Pūrvapakṣa :

जुगुप्सां च व्यभिचारित्वेन शृङ्गारे निषेधन्मुनिः भावानां सर्वेषामेव स्थायित्वसञ्चारित्वचिन्तनात्तावत्त्व (चित्तजत्व)¹ अनुभावत्वानि योग्यतोप-
निषत्तितानि शब्दार्थबलाकृष्टानि अनुजानाति । Abhi. Bhā., p. 334.

¹ Means Sāttvikatva.

Abhinava criticises this view. He does not accept the Nirveda born of Tattvajñāna as the Sthāyin of S'ānta. If such Nirveda as is born of Tattvajñāna is the Sthāyin, it means that Tattvajñāna is the Vibhāva. The other Vibhāvas given, namely Vairāgya, Samādhi, etc., are not Vibhāvas strictly. If they are included as Vibhāvas because they are causes producing Tattvajñāna, they are really the causes of the cause. The cause of the cause is never called Vibhāva. Further, Nirveda itself is an aversion towards all objects and is not different from Vairāgya. Far from being the product of Tattvajñāna, Nirveda is one of the causes bringing about Tattvajñāna. For it is one having aversion to mundane things that strives after Mokṣa and attains Tattvajñāna. It is well-known that Mokṣa is directly attained through Tattvajñāna and it is not true to say that one attains Tattvajñāna first, then gets aversion and then attains Mokṣa. Īśvarakṛṣṇa also says that Vairāgya is not the final stage preceding Mokṣa, that Vairāgya at best results only in Prakṛti-*laya* in the absence of Tattvajñāna. Tattvajñāna alone results in Mokṣa.

‘वैराग्यात् प्रकृतिलयः ।’ Sām. Kārikā, 45.

Says the Vṛtti of Gauḍapāda here:

यथा कस्यचिद् वैराग्यमस्ति, न तत्त्वज्ञानम्, तस्मादज्ञानपूर्वा-
द्वैराग्यात् प्रकृतिलयः । मृतः अष्टासु प्रकृतिषु प्रधानबुद्ध्यहङ्कारतन्मात्रेषु
लीयते, न मोक्षः ॥

It may be said that Tattvajñāna strengthens Vairāgya and increases it. Patañjali also says that Vairāgya towards Guṇas results from Tattvajñāna (Puruṣakhyāti). Yoga Sūtra I, 16: तत्परं पुरुषख्यातेर्गुणवैतृष्यम्. But Vyāsa, in his Bhāṣya

on this Sūtra, says that such Vairāgya is really Jñāna: ज्ञानस्यैव परा काष्ठा वैराग्यम्. (Ānandāsrama Edn., p. 20.) Therefore it comes to Tattvajñāna strengthening and increasing itself from stage to stage. The result is there is no Nirveda as Sthāyin but only Tattvajñāna. It is the Sthāyin of S'ānta.

Surely Bharata speaks in Ch. 7 (the Bhāvādhyāya), while describing Nirveda, of the Nirveda that is born of Tattvajñāna. This Tattvajñāna or Samyagjñāna and the Nirveda born of it do not refer to S'ānta Rasa and its Sthāyin but refer only to the ordinary and common Nirveda born on one realising that he has wasted his energies in a worthless cause through mistake, as in serving a miser who would not pay. वृथा दुग्धोऽनङ्गान् etc. Such Nirveda can be a Bhāva only.

The advocate of Nirveda quotes now Akṣapāda against Patañjali. Akṣapāda, he states, says in his Nyāya Sūtra 1, i, 2 that the removal of Mithyājñāna, *i.e.* the appearance of Tattvajñāna, produces the destruction of Doṣa, *i.e.* produces Vairāgya. Thus Tattvajñāna-ja Nirveda or Tattvajñāna-ja Vairāgya is the Sthāyin. This Nirveda or Vairāgya is the final stage and not Tattvajñāna which is only one of the causes of Vairāgya. The reply to this is thus given in the Abhinavabhāratī: Surely Akṣapāda speaks of Vairāgya but who said Vairāgya is Nirveda? Nirveda is an attitude of aversion and a continued sadness and as such, is hardly identical with Vairāgya. Mokṣa, for which we are now postulating the Rasa (the S'ānta), is a state of Kaivalya in which there is neither the sorrow nor the joy of this earth. Vairāgya is the cessation of Rāga and Dveṣa and is not identical with Nirveda. Even if we accept that Nirveda is Vairāgya, it does not follow from Gautama's words that Vairāgya or Nirveda is the Sthāyin of S'ānta. According to the Sūtra of Gautama,

दुःखजन्मप्रवृत्तिदोषमिथ्याज्ञानानामुत्तरोत्तरापाये तदनन्तरापायादपवर्गः,

it is not the immediately preceding condition of Mukti. From Vairāgya, activity (Pravṛtti) must stop; from cessation of activity, birth must stop and when birth ends, misery flies away; when misery has fled, it is Mukti.

Lastly, there is no good reason why one should take so much trouble, qualify it as Nirveda born of Tattvajñāna and call it Vairāgya and stick to Nirveda. Such a cumbrous and elaborately described Nirveda is only another name for the simple S'ama which can be the Sthāyin of S'ānta.

Other views on the Sthāyin of S'ānta are also available in the Abhinavabhāratī. Certain writers
8. Utsāha. held *Utsāha*, the Sthāyin of Vīra, as the Sthāyin of S'ānta also. Abhinava says:

‘उत्साह एवास्य स्थायीत्यन्ये ।’ p. 269.¹

How did some writers come to hold Utsāha as the Sthāyin of S'ānta? Utsāha, as given by Bharata, is the Sthāyin of Vīra. It is said that there are three or four varieties of Vīra, Dānavīra and Dayāvīra being two of them. The variety named Dayāvīra as exhibited in the acts of sacrifice of Bodhi-sattvas and as dramatised by Harṣa in his Nāgānanda is very much akin to S'ānta. So much so that some antagonists of S'ānta say that there is no need for a ninth Rasa named S'ānta and that the situations in discussion come under Dayāvīra.

¹ तत्र शान्तस्य स्थायी ‘विस्मयशमा’ इति केचित् पठितः । उत्साह एवास्य स्थायीत्यन्ये । जुगुप्सेति केचित् । सर्व इत्येके । तत्त्वज्ञानजो निर्वेदोऽस्य स्थायी . . . इत्यपरे ।”
Abhi. Bhā., Gaek. Edn., I, pp. 267-270.

जुगुप्सां स्थायिभावं तु शान्ते केचिदभाषिरे । उत्साहमाहुस्त्येऽन्ये शमम्, सर्वान् परे विदुः । . . . निर्वेदस्तत्त्वबोधोत्थः स्थायी शान्ते भवेदसौ ॥

S'āṅgadeva, Saṅgitaratnākara.

Nāgānanda is a Dayāvīra play. The Sthāyin of Dayāvīra, as of other Vīras, is Utsāha.¹ Further, the path to attain Mokṣa is one of strenuous effort and the yogin's fights and victories in the realm of the spirit have always been described in the image of heroism. (Cf. the description of Aja and Raghu in Canto VIII of the Raghuvamśa (S'ls. 19-23; from अनयत् प्रभुशक्तिमंषदा to इति शत्रुषु चेन्द्रियेषु च.) Subrahmaṇya Sudhīṭh explains at length in his commentary, the Praudha-prakāśa, on the Prabodha Candrodāya (Madras MS.), how S'āntarasa is portrayed in the play in the Samāsokti of Vīra. So it is perhaps that certain advocates of S'ānta who were worried about finding a Sthāyin for S'ānta from among the Bhāvas mentioned by Bharata, chose Utsāha. They intended to improve upon the position of those who held to Nirveda, who made the mistake of voting a Vyabhicārin to a Sthāyin's place and hence felt their position beset with many difficulties.

¹ In reply to these critics of S'ānta who hold that there is no need for a new Rasa like S'ānta when there is Dayāvīra, Abhinava says that Bharata gave only three varieties of Vīra, Dānavīra, Dharmavīra and Yuddhavīra and that one cannot create a new Vīra. Dayāvīra is only a new name for S'ānta.

“नन्वेवं दयावीरो धर्मवीरो दानवीरो वा नासौ कश्चित् । शान्तस्यैवेदं नामान्तर-
करणम् । तथा च मुनिः—

‘दानवीरं धर्मवीरं युद्धवीरं तथैव च ।
रसं वीरमपि प्राह ब्रह्मा त्रिविधसंमितम् ॥’

इत्यागमपुरस्तरं त्रैविध्यमेवाभ्यधात् ।” Locana, pp. 117-8.

Bhaṭṭa Gopāla, in his Kāvya Prakāśa-vyākhyā: pp. 139-140, T. S. S.:

“दयावीर इति शान्तस्यैव नामान्तरकरणम्, येन ‘दानवीरं युद्धवीरं धर्मवीरं तथैव च । रसं वीरमपि प्राह ब्रह्मा त्रिविधसंमितम् ॥’ इति त्रैविध्यमेवास्य मुनिना वीरस्याभ्य-
धायि ॥”

They had to resort to quibbling with auspiciousness-inauspiciousness, Dehalidipanyāya, etc. The sponsors of Utsāha, like those of Rati and Jugupsā to whom we shall come presently, had the advantage of fixing one of the eight Sthāyins themselves mentioned by Bharata as the Sthāyin of S'ānta also. But then arose the problem: how could one Bhāva beget two Rasas? The difficulty was overcome by accepting varieties of the same Sthāyin. It was even as Nirveda being made into a special species called Tattvajñāna-ja Nirveda, Nirveda born of the knowledge of Truth. Hāsa also has many varieties. Rati is divided into Sambhoga and Vipralambha.

The writers who held Utsāha as the Sthāyin of S'ānta built on sand. They knew not what they were doing. The opponents at once undermined them by suggesting the inclusion of S'ānta in Vīra. One of the main Pūrvapakṣas to S'ānta is the possibility of its inclusion in one of the eight Rasas mentioned by Bharata. Ānanda mentions this objection and replies :

“न तस्य वीरेऽन्तर्भावः कर्तुं युक्तः । तस्य अभिमानमयत्वेन व्यवस्थापनात् । अस्य च अहङ्कारप्रशमैकरूपतया स्थितेः etc.”

“तयोश्च एवंविधविशेषसद्भावेऽपि यद्यैक्यं परिकल्प्यते, तद्वीर-
रौद्रयोरपि तथा प्रसङ्गः ।” Dhva. Ā., pp. 177-8.

The Daśarūpakāvaloka says :

“अन्ये तु वीरवीभत्सादौ अन्तर्भावं वर्णयन्ति ।”

The real position of the Bhāva called Utsāha is this: Utsāha closely attends upon Abhāṅkāra without which there cannot be any activity. No Rasa is possible without these two elements. Bhoja pursues this line and discovers his

Ahaṅkāra theory of Rasa. But according to the rule of predominance, Prādhānyanyāya, it is Vīrarasa to which this Utsāha is connected most. This Vīra is held to have four varieties, Yuddha, Dharma, Dāna and Dayā Vīras. Of this Yuddhavīra is Vīra proper. Utsāha is however Sthāyin of the other three varieties also. This Utsāha is the very basis of all action and as such can be seen in some varieties of S'ānta. Two such varieties are Dayāvīra and Dharmavīra which are really names of two aspects of S'ānta. S'ānta is a wider field; it includes Dayā and Dharma but is not included in or exhausted by these two. Numerous are the religions and paths of action towards spiritual realisation. Why these two Vīras of Dayā and Dharma only? Dānavīra can be a form of S'ānta. Dāna may stand for Tyāga also. त्यागेनैके अमृतत्वमानशुः. Even Yuddhavīra can be a form of S'ānta: there are those who fight religious crusades for the defence of their faith. Similarly there can be a variety of S'ānta called Pāṇḍityavīra which Jagannātha humorously introduces.¹ Study of texts.

¹ Rasagaṅgādhara, K. M. edn., pp. 37-42. वस्तुतस्तु बहवो वीररसस्य शृङ्गारस्यैव प्रकारा निरूपयितुं शक्यन्ते. (p. 51.) Jagannātha mentions besides the four old Vīras, Satyavīra, Pāṇḍityavīra, Kṣamāvīra and Balavīra. The Mahābhārata mentions numberless varieties of this Vīra, while describing Dāna. Bhīṣma says in the Dānadharma parvan in the Anuśāsana, S'ls. 22-27.

शूरा बहुविधाः प्रोक्ताः तेषामर्थोऽस्तु मे शृणु ।

यज्ञशूरा दमे शूराः सत्यशूरास्तथापरे ।

युद्धशूरास्तथैवोक्ता दानशूराश्च मानवाः ॥

बुद्धिशूरास्तथैवान्ये क्षमाशूरास्तथा परे ।

सांख्यशूराश्च बहवो योगशूरास्तथा परे ॥

अरण्ये गृहवासे च त्यागे शूरास्तथा परे ।

आजिवे च तथा शूराः शमे वर्तन्ति मानवाः ॥

learning their true import and propagation of their teachings form part of S'ānta-activities. These produce Pāṇḍityavīra in the prophet who has to meet and win adversaries in debate. So also there is Kṣamāvīra which also Jagannātha points out. Kṣamā is a virtue of very great importance in S'ānta. So Utsāha is not S'ānta; S'ānta comprehends many kinds of Utsāha. That is, several kinds of sublimating Utsāhas are Vyabhicārins in S'ānta. Dayā-Utsāha, Dāna-Utsāha, etc. are very frequent and are intimately related Vyabhicārins in S'ānta. Even the yogin who has realised Truth and has become, like God, Kṛtakṛtya and Avāptasamastakāma, has yet embodied existence in this world as Jīvanmukta and naturally, like God, he also stops not from untainting action for the sake of the world. The Lord says :

न मे पार्थास्ति कर्तव्यं त्रिषु लोकेषु किञ्चन ।

नानवासमवासव्यं वर्त एव च कर्मणि ॥ etc. Bha. Gītā, III, 22-24.

Thus Utsāha of such selfless activities as in Dānavīra, Dayāvīra, Dharmavīra, etc. is an intimate accessory (and only an accessory) in S'ānta. Says Abhinava :

“स्वात्मनि च कृतकृत्यस्य परार्थघटनायामेव उद्यम इति उत्साहो-
ऽस्य परोपकारविषयेच्छाप्रयत्नरूपो दयापरपर्यायः अभ्यधिकोऽन्तरङ्गः । अत
एव तत् केचित् दयावीरत्वेन व्यपदिशन्ति, अन्ये धर्मवीरत्वेन ।”

Abhi. Bhā., Gaek. Edn., I, p. 338.

तैस्तैश्च नियमैश्चरा बहवः सन्ति चापरे ।

वेदाध्ययनशराश्च शराश्चाध्यापने रताः ॥

गुरुशुश्रूषया शराः पितृशुश्रूषया परे ।

मातृशुश्रूषया शरा मैत्र्यशरास्तथा परे ॥

अरण्ये गृहवासे च शराश्चातिथिपूजने ।

सर्वे यान्ति परान् लोकान् स्वकर्मफलनिर्जितान् ॥ Kumbakonam Edn.

There is a saying that for those who would have this world, there is no hope for the other.

9. Jugupsā. Only he who discards all mundane things can walk to salvation. For this, he must cultivate the feeling of disgust or loathsomeness towards the things of this world. This is the Bhāva of Jugupsā. Some hold this to be most important in S'anta and propose it for the place of the Sthāyin.¹ 'जुगुप्सेति केचित्' Abhi. Bhā., Gaek. Edn., I, p. 262.

Bhaṭṭa Tauta has made some contribution to this Jugupsā and its relation to S'anta. In S'ls. 97-102, Ch. VI, Bharata speaks of the varieties in each of the eight Rasas and here he says of Bībhatsa :

बीभत्सः क्षोभणः शुद्ध उद्वेगी स्यात् द्वितीयकः ।

विषादमिभिरुद्वेगी क्षोभणो रुधिरादिजः ॥ 101.

Bībhatsa is of two kinds, Kṣobhaṇa and Udvēgī. But in the first line, there is an additional word *S'uddha*. Commentators took it as qualifying Kṣobhaṇa and they distinguished the Udvēgī variety as *Asuddha*. But Bhaṭṭa Tauta said that Bībhatsa is of three kinds: Kṣobhaṇa, *S'uddha* and Udvēgī. The Gaek. Edn. gives a reading here which has 'स्यात्तृतीयकः' for 'स्यात् द्वितीयकः'. Tauta explains *S'uddha* Jugupsā as the disgust at the so-called pleasures of the world. Such Jugupsā is illustrated by poems of Vairāgya in which women and the like are denounced. This is a very powerful aid to Mokṣa.² When passions assail and evils tempt, Patañjali asks us to contemplate the other side of the pleasures, the attendant misery, etc., and begin to loathe them.

¹ Nirveda is very closely allied to this Jugupsā.

² Just as Nirveda which is born of Tattvajñāna becomes Maṅgala, Jugupsā for worldly objects become *S'uddha*.

“रुधिरान्त्रादिदर्शनाद्यो बीभत्सः (स) क्षोभणत्वाच्छुद्धः । यस्तु विष्ठादिभ्यः स उद्वेगी हृदयं चलयति, सोऽशुद्धः, अशुद्धविभावकत्वात् ।

उपाध्यायस्त्वाह—बीभत्सस्तावत् विभावविशेषात् यत्र तु संसार-
नाट्यनायकरागप्रतिपक्षतया मोक्षसाधनत्वात् शुद्धः, यदाहुः—‘शौचात्
स्वाङ्गजुगुप्सा’ योगसू० II. 40.) इति । तथा ‘वितर्कबाधने प्रतिपक्ष-
भावनम्’ इति (योगसू० II. 33.) । तेन सोऽपि (बीभत्सोऽपि) परमार्थत-
स्त्रिविध एव ।”

Abhi. Bhā., Gaek. Edn., I, p. 332.

But Tauta did not have the reading ‘स्यात् तृतीयकः’ for he interprets the text ‘स्याद् द्वितीयकः’. He says that though there are really three kinds, Bharata speaks of two, because of the rarity of persons having the Suddha Jugupsā.

“द्वितीयक इत्यनेन तस्य दुर्लभत्वेव अप्राचुर्यं सूचयति ।”

ibid. P. 332.

So it is that some critics who do not want a separate S’ānta say that, even as it is possible to include it in Vīra, it is possible to include it in Bībhatsa. The D. R. Avaloka says:

“अन्ये तु वीरबीभत्सादौ अन्तर्भावं वर्णयन्ति ।”

The reply to this is the same as to the argument which sought to include S’ānta in Vīra. Just as Utsāha is a very prominent accessory of S’ānta, Jugupsā also is. This Suddha Jugupsā may be a prominent Vyabhicārin; but S’ānta is not Jugupsātmaka. The Locana says:

“आदिग्रहणेन विषयजुगुप्सारूपत्वात् बीभत्सेऽन्तर्भावः शक्यते ।
सा त्वस्य व्यभिचारिणी भवति, न तु स्थायितामेति ।” P. 178.

The Abhinavabhāratī says :

“ केवलं यथा विप्रलम्भे औत्सुक्यम्, सम्भोगेऽपि वा ‘प्रेमासमाप्तो-
त्सवम्’ इति, यथा च रौद्रे औग्र्यम्, यथा च करुणवीरभयानकाद्भुतेषु
निर्वेदधृतित्रासहर्षाः व्यभिचारिणोऽपि प्राधान्येनावभासन्ते तथा शान्ते जुगु-
प्साद्याः, सर्वथैव रागप्रतिपक्षत्वात् । ” p. 338.

Another interesting view is that which holds the first
Sthāyin, Rati, itself as the Sthāyin of Sānta
10. Rati. Rasa. This view also arose out of the
necessity to choose one of the Sthāyins
mentioned by Bharata himself as the Sthāyin of Sānta also.
This view also makes a fine approach to Sānta and is an
appreciation of an aspect of the fundamental nature of Sānta.
Truth whose realisation is salvation is of the nature of Self
which is Ātman. It has to be realised by piercing the veil of
things which are ‘Anātman’ and which shroud the Ātman.
Things Anātman must be loathed and this loathing of Anāt-
man led to the Jugupsā-view. The Rati-view is closely
related to the Jugupsā-view; for when ‘Anātman’ is *loathed*,
Ātman has to be *loved*. This love of Ātman, Ātmarati, is the
Sthāyin of Sānta. When one realises Ātman everywhere, his
Love floods the universe; Jugupsā then flies away; for there
is none besides or beyond Ātman to be shunned then.

यस्तु सर्वाणि भूतानि आत्मन्येवानुपश्यति ।

सर्वभूतेषु चात्मानं ततो न विजुगुप्सते ॥

Like Suddha Jugupsā, this is Suddha Rati, a superior
Love, distinct from the Rati of man for woman. Bhoja
pursued this idea of Ātmarati and landed on the philosophical
summit of the S’ṛṅgāra theory of one Rasa.

ज्ञेयो रसः स रसनीयतया आत्मरक्तेः । S’r. Pra.

The Abhinavabhāratī records the Rati-view thus :

तत्र अनाहतानन्दमयस्वात्मविषया रतिरेव मोक्षसाधनमिति सैव
शान्ते स्थायिनीति । यथोक्तम्—

‘यश्चात्मरतिरेव स्यादात्मतृप्तश्च मानवः ।

आत्मन्येव च सन्तुष्टः तस्य कार्यं न विद्यते ॥’ इति (भ. गीता.)

Abhi. Bhā., Gaek. Edn., I, p. 335.

Further, Rati has this additional qualification for being the Sthāyin of S’ānta, since the final state of Mokṣa is one of Ānanda and Self which is realised is itself of the form of Ānanda.

This Rati sails in the same boat as Utsāha and Jugupsā. Only it seems to be more intimate to S’ānta, a Vyabhicārin of greater importance. Not only Ātma-rati, but Rati for a personal God, which is called Bhakti and is proposed as a separate Rasa, comes under S’ānta. The S’ānta has had a love-treatment at the hands of some poets and theorists.

‘अत एव ईश्वरप्रणिधानविषये भक्तिश्चद्धे स्मृतिमतिधृत्युत्साहानु-
प्रविष्टे अन्यर्थवाङ्ममिति न तयोः पृथग्रसत्वेन गणनम् ।’

Abhi. Bhā., Gaek. Edn., I, p. 340.

On the same grounds on which Utsāha, Jugupsā and Rati were proposed, the other Sthāyins can also be

11. Any one of the
remaining Sthāyins.

proposed as Sthāyins of S’ānta. Only they have to be shorn of their ordinary Vibhāvas, etc. and made a superior and extra-ordinary variety (*Vicitra*) with Vibhāvas like S’ruta, etc. Any one of these eight *Vicitra* Sthāyins can be called the Sthāyin of S’ānta. Abhinava says :

“अन्ये मन्यन्ते रत्यादय एवाष्टौ चित्तवृत्तिविशेषा उक्ताः । त
एव कथितविभावविविक्त(तया) श्रुताद्यलौकिकविभावविशेषसंश्रयाः विचित्रा
एव तावत् । ततश्च तन्मध्याद् एव अन्यतमोऽत्र स्थायी ।”

It is in accordance with this view that some hold a variety of Vīra, Dayā or Dharma, Jugupsa for the world called Suddha Jugupsā and Rati towards the Self called Ātma Rati as the Sthāyins of S'ānta. Abhinava elaborates in his Pūrvapakṣa that others among the eight Sthāyins have equal claim to be the Sthāyin.

“ एवं समस्तविषयं वैकृतं¹ पश्यतः, विश्वं च शोच्यं² विलोकयतः, सांसारिकं च वृत्तम् अपकारित्वेन³ पश्यतः, सातिशयम् असंमोहप्रधानं वीर्यमाश्रितवतः, सर्वस्मात् विषयसार्थाद् बिभ्यतः,⁴ सर्वलोकस्पृहणीयादपि प्रमदादेः जुगुप्समानस्य,⁵ अपूर्वस्वात्मातिशयलाभात् विस्मयमानस्य,⁶ मोक्षसिद्धिरिति हासादीनां विस्मयान्तानां स्थायित्वं निरूपणीयम् । न चैतन्मुनेः न संमतम् । यावदेव हि विशिष्टान् विभावान् परिगणयति रत्यादिशब्देन चशब्देन च तत्प्रकारानेन अन्यान् गृहीते, तावदेव तद्व्यतिरिक्त-अलौकिकहेतूपनतानां रत्यादीनामनुजानात्प्रेव अपवर्गविषयत्वम् ।

एवंवादिनां तु परस्परमेव विशारयतां एकस्य स्थायित्वं विशीर्यत एव । तदुपायभेदात्तस्य तस्य स्थायित्वमित्यप्युच्यमानं प्रत्युक्तमेव । स्थायि-भेदेन प्रतिपुरुषं रमस्याप्यानन्त्यापत्तेः । मोक्षैकफलत्वादेको रस इति चेत्, क्षयैकफलत्वे वीरौद्रयोरप्येकत्वं स्यात् । ”

Gaek. Edn., I, pp. 336-7 (Corrected).

It is often said that for the thinking man, the world is a comedy. Man's pursuit after trifles, his अस्थाने महत्त्वसम्भावना,

¹ Hāsa.

² S'oka.

³ Krodha.

⁴ Utsāha.

⁵ Bhaya.

⁶ Jugupsā.

⁷ Vismaya.

produces laughter in those who know the real value of the things of the world. To the Yogin, man's action and sentiment appear as Karma-ābhāsa and Bhāva-ābhāsa. Says Bhaṭṭa Bhallaṭa in a fine verse :

एतत्तस्य मुखात् कियत् कमलिनीपत्रे कणं पाथसः
 यन्मुक्तामणिरित्यमंस्त स जडः शृण्वेतदस्मादपि ।
 अङ्गुल्यग्रनखक्रियाप्रविलयिन्यादीयमाने शनैः
 कुत्रोद्धीय गतो हहेत्यनुदिनं निद्राति नान्तःशुचा ॥

So much on behalf of the importance of Hāsa in S'ānta.

It is but a thin line that divides comedy from tragedy. To the feeling man, the same world is a tragedy. The Yogin pities the poor Samsārin, caught in the whirlpool of passion. Thus S'oka seems to dominate in S'ānta. The seeking Yogin, the Yatamāna, who strives towards his goal, considers the world and its temptations as his enemy ; he gets angry at them and desires to do away with them. This attitude is Krodha and Raudra. The same attitude begets fear of the temptations from which the seeker desires to fly. This is Bhaya. He reads of or listens to an exposition of the greatness, the omniscience, omnipresence, blissfulness and other aspects of the nature of the Self and when he contemplates on this wonderful truth about his own Self, he is thrilled and struck with the wonders of the world of the Spirit. This is Vismaya. As explained already, he loathes even the so-called pleasures of the world and then Jugupsā forms the prominent attitude. In this manner, these seven Sthāyins can claim to be the Sthāyins of S'ānta.

The very possibility of each or all of the eight Sthāyins being the Sthāyin of S'ānta prevents any one of them being the settled Sthāyin of S'ānta. It cannot also be held that,

according to circumstances, the Sthāyin varies in S'ānta. A multi-sthāyinned Rasa is foreign to the theory of Rasa and is an impossibility. Many Sthāyins can only mean many Rasas. If by virtue of the unity of the object, *viz.*, Mokṣa, a plurality of Sthāyins is accepted as resulting only in one Rasa, it can be pointed out that in view of both Vīra and Raudra resulting in the same end of the destruction of the enemy, Vīra and Raudra can be made into one Rasa. Therefore, neither any one nor all of the eight Sthāyins can be put forward as the Sthāyin of S'ānta.

The real significance of this view however lies in another direction. It points to the fact that any or all of the other Sthāyins become, in their vicitra varieties, Vyabhicārins of S'ānta and in their ordinary varieties the causes of S'ānta. One may pass to S'āma from Rati or S'oka; as a result of broken love, or the death of a beloved person, one may seek solace in S'āma. Asoka fought the Kaliṅgas and passed from Vīra to S'ānta. Therefore any of the eight Rasas or all of them can be the Uddīpaka of S'ānta. Therefore it is that S'ārṅgadeva says: S'āma is present in all the Rasas.

शमः सर्वरसेष्वस्ति स्थैर्यत्वेऽव्यभिचार्यसौ । S'. R., VII, S'l. 3535
and Kallinātha comments upon this :

‘अयमर्थः—लोके शृङ्गारादिषु अष्टसु मध्ये यं कंचन रसमनुभवत
एव पुंसो जन्मान्तरसुकृतविशेषवशात् शम उत्पद्यत इति तत्तद्रससम्बन्धात्
शमस्य सर्वरसेषु अस्तित्वम् इति ।’

The next view is a reply to the criticism of the above-
given view which proposed any one of the
12. All the eight Sthāyins together. eight Sthāyins as the Sthāyin of S'ānta.
This view suggests that all the eight can be

considered as constituting together the Sthāyin, taking S'ānta as a peculiar case.

“ सर्व इत्येके । ” Abhi. Bhā., Gaek. Edn., I, p. 269.

“ अन्ये तु पानकरसवत् अविभागं प्राप्ताः सर्व एव रत्यादयोऽत्र स्थायिनः इत्याहुः । चित्तवृत्तीनामयुगपद्भावात्, अन्योन्यं च विरोधात् एतदपि न मनोज्ञम् । ” *ibid.*, p. 332.

It is true that as Pūrvapakṣa, the whole of this complex world is involved in S'ānta ; but all these form only Vyabhicārins. Says Abhinava :

“ तत्त्वज्ञानलक्षणस्य च स्थायिनः समस्तोऽयं लौकिकालौकिकचित्त-
वृत्तिकलापो व्यभिचारितामभ्येति । ” *ibid.*, p. 338.

Rasa is developed from one and only one Sthāyin ; if many Bhāvas appear, they can do so only as Vyabhicārins. The analogy of Pānakarasa must not be brought here. These Bhāvas contradict each other and cannot co-exist at the same time. How could they function together to produce a common Rasa ?

So, what is the real Sthāyin of S'ānta ? Abhinava holds that Tattvajñāna or Ātmasvarūpa itself is the Sthāyin of S'ānta. He briefly states it thus in his Abhinavabhāratī :

13. Siddhānta :
Ātman, Ātmajñāna
or Tattvajñāna.

“ कस्तर्ह्यत्र स्थायी ? उच्यते—इह तत्त्वज्ञानमेव तावन्मोक्षसाधन-
मिति तस्यैव मोक्षे स्थायिता युक्ता । तत्त्वज्ञानं च नाम आत्मज्ञानमेव । ”

“ तेन आत्मैव ज्ञानानन्दादिविशुद्धधर्मयोगी परिकल्पितविषयोप-
भोगरहितोऽत्र स्थायी । ” Gaek. Edn., I, p. 337.

Earlier also he says :

“ ततः त्रिवर्गात्मकप्रवृत्तिधर्मविपरीतनिवृत्तिधर्मात्मको मोक्षफलः शान्तः । तत्र स्वात्मावेशेन रसचर्चणेत्युक्तम् । ” *ibid.* p. 269.

Tattvajñāna or knowledge of Ātman is the direct cause or is itself Mokṣa. Therefore Ātmajñāna or the very nature of the Soul or Self which is itself of the form of Knowledge and Bliss—Jñāna and Ānanda—is the Sthāyin. This Ātman is Sthāyin not in the same sense in which Rati, etc. are ; it is Sthāyin *par excellence*. It is the basis and the root of all other Sthāyins. It is upon the substratum of this ultimate Sthāyin that, as a result of sense-contacts with external objects of the world, the other eight Sthāyins are created. Behind Rati, Hāsa, etc. is the eternal Ātman. Rati and other Sthāyins rise and fall but Ātman is Sthāyitama ; Rati and the other Sthāyins become its Vyabhicārins. (Abhi. Bhā., p. 337.)

Therefore it is, says Abhinava, that Bharata mentions not this S'ānta rasa and its Sthāyin, Ātman. For, it belongs to a higher plane and it would have been improper if Bharata had given it among Rati and the rest. It is the very basis of Rati, etc. which are not possible without it. Hence there is no need to specially mention what is undeniably implied.

अत एव पृथगस्य गणना न युक्ता । Abhi. Bhā., I, p. 337.

Bhaṭṭa Gopāla adds that Bharata abstained from indicating the Vibhāvas, etc. of S'ānta, not because he did not accept this Rasa, but because of its super-mundane nature.

“ विभावाद्यप्रतिपादनं तस्य परमपुरुषार्थतया लोकयात्रातिक्रान्तत्वात् ”

T. S. S., Edn. K. pra. vyā, p. 139.

This answers also the objection that one should not go beyond the total number of the Bhāvas which is given by Bharata as forty-nine. Abhinava says that the sanctity of the number '49' is protected and that Bharata treats of S'ānta by omission, by his eloquent silence.

“ तेन आत्मैव ज्ञानानन्दादिविशुद्धधर्मयोगी परिकल्पितविषयोपभोग-
रहितोऽत्र स्थायी । न चास्य स्थायितया स्थायित्वं वचनीयम् । रत्यादयो
हि तत्तत्कारणान्तरोदयप्रलयोत्पद्यमाननिरुध्यमानवृत्तयः कश्चित्कालम् आपे-
क्षिकतया स्थायिरूपात्मभित्तिसंश्रयाः स्थायिन उच्यन्ते । तत्त्वज्ञानं तु
सकलभावान्तरभित्तिस्थानीयं सर्वस्थायिभ्यः स्थायित्तमं सर्वा रत्यादिकाः
चित्तवृत्तीः व्यभिचारीभावयन् निसर्गत एव सिद्धस्थायिभावमिति तत्र
वचनीयम् । अत एव पृथगस्य गणना न युक्ता । न हि खण्डमुण्डयोर्मध्ये
गोत्वमिति गण्यते । तेन एकात्रपञ्चाशद्भावा इत्यव्याहतमेव । ”

Abhi. Bhā., Gaek. Edn., I, p. 337.

As the permanent wall upon which Rati, etc. are formed, Ātman, the supreme Sthāyin, is necessarily implied. This mention by silence means not only its acceptance but its acceptance as the greatest Rasa.

Another reason why Bharata has not mentioned S'ānta along with Rati, etc. is the difference between Ātmajñāna and other Sthāyins. Ātmajñāna is not relished by the same means or in the same manner as other Sthāyins. Since Ātmasvarūpa is usually seen as tinted by Rati, etc., the ordinary means of comprehension which comprehend Rati, etc. do not comprehend the Ātmasvarūpa. Further Bharata never attempted to give all the possible Sthāyins. He gave only those Sthāyins which are also Vyabhicārins ; hence it is that he clubs them all together and speaks of them as the forty-nine Bhāvas.

That Sthāyin, Ātmajñāna, which is never a Vyabhicārin anywhere, is not mentioned at all by him. How could he, knowing as he did, its real nature ?

All the above-given ingenuity and strain are the unavoidable corollary of the ancient method of commenting which never desired to go against the basic text and introduced new things only by securing for it the sanction of the basic text. The facts about the Rasa of S'ānta itself which we gather from this discussion are :

1. Tattvajñāna or Ātmajñāna or Ātmasvarūpa or briefly the Ātman itself is the Sthāyin of S'ānta.

2. It is like the wall ; upon it are formed Rati, etc. which are 'Upādhis' of the pure self-illuminated Spirit. Nourishment of the permanent, unconditioned and untarnished Spirit by the appropriate Vibhāvas, etc. will give the S'ānta Rasa.

3. Though Rati etc. are Sthāyins compared to Nirveda etc., they are Vyabhicārins compared to the Ātmasthāyin, which is Sthāyitama.

“न चास्य आत्मस्वभावस्य व्यभिचारित्वम्, असंभवात्, अवै-
चित्र्यावहत्वात्, अनौचित्याच्च । शम आत्मस्वभावः ।”

This Ātmasvabhāva is called S'ama.¹

¹ Though Abhinava holds S'ama which is identical with Ātmasvabhāva as a Sthāyin for all time, the anonymous commentary on the Vyaktiviveka holds S'ama as appearing in the form of Vyabhicārin also in S'rīgāra.

“स्थायिनामपि व्यभिचारित्वं भवति । यथा स्तेर्देवादिविषयायाः, हास्यस्य शृङ्गारादौ, शोकस्य विप्रलम्भशृङ्गारादौ
शमस्य कोपाभिहतस्य प्रसादोद्भवादौ ।” T. S. S., Edn., pp. 11-12.

S'rīngadeva also, who closely follows Abhinava, considers S'ama as a Vyabhicārin also. Perhaps Abhinava will reply to this

Abhinava advanced the above-given arguments for S'ānta and its Sthāyin without resorting to the text of Bharata on S'ānta found in some recensions. In this text, S'ama is given as the Sthāyin of S'ānta.

अथ शान्तो नाम क्षमस्थायिभावात्मकः etc.

Abhinava has said that S'ama is only another name for Ātmasvabhāva. When one speaks of S'ama or Nirveda both of which are Cittavṛttis, one has to qualify them as a special and superior kind to make them the Sthāyin of S'ānta. This qualification is unnecessary when Ātman itself is accepted as the Sthāyin. Rati etc. which contaminate the Ātman represent the disturbed or Vyutthita state of the Citta. The pure nature of the Spirit is like the white thread on which are hung coloured stones at intervals. By constant meditation and effort, the pure light within is seen. It is a state of bliss in a double degree, as Rasāsvāda and as the Āsvāda of the real Ātmasvarūpa which is Ānanda.

The text on S'ānta found in some recensions describes S'ānta as the Prakṛti and Rati and other Bhāvas as its Vikāras. The latter rise and fall, appear and disappear on the Ātman. They merge in it.

न यत्र दुःखं न सुखं न द्वेषो नापि मत्सरः ।

समः सर्वेषु भूतेषु स शान्तः प्रथितो रसः ॥

भावा विकारा रत्याद्याः शान्तस्तु प्रकृतिर्मतः ।

विकारः प्रकृतेर्जातः पुनस्तत्रैव लीयते ॥

that just as there are two different Nirvedas, two different Tattvajñānas, there are two S'amas. The Nirveda illustrated by the verse वृथा दुग्धोऽनङ्गवान् etc. is only a Bhāva; it cannot be Tattvajñāna-ja Nirveda which alone is held by some as Sthāyin. See Abhi. Bhā., pp. 335-6 and 335. Similar in nature is the Vyabhicāri-S'ama.

स्वं स्वं निमित्तमासाद्य शान्ताद्भावः प्रवर्तते ।
पुनर्निमित्तापाये च शान्त एवोपलीयते ॥

Therefore it is that Bharata, says Abhinava, treated of S'ānta at the head of all the Rasas. Further the relish of all Rasas is Alaukika, shorn of all mundane associations, and hence *S'āntaprāya*. The bliss realised is akin to *Brahmāsvāda* which is *Ātmāsvāda*. Jagannātha pursued this line and said that Rasa is the manifestation of the light of Ātman itself when the obscuring element falls away. Poetry and Drama remove the bars and Ātman manifests itself.

“वस्तुतस्तु वक्ष्यमाणश्रुतिस्वारस्येन भग्नावरणा चिदेव रसः ।”

Rasagaṅgādhara, p. 23.

V

THE TEXT OF THE ABHINAVABHĀRATĪ
ON THE SĀNTA RASA

IN this section, I am presenting the text of the Abhinavabhāratī on the Sānta Rasa. It would have been unnecessary to give this text here, if the text available in the Gaekwad Edition had not been so error-ridden. The text presented here by me is as corrected with the help of Professor Mm. S. Kuppuswami Sastriar. I give in the foot-notes the incorrect readings found in the MS. in the Madras Government Oriental MSS. Library with the letter 'M', and in the Gaekwad Edition with the letter 'G'.¹ There are still a few passages of which completely satisfactory reconstruction has not been possible. Pandit H. Sesha Aiyangar of the Kanarese Department of the Madras University placed at my disposal the readings in two MSS. of the Abhinavabhāratī from Māngāv Koil, which belong to H. H. the Jīyar of Melkote. Some of the readings in these two Māngāv MSS. supported our reconstructions while many agreed with those found in the Gaek. Edition. Two of the Māngāv readings were definitely helpful and these are given, besides a few others, in the foot. notes with the letters 'A', 'B', 'C'.

¹ *Vide*, Nāṭya Śāstra, Gaek. Edn., Vol. I, pp. 333-42.

It is well known that Hemacandra, who reproduces whole sections from Abhinava, helps us a good deal in the task of reconstructing the text of the Abhinavabhāratī. The S'ānta Rasa section in the Abhinavabhāratī is to be found, with the omission of some parts, on p. 68 (text and com.), pp. 80-87 (com.) and p. 96. (com.) of Hemacandra's Kāvyañusāsa. As pointed out in the foot-notes, Hemacandra supports the two Māṅgav readings selected by me, towards the close of the section.

² M. निषेधम्.

³ M. reads चिन्ततात्तापत्व and G. चिन्तनात् तावत्व. Both mean little. We must have a word here to mean सात्त्विकत्व. All writers from Bharata explain Sattva as Manas and therefore चित्ततत्ताजत्व, however much uncouth the word may be, is suggested as standing here to mean सात्त्विकभाव. Unfortunately, Hemacandra's epitome of this passage (p. 68, com.) does not have this word.

PREYAS, VĀTSALYA, PRĪTI, SNEHA, BHAKTI AND S'RADDHĀ RASAS

THE incoming of the S'ānta rasa seems to have set the writers thinking on the sanctity or otherwise of the number eight or nine pertaining to the Rasas.¹ Close on the footsteps of S'ānta, an aspect of Love called Preyas or Vātsalya, covering cases of non-sexual love like that between parents and children, elders and youngsters, became a Rasa. The first work we now know mentioning it as the tenth Rasa is the K. A. of Rudraṭa (Ch. XII, S'l. 3). Preyas is found in Udbhaṭa as an Ālaṃkāra by the side of Rasavat, both of which belong to a separate class of emotion-figures. Udbhaṭa considers Preyas as the poetry of Bhāva, Bhāva kāvya, and distinguishes it from the poetry of Rasa called Rasavat. In Bhāmaha and Daṇḍin, Preyas was a kind of sweet compliment born of devotion or love, प्रेयः प्रियतराख्यानम्. In this sense, Preyas as Cātu lives in later literature also. But Udbhaṭa's view is peculiar. As Pratīhārendurāja observes, any Bhāva is Preyas for Udbhaṭa.

¹ Mr. S'ivaprasāda Bhaṭṭācārya, in his Skr. gloss (in his Edn.) of the Ālaṃkāra Kaustubha of Kavikarṇapūra Gosvāmin in the Varendra Research Society Series, says that some Ālaṃkārikas, following the Pāka s'āstra and the Vaidya s'āstra, hold Rasas to be six in number.

“षट् रसा इति रसज्ञा निषजः, तदनुसारिणः केचिदलङ्कारमार्गा अपि ।”

The basis of this statement is not given; and I have not been able to find the Ālaṃkārikas who held Rasas to be six.

“ एवं भावकाव्यस्य प्रेयस्त्वदिति लक्षणया व्यपदेशः । ”

This view found no follower, since Udbhaṭa's view of Bhāva kāvya and Rasa kāvya and his view of Bhāva or Rasa being indicated by their own names met with criticism. The older Preyas of Bhāmaha and Daṇḍin as speech expressive of non-sexual love developed into a new Rasa. Daṇḍin says that this Preyas is very closely related to Sṛṅgāra but is distinct, since Prīti is the Sthāyin of the former whereas Rati is the Sthāyin of Sṛṅgāra.

प्राक् प्रीतिर्दर्शिता सेयं रतिः शृङ्गारतां गता ।

Daṇḍin, II, 289.

Friendship or Affection of parents—Sneha and Vātsalya—feature in some of the noblest poetry and there was felt a necessity to recognise a Rasa for such situations. Rudraṭa who introduces Preyān at first, mentions Sneha as its Sthāyin—स्नेहप्रकृतिः प्रेयान् । That Rudraṭa thought mainly of Friendship is shown not only by the Sthāyin but also by the following explication—

अन्योन्यं प्रति सुहृदोर्व्यवहारोऽयं मतस्तत्र । XVI, 18.

We now get three categories of non-sexual attachment or affection,—(i) the Preyas of Rudraṭa with Sneha as its Sthāyin which comes to friendship; (ii) Vātsalya or the affection of parents and elders for children and youngsters¹ and (iii) Prīti,

¹ Viśvanātha calls this Vatsala, describes it as paternal affection and gives it in his S. D. after giving the 8 old Rasas and the Sānta, the 9th.

“ अथ मुनीन्द्रसंमतो वत्सलः—

‘ स्फुटं चमत्कारितया वत्सलं च रसं विदुः ।

स्थायी वत्सलता स्नेहः पुत्राद्यालम्बनं मतम् ॥

the other kinds of attachment like that between a leader and a follower, a king and his officer or court-poet. To these is to be added the fourth, Bhakti,¹ reverence to elders and devotion to God.

All these aspects, to begin with, were called only Preyas which then was understood as all types of non-sexual love.

प्रीतिरप्येवमेव स्यान्न त्वस्यां सांप्रयोगिकी । Bhoja, S. K. Ā., V.

Daṇḍin's Preyas, as his two illustrations show, refer only to the fourth aspect called Bhakti. He actually calls it by the name Bhakti and uses as its synonym, Prīti. Commenting

उद्दीपनानि तच्चेष्टा विशाशौर्योदयादयः ।
आलिङ्गनाङ्गसंस्पर्शशिरश्चुम्बनमीक्षणम् ॥
पुलकानन्दवाष्पाद्या अनुभावाः प्रकीर्तिताः ।
सञ्चारिणोऽनिष्टराङ्गाहर्षगर्वादयो मताः ॥
पद्मगर्भच्छर्विर्वर्णो दैवतं लोकमातरः ॥”

The illustration given is Raghu's childhood and Dilipa's Vātsalya (R. V. III). The Mandāramarandacampū curiously enough considers Karuṇā or Kāruṇya—Compassion—as the Sthāyin of Vātsalya :

अन्ये तु करुणास्थायी वात्सल्यं दशमोऽपि च । K. M. edn., p. 100.

Kavikarṇapūra Gosvāmin, who illustrates Vātsalya with Yaśodā's love for baby-Kṛṣṇa, gives Mamakāra as its Sthāyin—

‘अत्र ममकारः स्थायी ।’ p. 148.

¹ Kavikarṇapūra classifies Love into sexual love—Sāmpriyogikī Prīti, Maitrī, Sauhārda and Bhāva. The last is the Sthāyin of Bhakti. “तत्र रतिर्यथा

“रतिश्चेतोरश्रकता सुखभोगानुकूल्यकृत् ।
सा प्रीति-मैत्री-सौहार्द-भावसंज्ञाश्च गच्छति ॥”

A. K., Ch. V, Varendra Edn., p. 124.

on Vidura's words spoken on Kṛṣṇa's arrival at his house, Daṇḍin says:

इत्याह युक्तं विदुरो नान्यतस्तादृशी धृतिः ।

भक्तिमात्रसमाराध्यः सुप्रीतश्च ततो हरिः ॥ K. Ā., II, 277.

The other instance is the manifestation of a king's devotion to Ś'iva, uttered in the form of a Stotra on seeing Him:

इति साक्षात्कृते देवे राज्ञो यद्राजवर्मणः ।

प्रीतिप्रकाशनं तच्च प्रेय इत्यवगम्यताम् ॥ II, 279.

It is quite natural that in our literature, Bhakti should have come in as a dominant motif and that scholars should have accepted it as a distinct Rasa. Though Rudraṭa mentions only the Preyas of Sneha, we find the Abhinavabhāratī saying that others propose not only Bhakti but Ś'raddhā, Faith, also as a new Rasa. Abhinava however does not consider them as distinct Rasas but includes them in Ś'ānta of which the two are important accessories.

“अत एव ईश्वरप्रणिधानविषये भक्तिश्चद्धे स्मृतिमतिधृत्युत्साहानु-
प्रविष्टे अन्यथैव अङ्गम् (शान्तस्य) इति न तयोः पृथग्सत्त्वेन गणनम् ॥”¹

Abhi. Bhā., I, Ch. VI, p. 340.

Of Bhakti, more will be said in the section on Madhura Rasa. The Dasarūpaka mentions Prīti and Bhakti separately as *Bhāvas* and includes them in Harṣa, Utsāha or some other similar Bhāva. (IV, 84).

¹ Hemacandra reproduces this discussion on the additional Rasas from the Abhi. Bha. See K. A., p. 68, Text and Com. Ś'ivārāma's Rasaratnahāra seems to be another work which speaks of the Ś'raddhā Rasa and includes it in one of the nine accepted Rasas.

प्रीतिभक्त्यादयो भावाः
हर्षोत्साहादिषु स्पष्टमन्तर्भावान्न कीर्तिताः ॥

Prīti here means types of love other than Rati and Bhakti. To be clear about accepting friendship as Rasa, some seem to have called Sneha itself as a Rasa. Rudraṭa used the name Sneha for the Sthāyin and called the Rasa, Preyān; but these proposed Sneha as the Rasa and Ārdratā as the Sthāyin. Rudraṭa himself mentioned this Ārdratā while describing his Sneha Sthāyin :

आद्रान्तःकरणतया स्नेहपदे भवति सर्वत्र । XVI, 19.

The Abhi. Bhā. thus introduces and criticises this Sneha rasa with Ārdratā as its Sthāyin :

“ आर्द्रतास्थायिकः स्नेहो रस इति त्वसत् । स्नेहो ह्यभिपन्नः । स च रत्युत्साहादावेव पर्यवस्यति । तथा हि—वालस्य मातापित्रादौ स्नेहो भये विश्रान्तः, यूनो मित्रजने रतौ, लक्ष्मणादेः आतरि धर्मवीर एव । एवं वृद्धस्य पुत्रादावपि द्रष्टव्यम् । ” Abhi. Bhā., I, p. 342.¹

This dismisses Prīti, Sneha, Vātsalya and similar Rasas based on attachment. This is not a commendable attitude.

¹ Hemacandra, K. A. Vyā., p. 68.

“ स्नेहो भक्तिर्वात्सल्यमिति हि रतेरेव विशेषः । तुल्ययोः या परस्परं रतिः स स्नेहः । अनुत्तमस्य उत्तमे रतिः प्रसक्तिः, सैव भक्तिपदवाच्या । उत्तमस्य अनुत्तमे रतिः वात्सल्यम् । एवमादौ च विषये भावस्यैव आस्वाद्यत्वम् ॥

S'āringadeva, Saṅgitaratnākara, p. 839.

भक्ति स्नेहं तथा लौल्यं केचित् त्रीन् मन्वते रसान् ।

श्रद्धार्द्रतामिच्छांश्च स्थायिनस्तेषु ते विदुः ॥

तदसत् ; रतिभेदौ हि भक्तिस्नेहौ नृणोचरौ ।

व्यभिचारित्वमनयोः ; नृतायोः स्थायिनौ तु तौ ॥

To have less distinctions is no great aim. If it is said that friendship is only a variety of Rati, can we call the Rasa in the association of Rāma and Sugrīva, S'ṛṅgāra? If brotherly attachment again is brought under Rati, is the Rasa in the association of Rāma and Bharata or Rāma and Lakṣmaṇa, S'ṛṅgāra? If Dharmavīra can be called forth to deny Rasatva to Lakṣmaṇa's attachment to Rāma, why should not opponents of S'ānta call forth another kind of Vīra to deny Rasatva to S'ānta? Do Abhinava and Hemacandra mean that Friendship, Brotherly attachment, Parental affection and the like are only Bhāvas that cannot be nourished into a state of Rasa with attendant accessories? Literature is only too full of these types of attachment. The instance of Dasaratha's death due to separation from Rāma is ample proof for the existence of Vātsalya¹ as a major mood, fit to be developed and fit to be relished.

LAULYA RASA

In the same section, the Abhi. Bhā. mentions and criticises another Rasa called Laulya, of which the Sthāyin is

¹ Strangely, we find Vātsalya introduced (as a Rasa, of course) in the midst of other Rasas in the text of Bharata itself. In Ch. 17, second section, dealing with Pāṭhyaguṇas, we find with reference to Varṇas and Rasas:

“तत्र हास्यशृङ्गारयोः स्वरितोदात्तैः, वीररौद्राद्भुतेषु उदात्तकम्पितैः कण्ठवात्सल्य-भयानकेषु अनुदात्तस्वरितकम्पितैर्वर्णैः पाठ्यमुपपादयति ।”

K. M. Edn., p. 187.

A similar strange passage occurs in Ch. 22, in S'l. 3, same edn. where Rasas are mentioned as nine:

अव्यक्तरूपं सत्त्वं द्वि ज्ञेयं नवरसाश्रयम् ॥

But the correct reading here is भावरसाश्रयम् as the Kāśī edn. shows.

given as Gardha. Abhinava suggests that it can be included in Hāsa, Rati or elsewhere.

एषैव गर्धस्थायिकस्य लौल्यरसस्य प्रत्याख्याने सरणिर्मन्तव्या, हासे वा, रतौ वा, अन्यत्र पर्यवसानात् । Abhi. Bhā., p. 342.

Laulya seems to have been proposed to label the Rasa of an anti-hero like Rāvaṇa whose vile passion for Sītā is enormous. This thirst of heart, Abhinava says, is inappropriate; it is not Rasa in him, but only Rasābhāsa; and this Anaucitya of his desire causes Hāsa Rasa. S'ārṅgadeva summarises Abhinava thus:

अयुक्तविषया तृष्णा लौल्यं तद्भास्यकारणम् ।

MṚGAYĀ AND AKṢA RASAS

Even as Abhinava does, Dhanañjaya also refers to other Rasas proposed by writers. Prīti and Bhakti, two additional Bhāvas, and their inclusion by Dhanañjaya in one or the other of the Bhāvas, were referred to previously. In the same verse, Dhanañjaya refers to two additional Rasas, Mṛgayā and Akṣa, Hunt and Gambling.

प्रीतिभक्त्यादयो भावा मृगयाक्ष्मादयो रसाः ।

हर्षोत्साहादिषु स्पष्टमन्तर्भावान्न कीर्तिताः ॥ D. R., IV, 83.

Rasa refers no longer to a mental state only; these writers generalise it very much to mean any motif or any 'idea.'

If we can infer anything from the mention of these additional Rasas by Abhinava after a reference to Lollaṭa's view that Rasas are innumerable, we may say that it was Lollaṭa who proposed these additional Rasa. Though Lollaṭa's

commentary on the N. S'. is not available, we have, about that time, the K. A. of Rudraṭa, which holds the same view on the number of Rasas as Lollaṭa is said by Abhinava to hold. These writers re-examined Bharata's text to find out what exactly constituted Rasatva and Bhāvatva. Bharata considered as Rasas those emotions which were "masters"—Svāmībhūtas, and were consequently attended upon by many minor ones, (Bahvāśrayāḥ) which are called Bhāvas. The forty-nine Bhāvas described by him include the eight Sthāyins also and these eight are once again described as Bhāva among Bhāvas. This shows that the eight Sthāyins had a Sthāyin-stage and a Bhāva-stage. When reinforced by Vyabhicārins, Rati etc. became Sthāyins. Similarly, thought some writers, other Bhāvas also can be reinforced by other attendant Bhāvas and made Sthāyins. According to this view, the Vyabhicārins themselves would have other Vyabhicārins; Nirveda is attended by Cintā; S'rama by Nirveda and so on. Says Abhinava :

“—व्यभिचारिणामपि च व्यभिचारिणो भवन्ति, यथा निर्वेदस्य चिन्ता, श्रमस्य निर्वेद इत्यादि निरूपयन्ति । तच्चासत् । Ch. VII, p. 346.

Abhinava did not accept this view.¹ But Lollaṭa's and Rudraṭa's position would make its acceptance necessary for them. Bharata says while explaining what Rasa is :

अत्र रस इति कः पदार्थः ? उच्यते ; आस्वाद्यत्वात् ।

¹ If he accepted this view, he might give a handle to those who considered all the thirty-three Vyabhicārins also as capable of becoming Rasas. So, he says, wherever there seem to occur in one Vyabhicārīn many others, as for instance Vitarka etc. in Unmāda in Purūravas, it cannot be said that one Vyabhicārīn is nourished by others, but it must be said that all these are separately Vyabhicārins nourishing the main Sthāyin, Vipralambha Rati.

Rudraṭa perhaps based himself on this text when he said that any Bhāva can be Rasa, because Āsvādyatva or relishability is present in it:

इति मन्तव्या रसाः सर्वे ॥ XII, 3.

रसनाद्रसत्वमेषां मधुरादीनामिवोक्तमाचार्यैः ।

निर्वेदादिष्वपि तन्निकाममस्तीति तेऽपि रसाः ॥

Only a poet must develop the Vyabhicārin also to a state of relishability. Namisādhū explains Rudraṭa clearly and observes that there is no mental state which cannot be called Rasa, if only it is developed.

“अयमाशयो ग्रन्थकारस्य—यदुत नास्ति सा कापि चित्तवृत्तिः या परिपोषं गता न रसीभवति । भरतेन सहृदयावर्जकवप्राचुर्यात् संज्ञां चाश्रित्य अष्टौ वा नव वा रसा उक्ता इति ।”

Rudraṭa was perhaps contemporaneous with S'āṅkuka C. 850 A.D. and thus followed Lollāṭa, C. 825 A.D., on this question of Rasas being as many as Bhāvas. If Bharata

But Bharata does not seem to support this contention of Abhinava. He seems to allow Vyabhicārins in Vyabhicārins. Defining Dainya, the Āryā in the N. S'. says: चिन्ता-ओत्सुक्य-समुत्था. Ch. VII, 74, p. 362. Asūyā, a Vyabhicārin is given as an Anubhāva of another Vyabhicārin Garva (p. 369). In Autsukya, Cintā and Nidrā are given; and many other Vyabhicārins also occur here as well as in Viṣāda (p. 370).

On p. 66 of his Locana, Abhinava cites काकार्य etc. and calls it a case of Bhāvas'ahatā. He says that this verse portrays four pairs of Vyabhicārins appearing one after another: Vitarka-Autsukya; Mati-Smarāṇa; Sāṅkā-Dainya; and lastly Dhṛti-Cintā. He concludes however that finally Cintā is the Vyabhicārin which we relish. This seems to mean that the one Vyabhicārin of Cintā has other Vyabhicārins, Vitarka etc. 'पर्यन्ते तु चिन्ताया एव प्रधानतां ददती परमास्वादस्थानम् ।'

spoke only of eight or nine Bhāvas as Rasas, it is because of their greater vogue among poets and critics. According to Abhinava, Lollaṭa said the same thing :

“ एतावन्त एव च रसा इत्युक्तं पूर्वम् । तेन ‘आनन्त्येऽपि पार्षद-
प्रसिद्ध्या एतावतां प्रयोज्यत्वम् इति यत् भट्टलोल्लटेन निरूपितं तदवलपना-
परामृश्य(?)इत्यलम् । ” Abhi. Bhā., I, p. 299.

“ तेन रसान्तरसम्भवेऽपि पार्षदप्रसिद्ध्या संख्यानियम इति यदन्यैः
(लोल्लटादिभिरित्यर्थः) उक्तम्, तत्प्रत्युक्तम् । भावाध्याये चैतद्वक्ष्यते । ”

ibid., p. 341.

It is perhaps Lollaṭa who, while commenting on the text enumerating the Sthāyins, Vyabhicārins etc. at the beginning of Ch. VI, says regarding Sthāyins that Bharata did not give any fixed number for the Sthāyins; for, Abhinava says in his commentary in this place :

“ स्थायिषु च सङ्ख्या नोक्तेत्यपरे । ” *ibid.*, p. 270.

Unfortunately, the Bhāvādhyāya of the Abhinavabhārati is, for the most part, lost and Abhinava's detailed statement and refutation of Lollaṭa's view are lost to us.

Pratīhārendurāja who comes after Ānanda notices this view of Rudraṭa that Nirveda and the other Bhāvas are also Rasas. His explanation for many considering only eight or nine as Rasas is not very different from Lollaṭa's Pārṣada-prasiddhi. Pratīhārendurāja takes his stand on Caturvarga as contrasted with those objects which are to be avoided by the wise—the Parihārya. Pratīhārendu says that only nine are called Rasas because of their reference to the four Puruṣārthas and the name Rasa as restricted to these nine is 'Tāntrika', technical and traditional for this S'āstra. This is a clumsy

explanation; virtually this writer accepts the position of Rudraṭa. The 'Tāntrika' or 'Pāribhāṣika' nomenclature begs the question and one fails to see how any Bhāva, Nirveda or another, is irrelevant to a Puruṣārtha. Says Pratibhārendurāja :

“एते च शृङ्गारादयो नव यथायोगं चतुर्वर्गप्राप्त्युपायतया तदितर-
परिहारनिबन्धनतया च रत्यादीनां स्थायिनां नवानां भावानां यः परिपोषः
तदात्मकाः । अतः तथाविधेन रूपेण आस्वाद्यत्वात् आस्वादभेदनिबन्धनेन
तान्त्रिकेण रसशब्देन अभिधीयन्ते । निर्वेदादौ तु तथाविधस्य आस्वाद्यस्य
(द्यत्वस्य) अभावात् प्रवृत्तिनिमित्तभेदनिबन्धनस्य तान्त्रिकस्य रसशब्दस्य
अप्रवृत्तिः । आस्वाद्यमात्रविवक्षया तु तत्रापि मधुराम्लादिवत् रसशब्द-
प्रवृत्तिरविरुद्धा । युदुक्तं शृङ्गारादीन् रसानुपक्रम्य—

‘रसनाद्रसत्वमेपां + अस्तीति तेऽपि रसाः ॥ (Rudraṭa ; see
above). इति । तदाहुः—

‘चतुर्वर्गेतरौ प्राप्यपरिहार्यौ क्रमाद्यतः ।

चैतन्यभेदादास्वाद्यात् स रसस्तादृशो मतः ॥’ इति ।

स इति चैतन्यभेद इत्यर्थः । तादृश इत्यनेन आस्वादविशेषनिबन्धनत्वं
शृङ्गारादिषु तान्त्रिकस्य रसशब्दस्य उक्तम् ॥ ” K.A. S.S. Vyā., p. 49.

To some extent, the final observation of Abhinava himself at the end of the sixth chapter is weak and justifies the restriction of Rasatva to eight or nine on grounds neither stronger than nor different from Lollāṭa's Pārṣada-prasiddhī or Pratibhāra's Caturvargaprāptyupāya.

“एते नवैव रसाः, पुमर्थोपयोगित्वेन, रञ्जनाधिक्येन वा
इयतामेव उपदेश्यत्वात् । तेन रसान्तरसम्भवेऽपि पार्षदप्रसिद्ध्या etc. ।

Abhi. Bhā., II, p. 341.

VYASANA, DUḤKHA AND SUKHA RASAS

The Nāṭyadarpaṇa of Rāmacandra and Guṇacandra follows Abhinava, reproducing these very words of the Abhinavabhāratī but adds that though, usefulness in Puruṣārtha and Rañjanā restrict Rasas to nine, more Rasas are possible : Laulya with Gardha as its Sthāyin ; Sneha with Ādratā as its Sthāyin ; Vyasana Rasa with Āsakti as its Sthāyin ; Duḥkha Rasa with Arati as its Sthāyin and Sukha Rasa with Santosa as its Sthāyin.

सम्भवन्ति त्वपरेऽपि—यथा गर्भस्थायी लौल्यः, आर्द्रतास्थायी स्नेहः, आसक्तिस्थायि व्यसनम्, अरतिस्थायि दुःखम्, सन्तोषस्थायि सुखमित्यादि ।

G. O. S. edn., p. 163.

According to the view that accepts the Vyabhicārin as Rasas, the names Sthāyin and Vyabhicārin are not fixed names of two sets, but rather names of stages. A Sthāyin may be a Vyābhicārin and a Vyabhicārin may become a Sthāyin. Abhinava himself draws our attention to Bharata prohibiting the Vyabhicārin Jugupsā in Sṛṅgāra. (p. 334, Abhi. Bhā.) This Jugupsa is a Sthāyin. The author of the gloss on the Vyaktiviveka says :

स्थायिनामपि व्यभिचारित्वं भवति । यथा रतेर्देवादिविषयायाः, हासस्य शृङ्गारादौ, शोकस्य विप्रलम्भशृङ्गारादौ, क्रोधस्य प्रणयकोपादौ, विस्मयस्य वीरादौ, उत्साहस्य शृङ्गारादौ, भयस्य अभिसारिकादौ, जुगुप्सायाः संसारनिन्दादौ, शमस्य कोपाभिहतस्य प्रसादोद्वेगादौ ॥

T. S. S. Edn., pp. 11-12.

S'ārṅgadeva, Saṅgītaratnākara :

रत्यादयः स्थायिभावाः स्युर्भूयिष्ठविभावजाः ।
 स्तोक्वैर्विभावैरुत्पन्नास्त एव व्यभिचारिणः ॥
 रसान्तरेष्वपि तदा यथायोगं भवन्ति ते ।
 यथा हि हासः शृङ्गारे रतिः शान्ते च दृश्यते ॥
 वीरे क्रोधो भयं शोके जुगुप्सा च भयानके ।
 उत्साहविस्मयो सर्वरसेषु व्यभिचारिणौ ॥

Bhānūdatta, Rasataranṅgī, v :

स्थायिनोऽपि व्यभिचरन्ति । हासः शृङ्गारे । रतिः शान्तकरुण-
 हास्येषु । भयशोकौ करुणशृङ्गारयोः । क्रोधो वीरे । जुगुप्सा भयानके ।
 उत्साहविस्मयो सर्वरसेषु व्यभिचारिणौ ॥

Further, we find among the Vyabhicārins, Amarṣa which is only Krodha, the Sthāyin of Raudra, but in a lesser degree ; Trāsa which is Bhaya, the Sthāyin of Bhayānaka ; Viṣāda which is only Śoka, the Sthāyin of Karuṇa Rasa.

Bhoja is a writer who held the same view as Lollaṭa and Rudrata on the number of Rasas. Bhoja's theory of Rasa is a very complex problem and it has been expounded at length by the present writer in the Rasa section of his Ph. D. thesis on Bhoja's S'ṅgāra Prakāsa. Bhoja is a monist and a pluralist combined regarding this question of the number of Rasas. Fundamentally, Rasa is only one to him, and that is, Ahaṅkāra or S'ṅgāra or Abhimāna. Compared to this, even Rati-S'ṅgāra, Hāsyā, Vīra, and the other old Rasas are unfit to be called Rasas, but are only Bhāvas ; much more so the Vyabhicārins. But this is a Pāramārthika state of affairs and there is a Vyāvahārika state also in which, by

Upacāra, the name Rasa, by virtue of the immanence of Ahaṅkāra in all of them, applies to all the forty-nine Bhāvas.

UDĀTTA AND UDDHATA RASAS

If we turn to Bhoja's S. K. Ā., Ch. V, we find him first mentioning only the eight old Rasas :

रतिर्हासश्च ।
 . . विस्मयश्चाष्टौ स्थायिभावाः प्रकीर्तिताः ॥ V. 14.

Then, he adds, that these Rasas have 'Viseṣas', which, as a matter of fact, means, additional Rasas :

शृङ्गारवीरकरुणरौद्राद्भुतभयानकाः ।
 बीभत्सहास्यप्रेयांसः शान्तोदात्तोद्धता रसाः ॥ V. 164.

The additional Rasas mentioned here are the old S'ānta, the Preyas which we have already heard of and two absolutely new Rasas, Udātta and Uddhata. Dr. Abhayakumar Guha, writing on the Rasa Cult in the Caitanya Caritāmṛta, in the Asutosh Silver Jubilee Volumes, III, says on p. 375. "Another rhetorician, Bhojarāja, adds one more, e.g. Preman (love). Thus according to Bhojarāja, eleven Rasas in all." That is, he says, to the wellknown nine, some add Vātsalya and Bhoja, Preman, making eleven. This information is wrong. Dr. S. K. De says in Vol. II of his Poetics : "and although he (Bhoja) mentions as many as ten Rasas in his encyclopaedic S. K. Ā., including the S'ānta and Preyas . . ." This also is incorrect. As shown above, Bhoja accepts twelve Rasas in all in his S. K. Ā. There is no peculiarity about S'ānta and

Preyas¹ in Bhoja, both of which are Rasas from earlier times. The two new Rasas of Bhoja are Udātta and Uddhata Rasas. They are both explained and illustrated on p. 515 of the S. K. Ā. Mati is held as the Sthāyin of the Udātta Rasa and Garva as the Sthāyin of the Uddhata Rasa. Bhoja says that the Udātta is also called Ūrjasvin.

It is clear that Bhoja proposed these two new Rasas as a result of his realisation that each type of Hero shall be

¹ (a) Bhoja gives Preyas as Vatsalaprakṛti, i.e., having Vātsalya as its Sthāyin, S. K. Ā., p. 514. Bhoja's illustration is however not friendship but only love for woman which will not prove Preyas as different from Śṛṅgāra. As a matter of fact, Preyas is considered by Bhoja as the Rasa lying at the root of Śṛṅgāra and all other types of love. Preyas is called Ahetupakṣa-pāta—

“रतिप्रीत्योरपि चायमेव मूलप्रकृतिरिष्यते । यदित्थमाहुः—

‘अहेतुः पक्षपातो यस्तस्य नास्ति प्रतिक्रिया ।

स हि स्नेहात्मकस्तन्तुरन्तर्भूतानि लीव्यति ॥’ (U. R. Carita, V. 17.)

S.K.Ā., p. 515.

The verse from the U. R. Carita quoted by Bhoja occurs in the drama to explain the inexplicable love that two persons, of whatever descriptions they may be, evince mutually on seeing each other,—called Tārāmaitraka and Cakṣūrāga. This is a purer and more basic love and rides high in the synthetic tides of Bhoja's imaginative mind. Bhoja, as can be seen in the last section of this paper, synthesises all Rasas and Bhāvas in this Preyas or Preman. Hāsyā is love for Hāsa; Vira is love for Utsāha and so on. In his Śṛṅgāra Prakāśa, Ch. XI, Bhoja says at the very outset :

रसांस्त्विह प्रेमाणमेव आमनन्ति ।

(b) Dr. De and Dr. Guha evidently owe their view of the number of Rasas accepted by Bhoja to Kavikarṇapūra Gosvāmin's Alankāra Kaustubha :

भोजस्तु वत्सलप्रेमभ्याम् एकादश रसानाचष्टे । p. 123.

Bhoja's synthesis of all Rasas in Preman is to be found in this writer also ; of this more later. (See A. Kaus., pp. 147-8.)

distinguished by a Rasa which dominates his character and constitutes his individuality. Thus S'ānta is the Rasa of the Dhīrasānta hero; Preyas of the Dhīralalīta; Udātta or Ūrjasvin of the Dhīrodātta and Uddhata of Dhīroddhata. He says expressly in his S'ṛṅgāra Prakāśa :

न च अष्टावेवेति नियमः, यतः शान्तं प्रेयांसम् उद्धतम् ऊर्जस्विनं
च केचिद्रसमाचक्षते । तन्मूलाश्च किल नायकानां धीरशान्त-धीरललित-
धीरोद्धत-धीरोदात्तव्यपदेशः । Mad. MS., Vol. II, pp. 337-8.

Among old Sanskrit writers also, as among modern research scholars, few had a correct knowledge of what the king of Dhārā said actually. Simhabhūpāla is the only writer who caught sight of Bhoja's Ūdātta and Uddhata Rasas and criticised them in his R. A. S., pp. 168-172, T. S. S. The anonymous Sāhitya mīmāṃsā (T. S. S, 114), a work largely indebted to Bhoja, also notes Bhoja's Udātta, Uddhata and Preyān and remarks that some would consider these three Rasas as included in the eight. I have dealt with this at length elsewhere.

In addition to these two new Rasas, Bhoja, like Rudraṭa, recognised all the Bhāvas as being capable of becoming Rasas. In the Vyavahāra-stage, Bhoja held all the forty-nine Bhāvas as Rasas :

एतेन रूढाहङ्कारता रसस्य पूर्वा कोटिः । रत्यादीनामेकोनपञ्चा-
शतोऽपि विभावानुभावव्यभिचारिसंयोगात् परप्रकर्षाधिगमे रसव्यपदेशार्हता
रसस्यैव मध्यमावस्था । S'ṛ. Pra. Vol. II, p. 301.

रत्यादयो यदि रसास्त्युरतिप्रकर्षे
हर्षादिभिः किमपराद्धमतद्विभिन्नैः

अस्थायिनस्त इति चेद् भयहासशोक-
 क्रोधादयो वद कियच्चिरमुल्लसन्ति ॥
 स्थायित्वमत्र विषयातिशयान्मतं चेत्
 चिन्तादयः कुतः ; उत प्रकृतेर्वशेन ।
 तुल्यैव सात्मनि भवेद् ; अथ वासनायाः
 सन्दीपनात् ? तदुभयत्र समानमेव ॥

S'r. Pra., Intro. verses 11 and 12.

“यदप्युक्तं परप्रकर्षगामी रत्यादिभावो रस इति, तदप्यसारम् ।
 ग्लान्यादिष्वपि तदुपपत्तेः । ग्लान्यादयोऽपि हि श्रमादिभिः परं प्रकर्षमा-
 रोप्यन्ते । न ते स्थायिन इति चेत् स्थायित्वमेषाम् उत्पन्नतीव्रसंस्कारत्वम् ।
 तीव्रसंस्कारोत्पत्तिश्च विषयातिशयात्, नायकप्रकृतेश्च । प्रकृतिश्च त्रिधा—
 सात्त्विकी, राजसी, तामसी च । तद्वशाच्च तथाविधानुभवभावनोत्पत्तिः ।
 ततश्चैषां स्थायित्वव्यपदेश इति ।”

“हर्षादिष्वपि विभावानुभावव्यभिचारिसंयोगस्तु दिव्यमान्वात्” ।

ibid., Vol. II, p. 355.

“अन्ये त्वाहुः (चाहुः)—सर्व एव रत्यादयो विभावानुभाव-
 व्यभिचारिसंयोगादुत्पद्यमानाः भूमानमापन्ना रसीभवन्ति । तथा हि—

रसनाद्रसत्वमेषां मधुरादीनामिवोक्तमाचार्यैः ।

निर्वेदादिष्वपि तन्निकामममर्तीति तेषां रसाः । (Rudraṭa).

सर्वेषां च तुल्ये रसत्वे रत्यादीनामेव परप्रकर्षगामिनां शृङ्गारवीर-
 व्यपदेश इति न घटते” । *ibid.*

Bhoja restates Rudraṭa's position with some arguments. He asks: If Rati and the other seven become Rasas, why not

Harṣa and the rest? If it is said that Rati etc. alone become Rasas by virtue of their being Sthāyins, why are not Harṣa and others Sthāyins? It cannot be said that all these eight and these eight only are 'permanent' and Harṣa etc. are 'fleeting'. Among these eight also, there are Bhaya, Hāsa, Śoka, Krodha etc. which are not 'permanent'. Permanence or Evanescence is not inherent in any Bhāva invariably but is born as a result of character and circumstance. Universality and the quality of being a major mood do not pertain to these eight only. Cīntā is as much a major mood, in a character and in a set of conditions, as Rati. Therefore, even as Rati, Glāni (Fatigue), or Harṣa (Delight), have their own Vyabhicārins, Anubhāvas and Vibhāvas.¹ Provided the poet develops these Harṣa etc. also with their attendant emotional conditions, they also attain to Sthāyitva and Rasatva. Thus, in a later section devoted to illustration, Bhoja speaks of Ānanda Rasa with Harṣa as its Sthāyin.² (S. K. Ā., p. 636 and Śṛṅgāra Prakāśa, Vol. II, p. 394.) On pp. 394-5 of his Śṛṅgāra Prakāśa (Vol. II) and p. 627 of his S. K. Ā., he speaks, along with the Vīra and Uddhata Rasas, of the new Rasas Svāntarya, Ānanda, Prasāda, and Pārasya. On p. 399 of the Śṛṅgāra Prakāśa (Vol. II) and 629 of his S. K. Ā., he speaks of Sādhvasa, Vilāsa, Anurāga and Saṅgama Rasas. This beats Rudraṭa who mentioned Nirvedādi only, i.e. all the Cittavṛttis and primarily the Vyabhicārins, as Rasas. But Bhoja extends Rasatva to Sāttvikas also, which

¹ Accordingly, in Chs. XIII-XIV, (Vol. III, Mad. MS.), Bhoja gives the Vibhāvas, Anubhāvas and Vyabhicārins of all the forty-nine Bhāvas. According to Abhinava, only the eight or nine Sthāyins can have Vyabhicārins. Vibhāvas and Anubhāvas are granted to all.

² The Nāṭya darpaṇa, as pointed out above, points out Sukha as a Rasa with Santoṣa as its Sthāyin. Contentment, Santoṣa, is Ānanda's Tīṣṇākṣaya and the N. D.'s Sukha is really Śānta Rasa.

are physical manifestations. And in this respect, he is one with Namisādhū who says while commenting on the bit in Rudrāṭa—‘इति मन्तव्या रसास्सर्वे’—

इतिशब्दः एवंप्रकारार्थः । एवंप्रकारा अन्येऽपि भावा रतिनिर्वेद-
स्तम्भादयः सर्वेऽपि रसा बोद्धव्याः ।

Though called Bhāvas, the Sāttvikas are physical manifestations. शारीरस्तु सात्त्विकभावादिः says Bhānūdatta in his Rasatarāṅgiṇī. But even these are Rasas, as much as any Cittavṛtti, to Bhoja. Fortunately the inanimate Uddīpana Vibhāvas like the Malayamāruta and Moonlight and the Ālambana Vibhāvas which are characters themselves are not made Rasa. To these Bhoja would be content to give the name ‘Rasānvyavibhūtiḥ’. But there seem to have been persons, before Bhoja also, who would take, as the Daśa-rūpaka points out, such subjects as Mṛgayā and Akṣa as Rasas.

From a passage in the Locana of Abhinava we understand that a period of chaos prevailed in the world of Rasas. Abhinava says that some hold the pure Vibhāva only as Rasa; some Sthāyin only; some the Vyabhicārins only; some the interplay of all these; some the story enacted itself and some all this put together.

अन्ये तु शुद्धं विभावम्, अपरे शुद्धमनुभावं, केचित्तु स्थायिमात्रम्,
इतरे व्यभिचारिणम्, अन्ये तत्संयोगिनम्, एके अनुकार्यं, केचन सकलमेव
समुदायं रसमाहुरित्यलं बहुना ।” Locana, p. 69.

It is perhaps on the authority of this passage in the Locana that Jagannātha Paṇḍita says in his R. G., p. 28.

“विभावादयः त्रयः समुदिता रसः” इति कतिपये । ‘त्रिषु य
एव चमत्कारी स एव रसोऽन्यथा तु त्रयोऽपि न’ इति बहवः ।

‘भाव्यमानो विभाव एव रसः’ इति अन्ये । ‘अनुभावस्तथा तथा’ इतीतरे । ‘व्यभिचार्येव तथा तथा परिणमति’ इति केचित् ।”

Such a view of the concept of Rasa has been criticised by Abhinavagupta. Surely the very substratum of the Bhāvas, namely the characters, the Ālambana Vibhāvas, cannot be called Rasa. Things like Moonlight and Southern Breeze, which are Jada and are conditions of Nature kindling the sentiment, Uddīpanas, cannot possibly be mental states, Cittavṛttis, and are thus not to be called Rasa. Similarly the Sāttvika. What Bhāva is tear which is a drop of water and Romāñca which is hair standing on end? While defining, explaining and illustrating the eight Sāttvikas which are also Rasas to him, Bhoja says in his S. K. Ā. (pp. 498-500) that though they become Rasas, they, being Sāttvikas, are not attended by accessory Sañcārins :

“अयं च स्तम्भः पुष्टोऽपि सात्त्विकत्वात् सदैव अन्यानुयायीति नानुभावादिभिर्गुणवध्यते ।”

“अस्यापि (रोमाञ्चस्य) सात्त्विकत्वात् अन्यानुबन्धादयो न जायन्ते ।” S. K. Ā., p. 498.

What does Bhoja mean by such qualified Rasas? How can an unattended thing be considered Puṣṭa or developed? If it is still looking up to something to render itself understood (अन्यमुखप्रेक्षि), how is it leading? A mere description of Stambha cannot make an instance of Stambha Rasa. The concept of Rasa means (1) an emotional state and (2) an emotional state which is ‘Pradhāna’. This ‘Pradhānatva’ is not a mere question of a poet nourishing a Bhāva. It means that the Bhāva is, by nature, a major mood, within which occur a number of secondary emotional states. Only such a

major state of mind can be reinforced by attendant conditions. Bhoja says Glāni can be reinforced by S'rama etc. This is not possible. When it is said that one is Glāna, fatigued, the question is at once asked, and the mind does not rest without asking this question, why is he fatigued ? That is, there cannot be Vis'rānti in a minor or fleeting feeling ; such a minor mood is common to more than one state of mind. One may be fatigued because of Vipralambha, because of fight in Vīra, because of yogic practice in S'ānta. But when it is said that Rāma loves Sītā, there is no more question. A Sthāyin explains a world of feelings ; it is like a master with many servants ; it is independent, Svatantra and Ananyamukha-prekṣī, Ananyānuyāyī and Svavis'rānta. This is the significance of the simple but effective simile of King and the followers. Abhinava clearly explains the position thus :

“अप्रधाने च वस्तुनि कस्य संविद् विश्राम्यति, तस्यैव प्रत्ययस्य प्रधानान्तरं प्रत्यनुधावतः स्वात्मनि अविश्रान्तत्वात् । अतो अप्रधानत्वं जडे विभावानुभाववर्गे, व्यभिचारिनिक्षये च संविदात्मकेऽपि नियमेन अन्यमुखप्रेक्षिणि संभवतीति तदतिरिक्तः स्थाय्येव चर्वणापात्रम् । ”

Abhi. Bhā., I, p. 283.

“ये त्वेते ऋतुमाल्यादयो विभावाः बाह्याश्च वाष्पप्रभृतयो अनुभावाः ते न भावशब्देन व्यपदेश्याः । ”

“भावशब्देन तावत् चित्तवृत्तिविशेषा एव विवक्षिताः । ”

ibid., Ch. VII, p. 343.

As regards the criticism that some among the accepted Sthāyins of old are less permanent, Abhinava accepts that there does exist a graded Prādhānya among them. He accepts also that sometimes, the Sthāyins become Vyabhicārins but Vyabhicārins do not become Rasas. Vyabhicārins

are always Paratantra.¹ It cannot be contended that all Bhāvas are equally relevant to the Puruṣārthas. The point in the argument of Caturvargopayoga is this : There are any number of things that man aspires for and works to get ; but all these fall under the four heads of Dharma, Artha, Kāma and Mokṣa. Similarly, though any feeling of man, as such, cannot but be related to his activity towards Caturvargaprāpti, there is a classification and grouping possible among them, according to which we arrive at a few dominant heads, under which the rest can be brought. The argument of 'Rañjanādhikya' means this: Though there is Āsvādyatva in everything in poetry and drama, it is only some mental conditions that can be handled as leading themes; how can Glāni be worked at as the Rasa of a drama and who will relish it?

Jagannātha paṇḍita adopts a peculiar attitude towards this question. He raises the problem by pointing out Bhakti as an additional Rasa. As love for God, an Anurāga, it cannot be brought under S'ānta, since S'ānta implies absence of any Rāga. He replies that all Rati except the Rati between man and woman is only a Bhāva and can never become a Rasa. If it is argued that Bhagavad Rati can be taken as the

¹ To Abhinava, the Vyabhicārins are always Paratantra; to Bhoja, they are Svatantra and Paratantra according as they are Rasa or Bhāva. There is a writer, later than Vidyānātha, named Veṅkatanārāyaṇa dīkṣita, of the Āndhrades'a, who seems to follow the view of writers like Bhoja. For he says that Vyabhicārins are of two kinds, Svatantra and Paratantra; when they go to heighten another, they are the latter; they are the former when they do not have to heighten another.

परतन्त्राः स्वतन्त्राश्च द्विविधा व्यभिचारिणः ।

परपोषकर्ता प्राप्ताः परतन्त्रा इतीरिताः ।

तदभावे स्वतन्त्राः स्युः भावा इति च ते स्मृताः ॥ Mad. MS., pp. 112-3.

He however does not explain his position further.

Sthāyi-Rati and the Strīpum-Rati be relegated to the Bhāva-class, another will propose Rati for children as a Sthāyin and a third will ask why Jugupsā and S'oka cannot be put down as Vyabhicārins instead of being called Sthāyins. The whole system of Bharata will then have to be overhauled and this is far from desirable! Bharata alone is the guide and authority to decide which Bhāva is Sthāyin and which Vyabhicārin.

“ न चासौ शान्तरसेऽन्तर्भावमर्हति । अनुरागस्य वैराग्यविरुद्धत्वात् ।
उच्यते—भक्तेः देवादिविषयरतित्वेन भावान्तर्गततया रसत्वानुपपत्तेः ।
. भरतादिमुनिवचनानामेव रसभावत्वादिव्यवस्थापकत्वेन,
स्वातन्त्र्यायोगात् । अन्यथा पुत्रादिविषयाया अपि रतेः स्थायिभावत्वं कुतो
न स्यात् ? न स्याद्वा कुतः शुद्धभावत्वं जुगुप्साशोकादीनाम्, इत्यखिल-
दर्शनव्याकुली स्यात् । रसानां नवत्वगणना च मुनिवचननियन्त्रिता भज्येत,
इति यथाशास्त्रमेव ज्यायः । ” R. G. pp. 45-6.

BHAKTI AND MADHURA RASA

It was pointed out previously how Daṇḍin illustrated Preyas by two instances of devotion to God, Bhakti. It is natural that, in this land, this sentiment of devotion should have been soon accepted as a Rasa. But Abhinava and others proposed to bring it under S'ānta. S'ānta is the Rasa relating to the final Puruṣārtha, Mokṣa; and many are the paths leading to Mokṣa. The three paths of Bakti, Karman and Jñāna are wellknown. It may be that Bhakti is in some cases an Aṅga of the S'ānta developed on lines of Jñāna but the advocates of Bhakti held it to be supreme by itself. They made Jñāna and Karman its aids; the release, Mokṣa, from everything which the Jñānin wanted, the Bhakta did not favour. He wanted that he should permanently be loving God.

Just as Vīra Rasa has the four varieties, Dāna etc., this Bhakti also has the varieties of Madhura or Sṛṅgāra or Ujjvala, *i.e.*, love as in the case of the Gopīs towards Kṛṣṇa, Sakhya as in the case of Arjuna, Vātsalya as in the case of Devakī, Yaśodā, Vasudeva and Nanda, Dāsya or servitude as in the case of other devotees. The elaboration of Bhakti Rasa on these lines is the special contribution of the rhetoricians of Bengal who followed the school of Caitanya. Rūpa Gosvāmin's two works, the Bhaktirasāmṛtasindhu and the Ujjvalanīlamanī deal with this Bhakti Rasa at very great length. Dr. Abhayakumar Guha has dealt with this subject in an article on the Rasa Cult in the Caitanyacaritrāmṛta in the Asutosh Mukerjee Silver Jubilee Volumes (III) and Dr. S. K. De's complete account of 'the Bhakti-Rasa Sāstra of Bengal Vaiṣṇavism' in the IHQ (Vol. VIII) for 1932, removes the need for any further contribution on this subject.

These Vaiṣṇava Ālaṅkārikas accept the eight Rasas of Bharata; accept the S'ānta; accept the Vātsalya; accept the 'Sneha-prakṛtiḥ Preyān' or the 'Ārdratā-sthāyikaḥ Snehaḥ' as Sakhya and add only one absolutely new Rasa-concept, namely Dāsya. Thus they speak of twelve Rasas but they give a new orientation to the whole scheme, wherein lies the speciality of their school. The old Sṛṅgāra becomes the chief Rasa; it is Rati for their God; it is also called Madhura and Ujjvala. Along with this Madhura, there are four others which are primary; they are S'ānta, Dāsya, Sakhya and Vātsalya. These five are called the five Mukhya Bhakti Rasas. The rest, the seven (Hāsya, Adbhuta, Vīra, Karuṇa, Bibhatsa, Bhayānaka and Raudra), are secondary, the Gaṇa Bhakti Rasas. The primary Bhakti Rasas numbering five are the five forms of Bhakti; the seven secondary Rasas are

more or less Vyabhicārins for the five primary Rasas, for they are Rasas only when they involve Kṛṣṇa-rati.

शान्त दास्य (सख्य) मधुर रस नाम
 कृष्ण भक्ति रस मध्ये ए पञ्च प्रधान ।
 हास्याद्भुतवीरकरुणबीभत्सभयरौद्र
 पञ्च विध भक्ते गौण सप्त रस ह्य ।
 पञ्च रसस्थायी व्यापी रहे भक्तनते
 सप्त गौण आगन्तुक पा इये कारणे ॥

(Quoted by Dr. A. K. Guha in the article ref. to above.)

According to the table given by Dr. De in his article (p. 666), Dāsya is called Prīta (rendered as Faithfulness) and Sakhya is called Preyas (rendered as Friendship).

Kavikarṇapūra's Ālaṁkāra Kaustubha is a regular Ālaṁkāra treatise but it introduces some ideas of these Vaiṣṇava Ālaṁkārikas also. Kavikarṇapūra does not give us the classification into Mukhya and Gaṇa Rasa, and we miss also Dāsya in his work. He accepts the eight Rasas of Bharata, the S'ānta and the Vātsalya. To these ten he adds two more, Preman and Bhakti. Preman is the name he gives to the Madhura Rasa, the divine S'ṛṅgāra between Kṛṣṇa and the Gopīs. He considers Cittadrava as its Sthāyin. According to him, this love is not S'ṛṅgāra. He also records the view of some who hold S'ṛṅgāra as the Rasa between Rādhā and Kṛṣṇa and says that, in that case, Preman will be the Aṅga of that S'ṛṅgāra. But, according to himself, Preman is the Aṅgin; S'ṛṅgāra its Aṅga. This Preman, Kavikarṇapūra considers as Love Supreme within which every other Rasa comes.

“अथ प्रेमरसः . . . अत्र चित्तद्रवः स्थायी । प्रेमरसे सर्वे
 रसा अन्तर्भवन्तीत्यत्र महीयानेव प्रपञ्चः । ग्रन्थगौरवभयादिङ्मात्रमुक्तम् ।

केषाञ्चिन्मते श्रीराधाकृष्णयोः शृङ्गार एव रसः । तन्मतेऽप्येतदुदाहरणं नासङ्गतम् । शृङ्गारोऽङ्गी प्रेम अङ्गम्, अङ्गस्यापि कचिदुद्विक्तता । वयं तु प्रेमाङ्गी, शृङ्गारोऽङ्गमिति विशेषः । तथा च—

उन्मज्जन्ति निमज्जन्ति प्रेम्ण्यखण्डरसत्वतः ।

सर्वे रसाश्च भावाश्च तरङ्गा इव वारिधौ ॥ A. Kau., p. 148.

This view of Preman will make it the basic Love, which Bhoja also says, lies at the root, as Mūlaprakṛti, of Rati and Prīti.

The Vāghela King Visvanāthasimha, a great devotee of Rāma and the author of a number of works on Rāma, (A. D. 1853-4) treats of Bhagavad Bhakti as a Rasa at the end of his treatise Sarvasiddhānta. *Vide* Rajendralal Mitra, Notices of MSS., Vol VII, p. 100. No. 2329. It would be interesting to compare his elaboration of this subject with that of the Bengal Vaiṣṇava Ālaṅkārikas.

MADHUSŪDANA SARASVATĪ ON BHAKTI RASA

It is a well-known fact that Madhusūdana-sarasvatī, the great Advaitic writer, was a great devotee of the personal God in the form of Kṛṣṇa. In this role, he has left to us a Stotra, and a treatise on devotion called Bhagavadbhaktirasāyana,¹ a work, in which the subject is approached from the point of view of the Ālaṅkārika. It expounds the Bhakti Rasa. Though this Rasa is old and has been dealt with by others, as can be seen from the foregone survey, the treatment by Madhusūdana-sarasvatī has its own peculiarities.

Generally, the Puruṣārthas are said to be four, Dharma, Artha, Kāma and Mokṣa. M. S. says that Puruṣārtha is

¹ Benares Edn., 1927.

really one which is bliss untainted by misery, दुःखासंपृष्टसुख, and that, if one speaks of four Puruṣārthas, one calls the means the end, adopting the common Upacāra (p. 5). Since devotion to God, Bhagavad-Bhakti, is one of the ways of attaining such unmixed bliss, Bhakti also is a Puruṣārtha.

अतो भगवद्भक्तियोगस्यापि दुःखासंभिनसुखत्वेनैव परमपुरुषार्थत्वमित्याह — ‘निरुपमसुखसंविद्रुपमस्पृष्टदुःखम्’ इति । p. 5.

M. S. separates Jñāna and Bhakti and consequently does not include Bhakti in the fourth Puruṣārtha, Mokṣa. He bases himself on the difference in character in aspirants to spiritual salvation, which explains why some take to the path of knowledge, Jñāna, and some to the path of devotion, Bhakti. Firm minds seek the former through cultivated Nirveda, while softer minds tending to be emotional seek the latter.

ततश्च अद्रुतचित्तस्य निर्वेदपूर्वकं तत्त्वज्ञानम् । द्रुतचित्तस्य तु भगवत्कथाश्रवणादिभागवतधर्मश्रद्धापूर्विका भक्तिरिति अवधित्वेन द्वयमप्युपात्तम् । p. 2.

On the basis of certain texts in the Bhāgavata, he even says that Jñāna also becomes a means and not an end, a means to the attainment of Cittaprasāda, which is necessary for Bhakti. This makes Jñāna a Sañcārīn of Bhakti.

“अत्र ‘मनो यावत् प्रसीदति’ (भा. XI. 20.) इति भक्तियोग एव ज्ञानावधिकत्वेन उक्तः ।” p. 3.¹

¹ On p. 11 M.S. points out the difference between Bhakti and Brahmavidyā or Jñāna. The two are there for two different kinds of Adhikārīns. The common man or anybody as such is a candidate for Bhakti; whereas, only he who has acquired the four

M.S. accepts two kinds of Bhakti, the means and the end, Sādhana and Phala. Even as Jñāna can be means to Bhakti, Bhakti itself can be. The Bhāgavata dharmas like Śravaṇa and Kīrtana, which produce Cittaprasāda and Sattvasuddhi, form Sādhana bhakti (p. 8). Bhakti itself can serve to intensify Bhakti.

The word Bhakti itself is explained by M.S. in a very original manner. All writers explain Bhakti as Rati for God. M.S. does not say this at first. According to him, Bhakti is the Citta taking the form of the Lord. The Citta or Antaḥkaraṇa takes the form of the object it comes into contact with; भगवदाकारता is Bhakti.

“भजनम् अन्तःकरणस्य भगवदाकारतारूपं भक्तिः ।

द्रुतस्य भगवद्धर्माद्धारावाहिकतां गता ।

सर्वेशो मनसो वृत्तिर्भक्तिरित्यभिधीयते ॥ I, 3.

. . . या सर्वेशविषया वृत्तिः भगवदाकारतेत्यर्थः ; तदाकार-
तैव हि सर्वत्र वृत्तिशब्दोऽस्माकं दर्शने ; अतस्सा भक्तिरित्यभिधीयते । ” p. 13.

By Karaṇa Vyutpatti, Bhakti means the Sādhana also.

“भज्यते सेव्यते भगवदाकारम् अन्तःकरणं क्रियते अनया ’ इति
करणव्युत्पत्त्या भक्तिशब्देन श्रवणकीर्तनादि साधनमभिधीयते । ” p. 8.

Thus the word Bhakti would apply to the Uddīpanas and the Anubhāvas also.

Sādhana is eligible for Brahma-vidyā. In form also, the two differ ; Bhakti is a Savikalpaka-cittavṛtti and Brahma-vidyā is a Nirvikalpaka-cittavṛtti. In the former, the mind takes the form of God.

On p. 6, he points out to the critics who would not give Bhakti such a supreme and independent status of Puruṣārtha, that they should accept Bhakti as a Puruṣārtha, at least as forming part of the first or the fourth, Dharma or Mokṣa.

M.S. explains all details, Vibhāvas etc., according to his view. The Ālambana Vibhāva is of course the Lord (p. 6); Tulasī, Candana etc. are the Uddīpana vibhāvas; Anubhāvas are tears of joy or closing of eyes and the like. Regarding the Sthāyin, the older writers give Rati but Madhusūdana holds the Citta being of the form of the Lord, Bhagavadākārātā, as the Sthāyin. This Cittavṛtti develops into the Rasa of ineffable bliss.

“—सकलविषयविमुखमनसः महाभागस्य कस्यचित् भगवद्गुण-
गरिमग्रन्थनरूपग्रन्थश्रवणजनितद्रुतिरूपायां मनोवृत्तौ सर्वसाधनफलभूतायां
शुद्धीतभगवदाकारायां विभावानुभावव्यभिचारिसंयोगेन रसरूपतया विभावा-
नुभावव्यभिचारिसंयोगाद्रसनिष्पत्तिः’ इति ।

“विभावो द्विविधः—आलम्बनविभावः उद्दीपनविभावश्च । तत्र
आलम्बनविभावो भगवान्, उद्दीपनविभावः तुलसीचन्दनादिः, अनुभावो
नेत्रविक्रियादिः । व्यभिचारिणो भावाः निर्वेदादयः ; व्यक्तीभवद्भगव-
दाकारतारूपरसाख्यः स्थायिभावः परमानन्दसाक्षात्कारात्मकः प्रादुर्भवति ;
स एव भक्तियोग इति ; तं परमं निरतिशयं पुरुषार्थं वदन्ति रसज्ञाः । ” p. 4.

It must be noted here that, though M.S. distinguishes S'ānta and Bhakti as essentially different, he still gives Nirveda or सकलविषयविमुखमनस्कता (Vairāgya) as a condition precedent even to the Uddīpana vibhāva. This would however make S'ānta an Aṅga. Though M.S. gives his Sthāyin for Bhakti as Bhagavadākārācittavṛtti, there does not seem to be any great difference between this and Bhagavad-Rati. For he holds that the result of this Cittavṛtti, its Phala, is intense love for God. भगवद्विषयकप्रेमप्रकर्षो भक्तिफलम् । p. 11. On p. 16, he says that this molten state of the mind is called Pranaya, Anurāga, Sneha etc., all names of Rati.

इयमेव द्रवावस्था प्रणयानुरागस्नेहादिशब्दैरपि सङ्कीर्त्यते । p. 16.

According to M. S., the Ālambana of Bhakti is God ; the Rasa realised, Paramānanda, is God ; and the Sthāyin, the mind which has taken God's form, is also God. How is this explained ? M.S. says that God the Ālambana is independent and is the Bimba of which the Sthāyin in us is the Prati-bimba. The form of God is ineffable bliss.

भगवान् परमानन्दस्वरूपः स्वयमेव हि ।

मनोगतस्तदाकाररसतामेति पुष्कलम् ॥ I. 10, p. 18.

बिम्बमेव ह्युपाधिनिष्ठत्वेन प्रतीयमानं प्रतिबिम्बमित्युच्यते । परमानन्दश्च भगवान् मनसि प्रतिबिम्बितः स्थायिभावतामासाद्य रसतामापादयतीति भक्तिरसस्य परमानन्दरूपत्वं निर्विवादम् । नाप्यालम्बनविभावस्थायिभाव-योरैक्यम्, बिम्बप्रतिबिम्बभावत्वेन भेदस्य व्यवहारसिद्धत्वात्, ईशजीव-योरिव । ” p. 18.

M. S. then recognises that the following Bhāvas can become Sthāyins and Rasas. 1. Kāma becoming Sambhoga and Vipralambha ; 2. Krodha becoming Dveṣa as in S'isupāla and Kaiśa ; 3. Bhaya ; 4. Sneha (Dāsya, Sakhya, Vātsalya, and Preyas) ; 5. Harṣa becoming love for Kṛṣṇa ; 6. Hāsa ; 7. Vismaya ; 8. Utsāha (Dayā, Dāna and Dharma) ; 9. S'oka ; 10. Jugupsā ; and 11. S'ama (II, 25-26). Of these, Dharma-vīra, Dayāvīra, Bībhatsa and S'ama are not part of Bhakti Rasa (II, 27-28). Similarly Dveṣa born of Īrṣyā and Bhaya are not part of Bhakti (II, 29). So also Raudra and Bhayānaka are never Aṅgas of Bhakti (II, 30). The rest form part of Bhakti (II, 31-33). As pointed out already, M. S. is of opinion that S'ānta Rasa and Mokṣa Puruṣārtha are for 'Adrutacittas' and that both differ from Bhakti which is a

separate Puruṣārtha. Hence, he excludes S'ānta from Bhakti. But as can be seen in the earlier section, the Bhakti Rasa scheme of Rūpa and others admit S'ānta in Bhakti. This, the author of the gloss on M.S. also points out. M.S. rules out of the scope of Bhakti, Dharma-Vīra and Dayā-Vīra because their Ālambanas differ; Raudra and Bhaya are against love and Dveṣa cannot produce any Druti.

Those who did not accept Bhakti as a separate Rasa considered it as a Bhāva, a variety of Rati, the object of which was God. देवादिविषया रतिः . To these writers, M.S. replies that this Bhāva-Rati described as ' Devādiviṣayā ' refers to Rati for the gods like Indra and others. Rati for the one supreme God is a Rasa.

रतिर्देवादिविषया व्यभिचारी तथोर्जितः ।

भावः प्रोक्तो रसो नेति यदुक्तं रसकोविदैः ॥

देवान्तरेषु जीवत्वात् परानन्दाप्रकाशनात् ।

तद्योज्यम्; परमानन्दरूपे न परमात्मनि ॥ II, 75-76.

Bhakti Rasa is the real Rasa; since here it is that one has the ineffable bliss that is not tainted by even a grain of sorrow. S'ṛṅgāra and other Rasas cannot mean this bliss and are inferior; they are like glow-worms; Bhakti is the very Sun.

कान्तादिविषया वा ये रसाद्यास्तत्र नेदृशम् ।

रसत्वं पुष्यते पूर्णसुखास्पर्शित्वकारणात् ॥

परिपूर्णरसा क्षुद्ररसेभ्यो भगवद्रतिः ।

स्वद्योतेभ्य इवादित्यप्रभेव बलवत्तरा ॥ II, 77-78.

THE MĀYĀ RASA

The advent of S'ānta latterly gave rise to another controversial Rasa called Māyā. Just as there is the possibility of depicting the S'ānta Rasa with the psychological, religious and metaphysical concepts like Jñāna, Bhakti, S'ama, Dama, Santuṣṭi etc., there is also the possibility of depicting the Māyā Rasa by showing the Jīvātman rolling in Saṁsāra as a result of Mithyājñāna or Avidyā, with characters Kāma, Krodha, Lobha and the like. Even as S'ānta is the Rasa of the state called Nivṛtti, Māyā is the Rasa of the state called Pravṛtti. In a philosophical drama, the Rasa from which the hero escapes into the S'ānta, will be Māyā. The Rasatarāṅgiṇī of Bhānudatta puts it forward thus :

चित्तवृत्तिः द्विधा—प्रवृत्तिर्निवृत्तिश्च । निवृत्तौ यथा शान्तरसः,
तथा प्रवृत्तौ मायारस इति प्रतिभाति । Ch. VII.

He points out there how this Māyā cannot be identical with or included in Rati etc., all of which come within its fold. Rati and the seven other Sthāyins become the Vyabhi-cārins of this Rasa.

किन्तु विद्युद् इव रतिहासशोकक्रोधोत्साहभयजुगुप्साविस्मयास्तत्र
उत्पद्यन्ते विलीयन्ते च । तेन तत्र व्यभिचारिभावा इति ।

The Sthāyin of this Rasa is Mithyājñāna.

लक्षणं च प्रबुद्धमिथ्याज्ञानवासना माया रसः । मिथ्याज्ञानमस्य
स्थायिभावः । विभावाः सांसारिकभोगार्जकधर्माधर्माः । अनुभावाः पुत्र-
कलत्रविजयसाम्राज्यादयः ।

The Mandāramaranda-campū follows the Rasataraṅgiṇī and describes the Māyā-Rasa of Pravṛtti as well as the S'ānta Rasa of Nivṛtti. K. M. 35, p. 106.

Cirañjīvibhaṭṭācārya cites the Rasataraṅgiṇī on Māyā Rasa and criticises it :

अत्रेदं चिन्त्यं—मायाया अनादित्वेन अजन्यत्वात् रसत्वासंभवः ।
रसास्तु सर्वे जन्या एव । कथं वा कथयेत् मिथ्याज्ञानादिः मायायाः
कारणमिति, शास्त्रविरुद्धत्वात् । वस्तुतस्तु आलङ्कारिकाणां मते रसो नित्यः
आनन्दरूपः । अतोऽस्य ब्रह्मस्वरूपत्वेन मायाया रसत्वासंभवः । माया
हि तुच्छा विनाशशालिनी ब्रह्मभिन्नैवेति दिक् । अत एव प्राचीनसं-
प्रदायिकैरपि नवैव रसाः कथिताः । ”

Kāvyavilāsa, Sarasvatī Bhavan Studies, XVI, p. 10.

This scholastic criticism, going into some of the features of the concept of Māyā as accepted in Metaphysics, does not meet the question properly. If it is argued that Rasa is 'Nitya', 'Ānandarūpa' and hence of the form of the Brahman, and consequently Māyā which is different from Brahman cannot be a Rasa, how does the author propose to explain S'ṛṅgāra etc. as Rasas? They all come under Māyā. If a portrayal of Bībhatsa, Bhayānaka and Raudra can be Rasa, why not Māyā? One objection that can be considered is however not mentioned by the critic of the Māyā-Rasa and it is this: As an opposite of the S'ānta Rasa, a Māyā-Rasa is no doubt present; but it is not a unitary Rasa. It is made up of S'ṛṅgāra and the seven other Rasas. Any given specimen presenting a mundane activity can be called by one of the eight names, S'ṛṅgāra etc. It is not necessary to have a separate Rasa as Māyā which is only the common name of all the eight mundane Rasas of Pravṛtti. Suppose, in a

metaphysical play, Pravṛtti and Nivṛtti are portrayed; under the former Kāma, Krodha etc. will be portrayed as developing into S'ṛṅgāra, Raudra and other Rasas. To us who see it with unenlightened minds, the several parts will appeal as S'ṛṅgāra, Raudra and so on; we will never realise them as Māyā; if we realise, we shall be sitting along with the chosen few, the Jñānins who alone see Māyā in all those Rasas; and to them, this Māyā will not produce Cittasānvāda or Rasāsvāda; only the opposite S'ānta will produce that in them. Therefore, practically speaking, there is no necessity for a Māyā-Rasa.

THE KĀRPAṆYA RASA

Along with the Laulya, which Abhinava had already mentioned, Bhānudatta examines if Kārpāṇya can be a Rasa. He mentions Sprhā as its Sthāyin. The argument for rejecting this is the same as that used by Abhinava for rejecting Laulya. Even as a development of Laulya can only become Hāsyā, development of Kārpāṇya also will become Hāsyā.

THE VRĪḌANAKA RASA

The Anuyōgadvāra Sūtra of the Jains, which I mentioned previously in the section on the S'ānta Rasa, gives nine Kāvya-rasas, in which list, Bhayānaka is omitted and in its place is found a new Rasa called Vrīḍanaka, which can be rendered as 'Modesty'. (Āgomodaya Samiti Series Edn. with Maladhārī Hemacandra's Skt. gloss, p. 134.)

एव कव्व रसा पणत्ता, तं जहा—

वीरो सिंगारो अब्भुओ अ रोदो अ होइ बोद्धवो ।

वेत्तणओ वीमच्छो हासो कल्लणो पसंतो अ ॥

The commentary of Maladhāri Hemacandra¹ explains that Vriḍānaka is the Rasa of Bashfulness, that some give in its place Bhayānaka as a Rasa and that this Bhayānaka is included in Raudra and hence not mentioned separately.

“व्रीडयति लज्जामुत्पादयति लज्जनीयवस्तुदर्शनादिप्रभवो मनो-
व्यलीकतादिस्वरूपो व्रीडनकः । अस्य स्थाने भयजनकसङ्ग्रामादिवस्तु-
दर्शनादिप्रभवः भयानको रसः पठ्यतेऽन्यत्र । स चेह रौद्रसान्तर्भाव-
विवक्षणात् पृथङ् नोक्तः ।”

In defining, however, the text gives a verse in which we see Bhayānaka instead of Raudra, to explain which the commentator says that the text describes not Raudra as such, but describes it through its effect, Bhaya. The Lakṣaṇa-sloka is—

भयजननरूपशब्दान्धकारचिन्ताकथासमुत्पन्नः ।

संमोहसंभ्रमविषादमरणलिङ्गो रसो रौद्रः ॥ (छाया)

The illustration is however for Raudra proper :

भ्रुकुटीविडम्बितमुख सन्दद्योष्ठ इत आकीर्णरुधिर ।

हंसि पशुं असुरनिभ भीमरसित अतिरौद्र रौद्रोऽसि ॥

The commentator explains that though the Lakṣaṇasloka means only the Bhayānaka Rasa, it has to be taken as referring to the cause of Bhayānaka, Raudra also.

¹ The commentator's date is the end of the 11th cent. and early part of the 12th. He wrote his Jīvasamāsa in 1107 A.D. and Bhavabhāvanā in 1113 A.D. (Winternitz, Hist. Ind. Lit. Eng. Tran. II, p. 589.) He is different from the author of the Kāvyaṇusāsa.

“ननु भयजनकरूपादिभ्यः समुत्पन्नः संमोहादिलिङ्गश्च भयानक एव भवति, कथमस्य रौद्रत्वम्; किन्तु पिशाचादिरौद्रवस्तुभ्यो जातत्वात् रौद्रत्वमस्य विवक्षितमित्यदोषः । . . . रौद्रो रसः, सोऽप्युपलक्षणत्वादत्रैव द्रष्टव्यः, अन्यथा च निरास्पद एव स्यात् । अत एव रौद्रपरिणामवत्पुरुषचेष्टाप्रतिपादकमेव उदाहरणं दर्शयिष्यति । भीतचेष्टाप्रतिपादकं तु तत् स्वत एव अभ्यूह्यमित्यलं प्रसङ्गेन ।”

If the number of Rasas is to be reduced by omitting the Rasas which are produced by other Rasas or the Rasas which are the causes of other Rasas, we shall arrive at four Rasas, proceeding on the basis of Bharata's indication of the Kāraṇa-kārya-bhāva existing among the eight Rasas, शृङ्गारादि भवेद्भास्यः etc. Such a process of reducing the number is illogical. There is no reason why the causal Rasa should be retained and the effected Rasa dismissed and why it should not be *vice versa*.

Coming to the Vṛīḍanaka Rasa, the definition and illustration are as follows :

विनयोपचारगुह्यगुरुदारमर्यादाव्यतिक्रमोत्पन्नः ।

व्रीडनको नाम रसो लज्जाशङ्काकरणलिङ्गः ॥

यथा—

किं लौकिककरणीयात् लज्जनीयतरमिति लज्जितास्मि ।

विवाहे गुरुजनो परिवन्दते वधूनिवसनम् ॥ (छाया)

According to the gloss, this is a verse addressed by a would-be bride to her maid. The reference in it is to a provincial marriage custom according to which, elderly women and

men, including the father-in-law and the mother-in-law, pay their respects to the Sārī and the person of the bride after the nuptial night. The bride is taken round and elders revere her for her chastity. The thought of the elders revering her produces shame in the bride's heart.

This however is a mere Vyabhicārin and hardly a Rasa. Vriḍā of the same description is given by Bharata as one of the thirty-three Vyabhicārins.

VII

THE VARIETIES OF THE SAME RASA

THE first Rasa S'ṛṅgāra has two phases, Sambhoga and Vipralambha, the two Adhiṣṭhānas, as Bharata says, of S'ṛṅgāra. There is a peculiar view in this connection propounded by king Haripāladeva, whom I have already mentioned in the section on the S'ānta Rasa, as holding two Rasas called the S'ānta and the Brāhma. Haripāla accepts thirteen Rasas: the eight of Bharata, S'ānta and Vātsalya and three new Rasas, Sambhoga, Vipralambha and Brāhma. The peculiarity of the Brāhma-Rasa and its difference from the S'ānta have already been explained.

शृङ्गारो हास्यनामा च बीभत्सः करुणस्तथा ।

वीरो भयानकाह्वानो रौद्राख्योऽद्भुतसंज्ञकः ॥

शान्तो ब्राह्माभिधः पश्चाद् वात्सल्याख्यमतः परम् ।

संभोगो विप्रलम्भः स्यात् रसास्त्वेते त्रयोदश ॥ p. 16.

Haripāla has three different Rasas, S'ṛṅgāra, Sambhoga and Vipralambha. He considers them separate, since, according to him, their characters differ essentially. He thus argues his case against the ancients :

संभोगो विप्रलम्भश्च ब्राह्मश्चेति त्रयो रसाः ।

अतिरिक्ता उदीर्यन्ते हरिपालमहीभुजा ॥

तत्रेयं वासना (?) पूर्वेः संभोगो विप्रलम्भकः ।
 शृङ्गारस्यैव भेदौ द्वौ कथितौ—तदसाम्प्रतम् ॥
 अनित्यस्तत्र शृङ्गारः क(का)चित्को दृश्यते यतः ।
 पशुपक्षिमृगाद्येषु यतश्च न विलोक्यते ॥
 सर्वजन्तुषु दृश्यत्वात् संभोगस्यास्ति नित्यता ।
 अतोऽभ्यधायि संभोगो रसः शृङ्गारकः(तः) पृथक् ॥
 उज्ज्वलः शुचिरित्युक्तः शृङ्गारो हर्षवर्धनः ।
 मलिनो दुःखकारी च विप्रलम्भोऽप्रियावहः ॥
 अतः शृङ्गारतो भिन्नो विप्रलम्भ उदाहृतः ।
 भयानकस्य वीरस्य जन्यस्य जनकस्य च ।
 यो भेदो विप्रलम्भस्य संभोगस्य च स स्मृतः ॥ p. 8.

S'ṛṅgāra has always been considered as Ujjvala and S'uci, a Rasa of men of cultivated taste and of sophisticated persons, the Uttamaprakṛtis. Therefore, in course of time, S'uci and Ujjvala became synonyms of S'ṛṅgāra. In an unsophisticated rustic, there is S'ṛṅgāra but only in a way. The ancients also consider that love in birds and beasts is not Rasa, but only its semblance, Rasābhāsa. Therefore, love as understood by the word S'ṛṅgāra is Anitya and Kvācitka, being present only in high class individuals. But love of a kind which is the joy a pair derives mutually is present in all living beings, rustics, birds and beasts. This love need not be called S'ṛṅgārābhāsa, it may be separated into a distinct Rasa and called Sambhoga.

More striking is Haripāla's view regarding Vipralambha. Since both S'ṛṅgāra and Sambhoga are of a pleasurable nature, and Vipralambha is essentially of a painful nature, the latter is a separate Rasa. If S'ṛṅgāra is S'uci and Ujjvala,

Vipralambha is 'Malina'. Vipralambha may be due to S'ṛṅgāra or Sambhoga. This cause-effect relationship between S'ṛṅgāra and Vipralambha is not proof of their essential identity. The two differ as much as Vīra and Bhayānaka, of which the former produces the latter.

If love among higher classes is different from rustic love and love among birds and animals, equally do the separations, Vipralambhas, in the two cases differ. Strictly speaking, Haripāla should have two Rasas for Love in separation.

Haripāla gives Āhlāda as the Sthāyin of S'ṛṅgāra, Rati of Sambhoga and Arati of Vipralambha.

आह्लादः प्रथमं

.

. प्रीत्यरती तथा ।

प्रत्येकं स्थायिनो भावाः क्रमात् प्रत्येकमीरिताः ॥ p. 17.

The ancients were not unaware of the painfulness of Vipralambha, but they did not consider it, on this score, as a separate Rasa. Autsukya or longing is at the root of Vipralambha. This longing is only a kind of Rati. Arati can only be an intermediate state in the ten Avasthās of love and it is not the basic state of mind that persists throughout Vipralambha. The slender line of Rati runs through the state of Vipralambha; and if this Rati is not accepted in Vipralambha, as its Sthāyin, there can be no difference between Vipralambha and Karuṇa. The Rasakalikā of Rudrabhaṭṭa also opines that Rati is not of the form of happiness, since Vipralambha is far from being pleasurable.

आनन्दात्मकत्वं रतेः कैश्चिदुक्तम्, तच्चिन्त्यम् । विप्रयोगादेः
आनन्दात्मकत्वस्य अयोगात् । Mad. MS., p. 7.

The Rasakalikā however does not separate Vipralambha as a distinct Rasa, but takes it, as all do, as a phase of S'ṛṅgāra only. It agrees with Haripāla in finding Vipralambha as standing in the way of accepting Rati to be of the nature of pleasure. Rati will thus be, according to the Rasakalikā, a state of pleasure as well as pain. Viprayoga, though apparently and immediately painful, is ultimately a state of pleasure. The very life of Rati is a certain longing ; and this exists in Sambhoga as well as in Vipralambha. That it constitutes the life of Rati is seen from what Kālidāsa and Māyurāja say : रतिमुभयप्रार्थना कुरुते (S'ākuntala) and प्रेमासमाप्तोत्सवम् (Tāpasavatsarāja). Therefore, Vipralambha is an aspect of S'ṛṅgāra only, and of Vipralambha also, Rati is the Sthāyin.

“ विप्रलम्भे रतिरेव स्थायी . . . विप्रकर्षेऽपि रतेः स्वत-
स्सिद्धत्वात् । ”

A. Kau., Kavikarṇapūra.

To match its opinion that Rati is not unmixed pleasure, the Rasakalikā says that Rasa itself is of the nature of both pleasure and pain ; but of this more in a further section.

To return to Haripāla's Sambhoga Rasa, he postulated this for the Love of those who are not Uttamaprakṛtis. The love of birds and beasts described so largely in the Kāvya which was being known by the term Rasa-ābhāsa, comes under Haripāla's Sambhoga Rasa. Vidyādhara, the author of the Ekāvalī, refuses to recognise that the love of birds and beasts is Rasābhāsa. He says that their love also is Rasa. If it is said that the birds and beasts do not consciously enjoy or enjoy in such a manner as cultivated men and women do, such knowledge and cultivated taste, Vidyādhara says, is irrelevant. Why should the subject know what it is enjoying

or how it enjoys, provided it enjoys? Kumārasvāmin cites this view of Vidyādhara in his commentary on the *Pratāparudrīya* :

‘अत्र तिरश्चोः पारावतयोः कलाकौशलाभावेन तदीयशृङ्गारस्य विभावादिपरिपूर्त्यभावात् आभासत्वं द्रष्टव्यम्¹ । रस एवायं नाभास इति केचित् । तदुक्तं विद्याधरेण—‘विभावादिसंभवो हि रसं प्रति प्रयोजकः, न विभावादिज्ञानम् । ततश्च तिरश्चामस्त्येव रसः ।’ p. 21, *Bālamānoramā* Edn.

Earlier than Kumārasvāmin, S’īngabhūpāla noticed this view of Vidyādhara, and as a staunch follower of the accepted tradition, criticised it. The discussion in his *R. A. S.* is too long to be quoted in full. (*T. S. S. Edn.*, pp. 206-9.) Vidyādhara’s view is thus stated :

‘अपरे तु रसाभासं तिर्यक्षु प्रचक्षते । तत् न परीक्षाक्षमम् । तेष्वपि भावादिसंभवात् । विभावादिज्ञानशून्यास्तिर्यञ्चः न भाजनं भवितुमर्हन्ति रसस्येति चेत् न । मनुष्येष्वपि केवचित् तथाभूतेषु रसविषयाभासप्रसङ्गात् । अत्र विभावादिसंभवोऽपि रसं प्रति प्रयोजकः । न विभावादिज्ञानम् । ततश्च तिरश्चामस्त्येव रसः ।’

The criticism of S’īngabhūpāla is that S’īngāra is essentially a *Rasa* of subjects, *Ālambanas*, who are *S’uci* and *Ujjvala*; it is not enough if, according to their own conditions, birds and beasts do have a consciousness of their love and its art; it is a question of *Aucitya*. How can a human being who alone is *Sāmājika* for poetry and drama, have *Citta-samvāda* in such cases? The terms *Vibhāva* etc. do not apply in the case of the love among birds and beasts; the

¹ That love among birds and beasts has less of art and is less poetic, may not be accepted at all by the biologists.

emotional conditions there are called only Kāraṇa, Kārya etc. Says S'īṅgabhūpāla :

“अथ स्वजातियोग्यधर्मैः करिणां करिणीं प्रति विभावत्वं इति चेत् न । तस्यां कक्षयायां करिणां करिणीं प्रति कारणत्वम्, न पुनः विभावत्वम् ।”

किञ्च जातियोग्यैर्धर्मैः वस्तुनो न विभावत्वम्, अपि तु भावक-चित्तोल्लासहेतुभी रतिविशिष्टैरेव ।

“किञ्च विभावज्ञानं नाम औचित्यविवेकः, तेन शून्याः तिर्यञ्चो न विभावतां यान्ति । . . विवेकरहितजनोपलक्षणम्लेच्छगतस्य रसस्य आभासत्वे स्वेष्टावाप्तेः ॥” R. A. S., pp. 206-7.

Consistent with this argument, S'īṅgabhūpāla says that Anaucitya is the only cause of a Rasa becoming its Ābhāsa ; that this Anaucitya is of two kinds, Asatyatva and Ayogyatva ; and that in trees and other aspects of nature which are described in love-images, the Rasa is Ābhāsa by reason of 'Asatyatva' and in rustics, low people, and birds and beasts, the Rasa is Ābhāsa by reason of 'Ayogyatva.'

आभासता भवेद्देवामनौचित्यप्रवर्तिनाम् ।

असत्यत्वादयोग्यत्वात् अनौचित्यं द्विधा भवेत् ॥

असत्यत्वकृतं तत् स्याद् अचेतनगतं तु यत् ।

अयोग्यत्वकृतं प्रोक्तं नीचतिर्यङ्मगाश्रयम् ॥

Kumārasvāmin does not refute Vidyādhara, and Rājacūḍāmaṇi dīkṣita fully agrees with Vidyādhara. After reproducing the Ekāvalī, Rājacūḍāmaṇi says that if the Kāvyaaprakāśa is not wrong in illustrating Bhayānaka Rasa with the verse

ग्रीवामङ्गाभिरामम् etc. describing Fear in a deer, it is Rasa in birds and animals, and not Rasābhāsa.

अत एव काव्यप्रकाशिकायां 'ग्रीवामङ्गाभिरामं मुहुरनुपतति
स्यन्दने बद्धदृष्टिः—' इति श्लोकेन भयानकरसः तिर्यग्विषयगततया
उदाहृत इत्याहुः ।

Kāvyaadarpaṇa, Ch. IV, pp. 211-2, Vāṇivilās Edn.

Possibly, S'ringabhūpāla would reply to Rājacūḍāmaṇi that the Rasa in question is only S'ringāra, and Aucityaviveka was spoken of only regarding this Rasa and its Ābhāsa. But would he accept that other Rasas in birds and beasts are not Ābhāsa and should a distinction be made among the Rasas?

Haripāla's contribution to this controversy is the creation of a Sambhoga Rasa for rustics, aborigines, birds, beasts etc.

Of Hāsyā Rasa, Bharata has given six varieties, ranging from smile to roar, according to the nature of men who are gentle, boisterous and so on. Kavikarṇapūra diminished this number to three. (A. Kau., p. 143.) Bharata himself speaks of a broad three-fold classification of laughter according as men are Uttama, Madhyama or Adhama, refined, moderately refined or unrefined. (N. S'. Ch., VI, pp. 315-7; Gaek. Edn. I.) Further, Bharata has recognised that Laughter has two varieties, Laughing with and Laughing at, Svagata and Paragata or Ātmastha and Parastha. (N. S', Ch. VI, p. 314.) Of these, I have spoken elsewhere.

Karūṇa varies according as its cause is curse, death and so on (pp. 310 and 332). On p. 332, Karūṇa is considered to be of three kinds, Karūṇa born of peril to Dharma, Karūṇa due to peril to Artha and Karūṇa born of S'oka in general, i.e., S'oka at the loss of relations and the like. The Uttamas

are chiefly sorry on issues of Dharma; the Madhyamas, on loss of wealth and other possessions (Artha), and perhaps, only Adhamas are supposed to sorrow too much over the loss of those whom they love (Kāma). This however does not rule out Karuṇa on the loss of the beloved in an Uttamaprakṛti. It appears that only the third variety is S'oka and Karuṇa proper, and that the first two varieties of S'oka in Dharma and Artha, seem to be only Vyabhicārins. Three kinds of Bhayānaka are given, Vyājāt (feigned), Aparādhāt (at having done a mistake) and Vitrāsitaka, born of being timid by nature. The varieties of Bībhatsa,—Kṣobhāṇa and Udvegin, or Kṣobhāṇa, Udvegin and S'uddha—have been spoken of while considering the possibility of a kind of Jugupsā being the Sthāyin of the S'ānta. (See above.) Adbhuta is Divya and Ānandaja, wonder born of heavenly miracles and that produced by the joy one has when things are achieved. Such classifications of Rasas do not have any scientific basis or method in them.

Of the varieties of Rasas, the varieties of Vīra have attracted greatest notice, because an early school of opponents of the S'ānta explained away S'ānta as provided for by one of the varieties of the Vīra mentioned by Bharata. Bharata mentions three kinds of heroism: munificence, Dānavīra, as in Karna; sticking to right at all costs, Dharmavīra, as in Yudhiṣṭhira; and martial heroism, Yuddhavīra.

दानवीरं धर्मवीरं युद्धवीरं तथैव च ।

रसं वीरमपि प्राह ब्रह्मा त्रिविधमेव हि ॥ N. S., VI, 99.¹

¹ Cf. Bharata's description of Utsāha :

तस्य (उत्साहस्य) स्थैर्यं धैर्यं त्यागं वैशारदादिभिरनुभावैरभिनयः प्रयोक्तव्यः ।

N. S., VII, p. 354.

Here again, the first two Vīras do not seem to be Rasas, they can only be Bhāvas. If they are developed as main themes, they will become Aṅgas of S'ānta; or, they will form the Guṇas of the Nāyaka, as Audārya and Dhārmikatva.

A Dayāvīra was then proposed and this Dayāvīra sought to throw out S'ānta for some time. Jagannātha Paṇḍita has pointed out other varieties of Vīra and the Mahābhārata gives a long list of Vīras. All this has been set forth already in the section on S'ānta Rasa. (See above.)

Bhānudatta has taken trouble in his Rasatarāṅginī (Ch. II) to prove that Dayāvīra cannot be included in Karuṇa Rasa; there is a confusion here between Karuṇā and Karuṇa.

The Anuyogadvārasūtra cited previously breaks the usual order in enumerating the Rasas and instead of opening with S'ṛṅgāra, opens with Vīra. The gloss says here that Vīra is mentioned first, because it is the noblest and foremost of Rasas, and the Vīra meant here is that associated with Dāna and Tapas. Towards the end of this section, the text and the commentary divide the Rasas into two classes, those vitiated by what are called Sūtra-doṣas such as Falsehood and Injury to others, and those which do not involve these sins. Here Yuddhavīra is considered vitiated by the sin or flaw of Injury to another, Paropaghāta. Similarly Adbhuta involves exaggeration which is a species of Falsehood. But such Vīra as Tapovīra and Dānavīra is, like the Prasānta Rasa, free from such Sūtradoṣas.

“अत्र तु त्यागतपोगुणो वीररसे वर्तते । त्यागतपसी च ‘त्यागो गुणो गुणशतादधिको मतो मे’, ‘परं लोकातिगं धाम तपः श्रुतमिति द्वयम्’ इत्यादिचचनात् समस्तगुणप्रधान इत्यनया विवक्षया वीररसस्य आदावुपन्यासः ।”

तथा कश्चिद्रसः उपघातलक्षणेन सूत्रदोषेण निर्वस्यते, यथा—

‘स एव प्राणिति प्राणी प्रीतेन कुपितेन च ।

वित्तैर्विपक्षरक्तैश्च प्रीणिता येन मार्म(र्ग)णाः ॥’

इत्यादिप्रकारं सूत्रं परोपघातलक्षणदोषदुष्टम्, वीररसश्चायम् । ततोऽनेन उपघातलक्षणेन सूत्रदोषेण वीरसोऽत्र निर्वृत्तः । तपोदानविषयस्य वीररसस्य प्रशान्तादिरसानां क्वचिदनृतादिदोषान्तरेणापि निष्पत्तेरिति ।

In VI, 97, Bharata says that S'ṛṅgāra is of three forms, caused by speech (Vāk), dress (Nepathya), and physical action (Kriyā), and Hāsyā and Raudra also have these three forms. But why should he restrict these three forms to S'ṛṅgāra, Hāsyā and Raudra only? These three, speech, dress and action, form the three Abhinayas, Vācika, Āhārya and Āṅgika. The Sāttvika comes under the last. All Rasas are roused by these three Abhinayas. So Māṭṛgupta says :

रसास्तु त्रिविधा वाचिक-नेपथ्य-स्वभावजाः ।

रसानुरूपैरालापैः श्लोकैर्वाक्यैः पदैस्तथा ।

नानालंकारसंयुक्तैः वाचिको रस इष्यते ॥

कर्मरूपवयोजातिदेशकालानुवर्तिभिः ।

माल्यभूषणवस्त्राद्यैः नेपथ्यरस इष्यते ॥

रूपयौवनलावण्यस्थैर्यधैर्यादिभिर्गुणैः ।

रसः स्वाभाविको ज्ञेयः स च नाट्ये प्रशस्यते ॥

Quoted by Rāghavabhaṭṭa in his S'āk. Vyā.

In another connection, *i.e.*, while describing the Samavakāra type of drama, Bharata speaks of three other kinds of S'ṛṅgāra,—Dharma S'ṛ., Artha S'ṛ. and Kāma S'ṛ.

त्रिविधाकृतिशृङ्गारः श्रेयो धर्मार्थकामकृतः । N. S., XX. Kā sī
Edn. S'ls. 76-79 ; *See also* the Nāṭyadarpaṇa, p. 125.

Bhoja postulates a S'ṛṅgāra for each Puruṣārtha and relates the resulting four S'ṛṅgāras with the four types of heroes, Dhīrodāta, Dhīroddhata, Dhīralalita and Dhīrsānta. Of this, I have spoken fully in the chapter on Rasa in my Ph.D. thesis on Bhoja's S'ṛṅgāraprakāśa.

VIII

ARE ALL RASAS PLEASURABLE OR ARE THERE SOME WHICH ARE PAINFUL?

THIS is a very important question into which it is not possible to go completely in this book. It relates to the very theory of the concept of Rasa which is, strictly speaking, out of the scope of this book. While dealing with Haripāla's new and separate Rasa of Vipralambha, it was pointed out that the Rasakalikā of Rudrabhaṭṭa also considered Vipralambha as standing in the way of accepting Rati as a purely pleasurable state and that as a matter of fact, Rasa was both, some Rasas being pleasurable and some painful.

करुणामयानामप्युपादेयत्वं सामाजिकानाम्, रसस्य सुखदुःखा-
त्मकतया तदुभयलक्षणत्वेन उपपद्यते । अत एव तदुभयजनकत्वम् ।

Rasakalikā, Mad. MS., pp. 51-52.

This question takes us straight into the greater one, why do we see and how do we enjoy a tragedy? What is the relish in Karuṇa? This problem, which is still to be solved even in Western literary criticism, cannot be undertaken for discussion here. True, Bhoja also says

रसा हि सुखदुःखावस्थारूपाः ।

Vol. II, Mad. MS., Śr. Pra., p. 369.

but he evidently means here the *Laukika bhāvas* to which the term *Rasa* is applied by extension. The *Nāṭyadarpaṇa* also says in S'. 109 (p. 158) सुखदुःखात्मको रसः and proceeds to elaborately prove in the *Vṛtti* that some *Rasas* are certainly painful and that our seeing them and enjoying them is really due to the excellence of the art of either the dramatist or of the art of the actors (p. 159).

The majority of the writers do not accept this view at all which misses the distinction between *Laukika bhāva* and the *Rasa*. All the *Rasas* are considered, uniformly and to an equal extent pleasurable. But it is noteworthy that a writer like *Madhusūdana sarasvatī* should hold the view that among *Rasas*, there is a difference of bliss. He first adopts the *Sāṃkhyan* scheme of three *guṇas*, *Sattva*, *Rajas* and *Tamas* : Only *Sattva* can make a *Sthāyin* and *Rasa*. In *Krodha*, which is *Rājasa* and *S'oka*, which is *Tāmasa*, only a shred of *Sattva* exists, only so much as to make them *Sthāyins* and give them the blissfulness of *Rasa*, but this blissfulness or enjoyability is naturally meagre in *Krodha* and *S'oka*. Therefore all *Rasas* cannot be relished in the same measure. He says in his *Bhaktirasāyana* :

“—द्रवीभावस्य सत्त्वधर्मत्वात्, तं विना च स्थायिभावासंभवात्, सत्त्वगुणस्य च सुखरूपत्वात्, सर्वेषां भावानां सुखमयत्वेऽपि रजस्तमोऽशमिश्रणात् तारतम्यमवगन्तव्यम् । अतो न सर्वेषु रसेषु तुल्य-सुखानुभवः । ” p. 22.

“क्रोधशोकभयादीनां साक्षात्सुखविरोधिनाम् ।

रसत्वमभ्युपगतं तथानुभवमात्रतः ॥ ” II, 79

After saying this on the basis of the *Sāṃkhya*, *Madhusūdana sarasvatī* discusses the question from the *Vedāntic*

standpoint also. All bliss is of the form of Brahmānanda, for bliss is the form of the Brahman. This however does not militate against mundane things also being blissful, for it is said in the Upaniṣad: एतस्यैव आनन्दस्य अन्य आनन्दा मात्रा-मुपजीवन्ति.

Though literary enjoyment is superior to mundane enjoyment, it is still not on a par with Brahmāsvāda. (I, 10-14.) Compared to Brahmāsvāda, Kāvya-rasāsvāda is Laukika. A similar view is propounded by S'aradātanaya also. See Bhāvaprakāśa, Intro. pp. 39-40; pp. 52-3 G. O. S. Edn. But among literary Rasas also, the S'ānta and Bhakti are on a par with Brahmāsvāda, for there it is the Paramātman and Bhagavān themselves that are involved in them as Sthāyin and Ālambana. The Advaitic approach is seen in full in Ch. III, where Madhusūdana sarasvatī discards his previous Sāṃkhyan conclusion that Rasa is varying in degree in its bliss and says expressly that though, in the world, the Bhāvas are of the forms of Sukha, Duḥkha and Moha, their counterparts in the Kāvya and in the hearts of the spectator, are all of the form of bliss only.

बोध्यनिष्ठा यथास्वं ते सुखदुःखादिहेतवः ।

बोद्धुनिष्ठास्तु सर्वेऽपि सुखमात्रैकहेतवः ॥ 5.

Sattva begins to spread and dominate as the sole Vṛtti of the Antaḥkaraṇa and Rasa is then manifested.

समूहालम्बनात्मैका जायते सात्त्विकी मतिः ॥

सान्तरक्षणेऽवश्यं व्यनक्ति सुखमुत्तमम् । III, 12-13.

IX

NEW VYABHICĀRINS AND SĀTTVIKAS

WE have seen how freely later writers debated the question of adding newer Rasas to those that Bharata gave. But did not writers feel also that there was no finality about Bharata's list of Vyabhicārins and Sāttvikas and their number, thirty-three and eight?

Bharata gave the Bhāvas in three sets as Sthāyins, Vyabhicārins and Sāttvikas. We have already examined and found that all the eight Sthāyins become Vyabhicārins also. Therefore these eight, the Sthāyins, must be added to the thirty-three Vyabhicārins. But when this addition is made, we have to reduce the thirty-three by removing a few which are redundant. Thus when S'oka becomes a Vyabhicārin, there is no need for Viṣāda; Bhaya in its Vyabhicārin-grade eliminates Trāsa; Sāgaranandin actually gives Trāsa as the Sthāyin¹. Krodha removes Amarṣa. This gives us eight and thirty Vyabhicārins. Further reduction is possible. Among the thirty, we have two Bhāvas, Glāni and S'rama, one of which will suffice. Not only do they look akin at first sight but prove to be identical also when their descriptions are examined. Another case of repetition is Nidrā and Supta; the second is very delicately distinguished from the first.

¹ Nāṭyakalakṣaṇaratnakos'a, edn. Myles Dillon, London, 1937, line 243.

Bharata describes the latter as Nidrābhībhava and Nidrā-samuttha. If two are thus removed, we have eight and twenty-eight. Some writers did see the redundancy at least in the case of Nidrā and Supta and, instead of Supta, gave a new Vyabhicārin called S'auca, as for instance, those whom Sāgaranandin, author of the Nāṭakalakṣaṇaratnakosa (pp. 83-87) follows.

Why did Bharata classify the Bhāvas into Vyabhicārins and Sāttvikas? Among Bhāvas, there are only two classes, Sthāyins and Vyabhicārins. The Anubhāvas, the twenty Alāṅkāras of damsels, Bhāva, Hāva etc.,¹ the eight Sāttvikas, Ālāpa etc., given as modes of Vācikābhinaya, the ten Kāma Avasthās²—all these are comprehended in the term Vyabhicārin. Bhoja calls the Sāttvikas, Bāhya vyabhicārins :

तत्र आभ्यन्तरा व्यभिचारिषु चिन्तौत्सुक्यावेगवितर्कादयः, बाह्याः
स्वेदरोमाञ्चाश्रुवैषण्योदयः । S'r. Pra., Ch. xi.

But out of these numberless subsidiary mental states, there are a few which are more major, compared to others; not only are they major, but they are more definitely mental states than others which are physical manifestations. It may

¹ Rāhula added to this set Maugdhya, Mada, Bhāvikatva and Paritapana according to Abhinava. See J. O. R. Vol. VI, pp. 208-210, my article on 'Writers quoted in the Abhinavabhāratī'. See also Hemacandra, K.A., p. 316, where Abhinava's sentence referring to Rāhula's additions is reproduced. See also Padmas'ri's Nāgarasarvasva following Rāhula's school, Ch. vii, S'ls. 3-4, where Viksepa, Mada, Maugdhya and Tapana are given in addition. (p. 29, Tanusukharam Sarma's edn., Bombay, 1921). While defining Viksepa, Padmas'ri quotes a writer named Kapila. Bhoja added Vihṛta, Kriḍita and Keli which Śiṅga criticised. Viśvanātha accepts Rāhula's and Bhoja's additions and has, in addition, three more, Kutūhala, Hasita and Cakita. (J. O. R. VI, pp. 209-210.)

² Bhānudatta shows in his R. T. how the ten Madanāvasthās are included in the Vyabhicārins. (Ch. 5, p. 109, Edn. Venkatesvara Steam Press, with Hindi Com.)

be asked if the more major among these accessory mental states are only those given by Bharata and if there are not others. It has been pointed out that this list of Bharata can be reduced on one side; and as a matter of fact, it has been added to also on the other side. Bhoja, in his S'r. Pra., omits Apasmāra and Maraṇa and gives in their place, Īrṣyā (which S'ṅgabhūpāla refutes) and S'ama which is needed for the S'ānta Rasa (Ch. xi). In his S.K.Ā., Bhoja counts among his thirty-three Vyabhicārins Sneha which S'ṅgabhūpāla refutes and, instead of adding S'ama as in his S'r. Pra., takes Dhṛti itself, one of the old Vyabhicārins given by Bharata, as the Sthāyin of S'ānta. S'ṅgabhūpāla raises the point that there can be more Vyabhicārins, mentions some—Udvega, Sneha, Dambha, Īrṣyā—but dismisses these as included in some of the thirty-three, with reasons which look strained. Bhānudatta proposes Chala :

“अत्र प्रतिभाति च्छलमधिको व्यभिचारिभाव इति ।” (Ch. 5.)

and shows its occurrence in S'ṛṅgāra, Raudra and Hāsya. But it seems to be possible to include it in Bharata's Avahittha. (*Vide* its description, p. 373, GOS. edn. N.S'. I). Rūpa Gosvāmin, in his scheme of Madhura Rasa, accepts at first the traditional thirty-three Vyabhicārins and adds afterwards thirteen more Vyabhicārins generally, as also a few more specially under some individual Rasas (*Vide* Dr. S.K. De, IHQ, 1932, p. 663). Dr. De adds that the thirteen additional Vyabhicārins are brought by Rūpa under one or the other of the old thirty-three.

Bharata himself discusses the question of the separate naming and enumeration of the eight Sāttvikas. He says: as a matter of fact all Bhāvas enacted have to be 'entered into'; Sattva is 'entering into'; but still this 'entering into'

the state' is all the more necessary in the case of the eight Sāttvikas. For, a tear has actually to be shed. See pp. 379-381, GOS. edn. N. S'. I. Bhoja says that in truth all Bhāvas are Sāttvikas, because Sattva means 'Mind'.

सात्त्विका अपि सर्व एव, मनःप्रभवत्वात् । अनुपहतं हि मनः
सत्त्वमित्युच्यते ।

S'r. Pra., Vol. II, p. 354, Mad. MS.

S'ingabhūpāla also says :

सर्वेऽपि सत्त्वमूलत्वाद् भावा यद्यपि सात्त्विकाः ।
तथाप्यमीषां सत्त्वैकमूलत्वात् सात्त्विकप्रथा ॥

R. A. S., I. 310.

The only writer, now known, to propose a ninth Sāttvika, is Bhānudatta. He proposes Jṛmbhā in his Rasatarāṅgiṇī :

जृम्भा च नवमः सात्त्विको भाव इति प्रतिभाति । p. 66.

Bhānudatta would not base himself on the meaning 'तन्मयीभवन' for the word Sattva and justify the separate enumeration of the Sāttvikas. For Sattva so understood would apply to the Vyabhicārins also. So, he interprets Sattva as the 'body'—Jīvasarīra. Tear, Perspiration etc. are physical states and as such are distinct from the Vyabhicārins which are mental states. The former are Bāhya, the latter Āntara.¹ (Rasatarāṅgiṇī,

¹ Bharata uses Sattva as meaning also the opposite of mind viz., the physical body, and calls Bhāva, Hāva etc. by the name 'Sāttvikābhūnaya'. See Ch. XXIV, 5-7 and 40.

देहात्मकं भवेत्सत्त्वं सत्त्वाद्भावं समुत्थितः । and सत्त्वजोऽभिनयः पूर्वं मया
प्रोक्तो द्विजोत्तमाः ।

Abhinava also says "वाह्याश्च वाष्पप्रभृतयः", Abhi. Bhā., Ch. 7, p. 343, GOS. edn. I.

pp. 57-58 and 7-9). To accord with this, Bhānudatta defines a Bhāva not as a Cittavṛtti, but as a 'Rasānukūla vikāra', which is of two kinds, Ābhyantara (Sthāyin and Vyabhicārin) and Bāhya (Sāttvika etc.). But to exclude too palpably physical acts, he gives them a different name Ceṣṭā which, he says, is different from Vikāra. The difference between the two is that while a Vikāra like a tear cannot be made to appear according to man's desire, a Ceṣṭā like Aṅgākṛṣṭi and Akṣimardana is *done* by man of his own will.

“न चाङ्गाकृष्टिनेत्रमर्दनादीनामपि भावत्वापत्तिः । तेषां भावलक्षणाभावात् । रसानुकूलो विकारो भाव इति हि तल्लक्षणम् । अङ्गाकृष्ट्यादयो हि न विकाराः । किन्तु शरीरचेष्टाः । प्रत्यक्षसिद्धमेतत् । अङ्गाकृष्टिरक्षिमर्दनं च पुरुषैरिच्छया विधीयते परित्यज्यते च । जृम्भा च विकारादेव भवति, तन्निवृत्तौ निवर्तते चेति ।”

Rasatarāṅgiṇī, p. 69.

RASA-SYNTHESIS

KARUNA

THE artistic mind has always shown a partiality for pathos. It is said that the sweetest songs are often songs of sorrow. The first Kāvya in Sanskrit rose out of the sense of pity. 'रसेषु करुणो रसः' is a well-known anonymous saying. Ānandavardhana says that the quality of sweetness which is the melting of the heart is found in the highest degree in Karuṇa.

माधुर्यमाद्र्द्रतां याति यतस्तत्राधिकं मनः । Dhva. Ā., II.

But to point out the beauty and appeal of a Rasa is not to do any synthesis. By Rasa-synthesis is meant a reducing of all Rasas to the nature of one, a formulation of one as Prakṛti and the rest as its Vikṛtis.

No Ālaṅkārika ever attempted a Karuṇa-synthesis, but Bhavabhūti, in his drama, Uttararāmacarita, *suggested* such a synthesis in Karuṇa. Ānandavardhana explains that the Rāmāyaṇa is an epic of Karuṇa :

रामायणे हि करुणो रसः स्वयमादिकविना सूत्रितः 'शोकः श्लोकत्वमागतः' इत्येवमादिना । निर्व्यूढश्च स एव सीतात्यन्तवियोग-पर्यन्तमेव स्वप्रबन्धमुपरचयता ।

Dhva. Ā., IV, p. 237.

Bhavabhūti gave the same opinion when he said :

भगवान् भूतार्थवादी प्राचेतसः
पावनं वचनामृतं करुणाद्भुतरसं च किञ्चिदुपनिबद्धम् etc. Act. VII.

Writing a masterpiece dominated by Karuṇa, Bhavabhūti, in a self-conscious mood, says through Śleṣa :

अहो संविधानकम्—

एको रसः करुण एव निमित्तभेदाद्

भिन्नः पृथक्पृथगिव श्रयते विवर्तान् ।

आवर्तबुद्बुदतरङ्गमयान् विकारान्

अम्भो यथा सलिलमेव हि तत्समस्तम् ॥ U. R. C., III, 47.

“O! what a great play I have written!” he *seems* to exclaim to himself. By context, the passage refers to Tamasā observing the pathos that was there in everybody, though in different forms.

“एक एव सन्नपि निमित्तभेदाद् सखित्वपतित्वपत्नीत्वाद्युपाधि-
भेदाद् भिन्नः विलक्षण इव पृथक्पृथग् विवर्तान् श्रयते । वासन्तीसीताराम-
प्रभृतिषु परस्परविलक्षणावस्थाविशेषान् भजति । ”

Vīrarāghava's com., p. 99, N. S. Edn.

A general import bearing on our present subject of Rasa-synthesis can also be seen in this verse. Bhavabhūti seems to say that there is only one Rasa, Karuṇa, and that it assumes the different forms called Śṛṅgāra etc., even as the same water assumes the forms of whirl, bubble etc. Karuṇa is the Prakṛti; the other Rasas are its Vikṛtis. Vīrarāghava, a commentator, also saw such a meaning in this verse which shows that the interpretation is authenticated by tradition.

“एक इति । रस्यते स्वाद्यत इति रसः काव्यानुशीलनाभ्यासवश-
विशदीभूतवर्णनीयतन्मयीभवनयोग्यसामाजिकमनोमुंकरभाव्यमानतया निर्भ-
रानन्दसंविद्रूपः । करुण इष्टजनवियोगजन्यदुःखातिशयः । एक एव सन्नपि
निमित्तभेदात् व्यञ्जकविभावादिविच्छित्तिविशेषाद् भिन्नः विलक्षणः ।
पृथक् पृथग् विवर्तान् परस्परविलक्षणशृङ्गाराद्यात्मना परिणामान् । “व्यस्त-
परिणामः स्याद्विवर्तः” इति कपिलः । श्रयते भजते
इदमत्र कवेर्मतम्—यद्यपि शृङ्गार एक एव रस इति शृङ्गारप्रकाशकारादि-
मतम्, तथापि प्राचुर्याद् रागिविरागिसाधारण्यात् करुण एक एव रसः ।
अन्ये तु तद्विकृतयः इति ।” Virarāghava's Com., p. 99.

To the Karuṇa-synthesis suggested by Bhāvabhūti, this commentator added two arguments, one that Karuṇa is present to the largest extent in life, and the other, that it is found not only in men with mundane desires but in the Yogins also. These however do not make for the Prakṛti-Vikṛti-bhāva in Bhavabhūti's verse, and that alone forms the meaning of 'Synthesis'. In English, the word 'Sympathy' meaning 'response to another's feeling of sorrow', has come to be used in an enlarged sense to mean all forms of aesthetic response and attunement of heart, Cittasāṁvāda; and here is a linguistic argument in favour of a Karuṇa-synthesis. For it seems, the model and the supreme example of a complete attunement of heart, which poetry and drama effects, is certainly the attunement of hearts in Karuṇa.

S'ĀNTA

A regular attempt at synthesis in the field of Rasas by a theorist is however to be seen earliest only in the Abhinava-bhāratī of Abhinavagupta. He sponsored the S'ānta-synthesis

by considering the S'ānta as the one fundamental Rasa of which the other Rasas are modifications. He called S'ānta the greatest Rasa, first because of its relation to the last and the greatest Puruṣārtha, Mokṣa. Next, poetic delight called Rasa is always of a non-worldly, Alaukika, character, shorn as it is of all mundane associations, a limitless, unbounded and ineffable bliss, and hence is of the form of S'ānta.

“तत्र सर्वरसानां शान्तप्राय एवास्वादः, विषयेभ्यो विपरिवृत्त्या— ।”
Abhi. Bhā., VI, p. 340, Gaek. Edn.

Further, the Sthāyin of S'ānta, the Ātman, is the very substratum of all mental activities; it is the one basic Citta illumined by this Ātman that takes the form of the Vṛttis of S'ṛṅgāra etc. Thus it is Sthāyitama; it is the Sthāyin of the Sthāyins, the Prakṛti of which Rati, Hāsa and the rest are Vikṛtis. Says Abhinava—

अत्र सर्वप्रकृतित्वाभिधानाय पूर्वमभिधानम् ।

Gaek. Edn., I, p. 340.

And according to some mss. known to Abhinava, the S'ānta Rasa section is found at the very beginning, even before the S'ṛṅgāra section.

“तथा च चिरन्तनपुस्तकेषु ‘स्थायिभावान् रसत्वमुपनेष्यामः’ इत्यनन्तरम् ‘शान्तो नाम शमस्थायिभावात्मकः’ इत्यादि लक्षणं पठ्यते ।”

Gaek. Edn., I, p. 340.

The S'ānta text found in Bharata, according to some, definitely states this S'ānta-synthesis in two verses :

भावा विकारा रत्याद्याः शान्तस्तु प्रकृतिर्मतः ।

विकारः प्रकृतेर्जातः पुनस्तत्रैव लीयते ॥

स्वं स्वं निमित्तमासाद्य शान्ताद्भावः प्रवर्तते ।

पुनर्निमित्तापाये च शान्त एवोपलीयते ॥

N. S', VI, pp. 335-6, Gaek. Edn. I.

This has already been indicated in the *S'ānta Rasa* section of this paper.

AHĀṆKĀRA-S'ṚṅGĀRA

When Abhinava was synthesising the Rasas in *S'ānta*, a similar synthetic spirit was working in Bhoja who merged every Rasa and Bhāva in a *new S'ṛṅgāra* he formulated. He said that at the root of all Bhāvas lay the germ of Ahāṅkāra otherwise called S'ṛṅgāra and Abhimāna. It is a Guṇa of the Ātman and is the result of past good acts. By Ahāṅkāra is meant a self-consciousness or the sense of 'I' which marks off the cultured from the uncultured. It is that by which not only for himself but for others and other objects also does man have any love. In this sense it is called Ātma-rati. It is this 'Ego' or 'Self-love' that is the one Rasa. Its manifestations are Rati, Hāsa etc. Thus this basic S'ṛṅgāra is different from the first derivative of that name, the S'ṛṅgāra developed from Rati. So this S'ṛṅgāra-synthesis is not a synthesis in the first of the eight old Rasas of Bharata and others. This theory finds a brief statement in the fifth chapter of Bhoja's S. K. Ā. and an elaborate exposition in his S'r. Pra. I have set this forth at great length in my Ph. D. thesis on Bhoja's S'r. Pra., and here I give only a brief account. The S. K. Ā. says:

रसोऽभिमानोऽहङ्कारः शृङ्गार इति गीयते ।

योऽर्थस्तस्यान्वयात् काव्यं कमनीयत्वमश्नुते ॥

विशिष्टादृष्टजन्मायं जन्मिनामन्तरात्मसु ।

आत्मसम्यग्गुणोद्भूतेरेको हेतुः प्रकाशते ॥

Ch. V, S'ls. 1-2, p. 474, N. S. Edn.

(See also Vṛtti on p. 613 where Bhoja quotes Daṇḍin and draws out his own theory from Daṇḍin's verse). The S'r. Pra. says :

आत्मस्थितं गुणविशेषमहंकृतस्य शृङ्गारमाहुरिह जीवितमात्मयोनेः ।

तस्यात्मशक्तिरसनीयतया रसत्वं युक्तस्य येन रसिकोऽयमिति प्रवादः ॥

अप्रातिकूलिकतया मनसो मुदादेः यस्संविदोऽनुभवहेतुरिहाभिमानः ।

ज्ञेयो रसस्स रसनीयतया आत्मरक्तेः . . .

While Abhinava in his S'ānta-synthesis took his stand on that ultimate ripple-less state of the Ātman, Bhoja, adopting the Sāṃkhya and a Nyāya phraseology, took his stand on the Ātman with its first shoot of Ahaṅkāra. To Bhoja, even S'ānta would appear only within the world of Ahaṅkāra; for to him, any Bhāva or Rasa can be experienced only through Ahaṅkāra. S'ama as much as Rati is the product of Ahaṅkāra.

“ . . . तच्च आत्मनोऽहङ्कारगुणविशेषं ब्रूमः । स शृङ्गारः सोऽभिमानः स रसः । तत एते रत्यादयो जायन्ते । तैश्चायं प्रकर्षप्राप्तैः सप्ताच्चिरर्चिश्चयैरिव प्रकाशमानः शृङ्गारिणामेव स्वदत इति । ”

S'r. Pra., Mad. MS., Vol. II, p. 356.

What is called Rasa is an experience of bliss unconditioned by any name. So long as there is the knowledge of the state being Rati or Hāsa or anything else, the spectator

is only in the state of Bhāvanā and Bhāva ; beyond this is the state of Rasa. Says Bhoja :

आभावनोदयमनन्यधिया जनेन

यो भाव्यते मनसि भावनया स भावः ।

यो भावनापथमतीत्य विवर्तमानः

साहंस्कृतौ हृदि परं स्वदते रसोऽसौ ॥

Thus Śṛṅgāra, Hāsyā, Vīra—these are but Bhāva-states in reality. The truth of Rasa is that it is only one and has no more name than Rasa.

PREMAN

Side by side with or rather within this Ahaṅkāra-Śṛṅgāra synthesis, Bhoja formulates a synthesis in Preman also. Preman to him is a fundamental love lying at the root of Rati, Sneha, Bhakti, why, at the root of all Bhāvas in much the same manner as Ahaṅkāra itself. If one laughs, it is because he *loves* to laugh ; if he fights, he *loves* to do so. Thus all activities go to fulfil a certain love which is innate in man and which explains all his activities ; it is this love which makes all his activities a self-fulfilment. Bhoja has three stages of his Rasa,—the Pūrva koṭi, the Madhyamā avasthā and the Uttarā koṭi. In the first, it is the one Ahaṅkāra ; in the second, the one Ahaṅkāra has become the forty-nine Bhāvas, each growing to its relative climax through its Vibhāvas, Anubhāvas etc. ; in the third all these several Bhāvas become aspects of Preman, or rather ripen into Preman, from which stage again, experience passes into the primary stage of the one Rasa of Ahaṅkāra.

“प्रेयः प्रियतराख्यानमित्यनेन समस्तभावमूर्धाभिषिक्ताया रतेः परप्रकर्षाधिगमाद् भावनाधि(ति?)गमे भावरूपतामुल्लङ्घ्य प्रेमरूपेण परिणतायाः उपादानात् भावान्तराणामपि परप्रकर्षाधिगमे रसरूपेण परिणतिरिति ज्ञापयन्नहङ्कारस्य उत्तरां कोटिमुपलक्षयति । सर्वेषामपि हि रत्यादि-प्रकर्षाणां रतिप्रियो रणप्रियः परिहासप्रियः अमर्षप्रिय इति प्रेम्ण्येव पर्यवसानं भवति ।”

S. K. Ā., p. 613.

In the S'r. Pra. he adds : रसं त्विह प्रेमाणमेवामनन्ति । Ch. xi, Vol. II, Mad. MS., pp. 352-3.

This Preman-synthesis finds an advocate in Kavikarṇa-pūra, the author of the Alaṅkāra-kaustubha where he says :

प्रेमरसे सर्वे रसा अन्तर्भवन्तीत्यत्र महीयानेव प्रपञ्चः ।
ग्रन्थगौरवभयाद् दिङ्मात्रमुक्तम् । . . . तथा च—

‘उन्मज्जन्ति निमज्जन्ति प्रेम्ण्यखण्डरसत्वतः ।

सर्वे रसाश्च भावाश्च तरङ्गा इव वारिधौ ॥’

pp. 147-8, Vārendra Edn.

RATI-S'RŪNGĀRA

The Agnipurāṇa took Bhoja's Ahaṅkāra, but instead of saying that Rati and all other Bhāvas emanated from it, said that Rati was the first born of Abhimāna which was itself a product of Ahaṅkāra and this Rati modified itself into Hāsa etc. It further went behind Ahaṅkāra and said that Ahaṅkāra is the first manifestation of Rasa or Camatkāra which is the manifestation of the Ānanda, the innate nature of the Supreme Being called Para Brahman.

अक्षरं परमं ब्रह्म सनातनमजं विभु ।

A. P., Ch. 339, S'ls. 1-6.

ADBHUTA

Wonder is an invariable element in all enjoyment, mundane or artistic. In art and literature, the element of surprise, extraordinariness, wonder, is present everywhere. The very theme has to be striking; for, when we see an extraordinary situation, do we not describe it as being dramatic? Wonder helps love. Hāsya is only reversed wonder. The part Adbhuta has in Vīra is too plain; Bharata describes Adbhuta as born of Vīra. The hold of Adbhuta on the minds of the audience is fully realised by Bharata who says that the dramatist must so work out his story, so weave it, hide some and reveal some, that the audience may get at each step a surprise and a thrill. One of the ends which the means to developing the plot called the Sandhyaṅgas serve is the presentation of the story in a wondrous manner—‘आश्चर्यवदभिव्यानम्’ N. S', XXI, Kāśī edn., S'l. 54. There is again the need to

intricately complicate the problems of the story and give out a series of revelations in the end, thus carrying away the heart in the end with thrill after thrill. This can be realised, for instance, when the closing scene of the *Mṛcchakaṭika* or the *Mālavikāgnimitra* is read. The story has to be, says Bharata, in the form of a cow's tail, bushy at the end, with a crowd of surprises. There must be *Adbhuta* in the end.

कार्यं गोपुच्छाग्रं कर्तव्यं काव्यबन्धमासाद्य ।
 ये चोदात्ता भावाः ते सर्वे पृष्ठतः कार्याः ॥
 सर्वेषां काव्यानां नानारसभावयुक्तियुक्तानाम् ।
 निर्वहणे कर्तव्यो नित्यं हि रसोऽद्भुतस्तज्ज्ञैः ॥

N. S., XX, 46-47.

Similarly, on the side of verbal expression, the *Vācya-vācaka*, or the *Vācikābhinaya* in drama, *Bhāmaha* and *Daṇḍin* made a synthesis in *Adbhuta* when they praised *Atisayokti* as the one great figure of which the rest are but several forms.

इत्येवमादिरुदिता गुणातिशययोगतः ।
 सर्वैवातिशयोक्तिस्तु तर्कयेत्तां यथागमम् ॥
 सैषा सर्वैव वक्रोक्तिरनयार्थो विभाव्यते ।
 यन्नोऽस्यां कविना कार्यः कोऽलङ्कारोऽनया विना ॥

Bhāmaha, K. A., II, 84-85.

असावतिशयोक्तिः स्याद् अलङ्कारोत्तमा यथा ।

.

अलङ्कारान्तराणामप्येकमाहुः परायणम् ।

वागीशमहितामुक्तिम् इमामतिशयाह्वयाम् ॥

Daṇḍin, K. Ā., II, 214-220.

This point has been explained at some length by Ānanda and Abhinava in the Dhva. Ā. and the Locana, Ud. III, pp. 206-209. The very strikingness of poetic expression is Atisaya and Adbhuta:

“ . . . लोकोत्तीर्णेन रूपेण अवस्थानम् . . .
लोकोत्तरेण चैवातिशयः । तेन अतिशयोक्तिः सर्वालङ्कारसामान्यम् । ”

Locana, p. 208.¹

This Adbhuta or element of surprise characterises the climax-condition of all the Rasas. Adbhuta thus permeates a composition, its Alamkāra, Vastu and Rasa.

The regular theory of a synthesis of Rasas in Adbhuta was however made by an ancestor of the author of the Sāhityadarpaṇa. He was known as Nārāyaṇa. In Ch. 3 of his S. D., Viśvanātha gives this Adbhuta-synthesis in his Vṛtti on verse three, in the name of his ancestor, Nārāyaṇa, and herein quotes a verse and a half to that effect from the writing of one Dharmadatta. This Dharmadatta is cited as reviewing Bhoja's Śṛṅgāra-theory in the Rasasudhānidhī of Sonṭhi Māra Bhaṭṭāraka, available in a manuscript in the Madras Govt. Oriental MSS. Library (R. 3210). P. V. Kane says in his Introduction to the S. D. (p. cxxi) that this Dharmadatta was a contemporary of a subsequent Nārāyaṇa who was Viśvanātha's grandfather and was defeated by this Nārāyaṇa in a debate in the Kalinga court. This Dharmadatta wrote an Alamkāra treatise in which he stated the theory of

¹ Under Adbhuta Rasa, Bhānudatta says in his Rasatarāṅgī---

‘अत्युक्तिं अमोक्तिं चित्रोक्तिं विरोधाभासप्रभृतयोऽद्भुता एव ।’

Under Citrokṭi mentioned here, he brings all expressions turning on Lakṣaṇā. ‘लक्षणात्मकं चित्रोक्तिरेव ।’

Adbhuta-synthesis first propounded by the older Nārāyaṇa. The text of this synthesis in the S. D. runs as follows:

चमत्कारश्चित्तविस्ताररूपः विस्मयापरपर्यायः । तत्प्राणत्वं च अस्म-
त्पितामहसहृदयगोष्ठीगरिष्ठकविपण्डितमुख्यश्रीमन्नारायणपादैरुक्तम् । तदाह
धर्मदत्तः स्वग्रन्थे—

‘रसे सारश्चमत्कारः सर्वत्राप्यनुभूयते ।

तच्चमत्कारसारत्वे सर्वत्राप्यद्भुतो रसः ॥

तस्मादद्भुतमेवाह कृती नारायणो रसम् ।’ इति । S. D., III.

It is accepted that Camatkāra is Rasāsvāda. This Camatkāra is a ‘fillip’ of the mind which is in essence a wonder. The ‘Lokottaratva’ of all Rasāsvāda, accepted on all hands, again points to Adbhuta. Bhānudatta accepts that in S’ṅgāra and other cases there is an element of Adbhuta as Aṅga; where it is Aṅgin, the Rasa becomes Adbhuta proper.

शृङ्गारादौ चमत्कारदर्शनाद्यत्र मनोविकृ(स्तृ?)तिरङ्गतया भासते तत्र
शृङ्गारादय एव रसाः । प्राधान्येन यत्र भासते तत्राद्भुत एव रसः ।

Rasatarāṅgiṇī, Ch. I.

Prabhākara, author of the Rasapradīpa (p. 40, edn. Princess of Wales Sarasvatī Bhavan Texts), refutes this Adbhuta-synthesis:

“—इति नारायणेन अद्भुत एव रस इत्यभिहितम् । धर्मदत्ता-
दिभिश्च तदेवानुसृतम् । तन्न साधु । वैलक्षण्यस्य अनुभवसिद्धत्वात् ।
प्रकृतिभेदाच्च । नापि व्यभिचारिषु स्थायिन इव रत्यादिषु विस्मयानुगमः ।
शोकादिषु तथाननुगमात् ।” etc.

Prabhākara goes at length and says in the end that he has refuted this theory of 'Adbhuta in all Rasas' in his earlier *Alaṅkāra* work, the *Alaṅkārarahasya*, also, which is not available to us now.

On the practical side, Śaktibhadra's *Āścaryacūḍāmaṇi* illustrates the dominating Rasa of Adbhuta, and this has been explained in detail by Professor Mm. S. Kuppuswami Sastri in his Introduction (pp. 12-15) to the *Bālaṃanoramā* edn. of this play. The now lost *Kṛtyārāvaṇa* also seems to be a play which specialised in Adbhuta. Towards the end of the 17th century, young Mahādeva wrote his *Adbhutadarpaṇa*, where his Rāma is made to say :

यत्सत्यमभितः स्तब्धैः इन्द्रियैरिन्द्रजालवत् ।

अद्भुतैकरसावृत्तिः अन्तर्मीलयतीव माम् ॥

Kāvyamālā. 55. IV, 8.

RASA ONLY ONE

It may be granted that an element of wonder enters many Rasas, but it is absent at least in *Karuṇa* as Prabhākara effectively points out. Though *Rasāsvāda* is *Cittasāñvāda* and is called *Camatkāra*, the *Cittasāñvāda* is not, in all cases, of the form of an 'enlargement', *Vistāra*. There is *Vikṣobha* as in *Bībhatsa*, and there is *Druti* as in *Śṛṅgāra* and *Karuṇa*. This *Druti* of *Śṛṅgāra* and *Karuṇa* is totally absent in *Raudra*, *Bībhatsa*, *Bhayānaka* and *Adbhuta*, and in this way the *Karuṇa*-synthesis is defective. Abhinava's *S'ānta* and Bhoja's *Ahaṅkara-Śṛṅgāra*, going to the very substratum of the emotions may be conceded some validity; so also the synthesis in *Preman*, *Vīra* meaning *Preman* for *Utsāha*, and so on.

But though it might be difficult to prove and accept that all the Rasas are but forms of some one of them, it has been recognised by all writers that Rasa as such, the ineffable bliss, is one. Rasa is Rasa. It has no other name. It is one. It is like the Brahman or the Sphoṭa. The names S'ṛṅgāra, Vīra etc. and the consequent plurality and difference are ultimately unreal; or they are at best *like* parts of a whole. Hence it is that Bharata also, says Abhinava, uses the singular—

न हि रसाद् ऋते कश्चिदर्थः प्रवर्तते ।

N. S., V. pp. 273-4.

“ -- तत एव निर्विघ्नस्वसंवेदनात्मकविश्रान्तिलक्षणेन रसना-
परपर्यायेण व्यापारेण गृह्यमाणत्वाद् रसशब्देनाभिधीयते । तेन रस एव
नाट्यम्, यस्य व्युत्पत्तिः फलमित्युच्यते । तथा च ‘रसादृते’ (६-३३)
इत्यत्र एकवचनोपपत्तिः । ततश्च मुख्यभूतान्महारसात् स्फोटदृशीव
असत्यानि वा, अन्विताभिधानदृशीव उभयात्मकानि सत्यानि वा, अभिहि-
तान्वयदृशीव तत्समुदायिरूपाणि वा, रसान्तराणि भागाभिनिवेशदृष्टानि
रूप्यन्ते (?) । ”

GOS. Edn., Abhi. Bhā., I, p. 269.

Again, commenting on the Sūtra न हि रसादृते etc., Abhi-
nava says that though names are given to it differently accord-
ing to its evoking conditions, Rasa is fundamentally one,
and hence it is that Bharata refers to it in the singular number,

पूर्वत्र बहुवचनमत्र चैकवचनं प्रयुज्जानस्यायमाशयः । एक एव
तावत्परमार्थतो रसः सूत्रस्थानत्वेन रूपके प्रतिभाति । तस्यैव पुनर्भागदृशा
विभागः ।

Abhi. Bhā., I, p. 273.

Abhinava says that therefore Rasa and Nāṭya mean the same thing.¹ In experience also we find that our relish is one undefined state of the form of a repose of the mind, *Viśrānti*. Bhaṭṭa Narasimha, a later commentator on Bhoja's S. K. Ā., in his exposition of Bhoja's Rasa theory, points out that Rasa as relish, *Svāda*, is one.

“अष्टावेव स्थायिन इति कुतः ? तावतामेव स्वादात्मकत्वादिति चेत्, किमेतेष्वनुस्यूत एकः स्वादात्मा ? तर्ह्यनक्षरमिदमुक्तम्—एतेषां कूटस्थ एक एव स्वादात्मा ; एते च तद्विशेषा इति—”

“अत्रे (अतः) सर्वेषां कूटस्था(स्थ) एक एव स्वादात्मा ।”

Mad. MS., R. 2499, p. 150.

Kavikarṇapūra Gosvāmin states the point more elaborately and clearly. He considers a certain blissful state of the mind, which is a quality (*Guṇa*) of the mind established in the *Sattvagūṇa* and completely devoid of any touch of either *Rajas* or *Tamas*, as the one eternal *Sthāyin* and the one eternal *Rasa*. This *Sthāyin* called *Ānanda* or ‘*Āsvādāṅkura-kāṇḍa*’ is separately and diversely named according to the different causal conditions, the *Vibhāvas*. The difference between this writer and Abhinava and others is that he expressly postulates a *Sthāyin* also for this one *Rasa* which they do not in so many words, though their position implies this one *Sthāyin* also.

“आस्वादाङ्कुरकन्दोऽस्ति धर्मः कश्चन चेतसः ।

रजस्तमोभ्यां हीनस्य शुद्धसत्त्वतया सतः ॥

¹ Cf. his *Locana*, p. 149. *प्रीत्यात्मा च रसः, तदेव नाख्यम्*, etc. Cf. also Abhinava's borrower S'āringadeva : *नाख्यशब्दो रसे मुख्यः* । VII, 17. *Saṁ. Ratnākara*.

स स्थायी कथ्यते विज्ञैः—विभावस्य पृथक्तया ।

पृथग्विधत्वं यात्येष सामाजिकतया सताम् ॥ ” S'l. 63.

सामाजिकतया सतां सामाजिकानाम् एक एव कश्चिदास्वादाङ्कुर-
कन्दो मनसः कोऽपि धर्मविशेषः स्थायी । स तु विभावस्य उक्तप्रकारद्वि-
विधस्य भेदैरेव भिद्यते । Alam. Kau. V. Chap.

Commentary : “ एक एवेति—ननु स्थायिभावरूपधर्मस्य
एकत्वे कथमेकस्य स्थायिनः वीररसे उत्साहत्वम्, करुणरसे शोकत्वम्,
अद्भुतरसे विस्मयत्वं भवति, परस्परविरुद्धानामेतेषाम् उत्साहत्वादीनाम्
एकस्मिन् स्थायिरूपधर्मे वृत्तित्वाभावादित्याह—स त्विति । स एकोऽपि
धर्मः उक्तप्रकारद्विविधस्य विभावस्य भेदैरेव भिन्नो भवति इत्यर्थः ।
यथैक एव स्फटिकः जपाकुसुमादिनानापदार्थानां सङ्गात् कदाचिद्रक्तः,
कदाचित् पीतः कदाचिच्छ्यामः, इत्यादिविविधाकारो भवति, तथा एक
एव स्थायिरूपो धर्मः वीररसादिपोषकानां नानाविधविभावानां सङ्गात्
कदाचिदुत्साहरूपः, कदाचिद्विस्मयरूपः, कदाचित् शोकरूपः इत्यादि-
विविधाकारो भवतीति भावः । ”

In the same chapter, Kavikarṇapūra Gosvāmin again
states this in clearer language :

बहिरन्तःकरणयोर्व्यापारान्तररोधकम् ।

स्वकारणादिसंश्लेषि चमत्कारि सुखं रसः ॥

अयं तु उत्तमप्रकृतीनाम् अनुकार्याणाम् स्वतस्सिद्ध एव । काव्यादौ
